## **BACKGROUND INFORMATION:**

- On January 26, 2011, City Council approved Planned Development No. 842. The PD creates its own use definition known as “late hours establishment.”
- Late hours establishment is defined by the PD as “a retail and personal service use that operates between 12 a.m. (midnight) and 6 a.m.” This is not a use in the broader code. The use requires a specific use permit within the district.
- The area of request includes the suite address 1806 Greenville Avenue #120.
- The 28,793 square foot area of request is developed with an 11,875 square foot retail strip built in 1930 and a 7,728 square foot storage area built in 1962. The applicant proposes to limit this late hours SUP to one of the suites with a site plan and conditions.
- Voodoo Doughnuts, a restaurant without drive-in or drive-through service, received a Certificate of Occupancy on November 14, 2023 for the 3,111 square foot space. The restaurant may operate by right in the district and only needs the SUP for operations past 12 a.m.
- The applicant requests conditions that would allow them to extend operational hours from 12 a.m. to 2 a.m., Monday through Sunday.

[Authorized hearing]

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request aligns with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES**

**Policy 1.1.5** Strengthen existing neighborhoods and promote neighborhoods' unique characteristics.

**ECONOMIC ELEMENT**

**GOAL 2.1 FOSTER A CITY OF GREAT NEIGHBORHOODS.**

**Policy 2.5.1** Promote strong and distinctive neighborhoods to enhance Dallas' quality of life.

**URBAN DESIGN**

**GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY, AND WALKABILITY**

**Policy 5.1.1** Promote pedestrian friendly streetscapes.

**Policy 5.1.2** Define urban character in downtown and urban cores.

**GOAL 5.2 STRENGTHEN COMMUNITY AND NEIGHBORHOOD IDENTITY.**

**Policy 5.2.1** Maintain neighborhood scale and character.

**Policy 5.2.2** Promote the character of the city's significant districts, linkages, and areas.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	PD No. 842 MD-1 Modified Delta Overlay	Restaurants without drive-in or drive-through service, personal service use
<b>North</b>	PD No. 842, MF-2(A) Multifamily District, all with MD-1 Modified Delta Overlay	Personal service uses, single family (attached)
<b>East</b>	MF-2(A) Multifamily District MD-1 Modified Delta Overlay	Single family (attached)
<b>South</b>	PD No. 842 MD-1 Modified Delta Overlay	Restaurants without drive-in or drive-through service
<b>West</b>	PD No. 691 MD-1 Modified Delta Overlay	Vertical mixed use (Retail / Multifamily)

**Land Use Compatibility:**

The approximate 28,793 square foot site is zoned Planned Development No. 842 with an MD-1 Modified Delta Overlay District No. 1, the Greenville Avenue Modified Delta Overlay District. The existing structure on the block has six suites that hold multiple restaurants without drive-in or drive-through service and a personal service use.

There are subdivisions with single family (attached) uses to the north across La Vista Drive and to the east across Hope Street. There is also a personal service use to the north, fronting Greenville. To the west across Greenville, there is a mixed use complex with retail uses and multifamily. Across Lewis Street to the south, there is a restaurant without drive-in or drive-through service.

The existing restaurant operates within a 3,111 square foot suite with no outdoor area. The building fronting Greenville has existed since roughly 1930.

PD No. 842 defines a late hours establishment as a retail and personal service use that operates between 12 a.m. (midnight) and 6 a.m. The applicant is seeking to extend the hours of operation for the restaurant use to 2 a.m., Monday through Sunday.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect

on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city. Staff finds that each of these criteria are met by the proposed SUP.

Staff supports the request subject to a site plan and conditions. Under the conditions proposed with limited hours of operation, limited floor area, prohibition of outdoor speakers, and the site plan provided, the operation of the use during extended hours is compatible with the surrounding area.

Overall, the SUP autorenewal process requires public notification and potential opportunity to address operational concerns. If the operation authorized under the SUP fails to meet the provisions of maintaining an SUP as described above, the public hearing process can assist with identifying those issues. [Sec. 51A-4.219\(c\)](#) provides means for stakeholders and the Commission to take further action to amend or terminate the SUP each time the autorenewal comes up for consideration.

Other similar SUPs currently include eligibility for automatic renewal within the immediate area. For example, SUP No. 1879 for a late hours establishment for a bar, lounge, or tavern is eligible for automatic renewals for two year periods.

#### **Landscaping:**

No new development is proposed. Therefore, no additional landscaping is required. Any additions to the property that exceed 35 percent of the existing floor area or 2,000 square feet of new non-permeable pavement will require landscaping per Article X of the Dallas Development Code.

#### **Parking:**

Parking is required to be provided in accordance with Chapter 51A, as amended.

The subject block has four restaurants without drive through, which each have a requirement of one space per 100 square feet of floor area. The total restaurant square footage is 12,248, so 122 spaces are required. The existing personal service use on site

is 2,500 square feet, and with a requirement of one space per 200 square feet of floor area, 13 spaces are required for that use. As such, the uses on the subject block require 135 spaces in total. To receive certificates of occupancy, uses on the property must provide required parking and establish recorded parking agreements with existing properties nearby. The site plan describes 156 spaces provided to this block through remote agreement, including the 17 spaces on the subject site. The informational parking plan exhibit depicts these agreement lots throughout the surrounding area. As such, the block and the use meet the minimum parking required by 51A.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an “E” MVA area.
