REQUEST: An application to replat a 0.459-acre tract of land containing all of Lot 10 in City Block 5835 to create two 0.230-acre (10,003 square foot) lots on property located on Wadsworth Drive, south of Great Trinity Forest Way.

SUBDIVISION HISTORY: There has been no recent platting activity within close proximity to this request.

PROPERTY OWNER NOTIFICATION: On February 20, 2024, 8 notices were sent to property owners within 200 feet of the proposed plat boundary.

STAFF RECOMMENDATION: Section 51A-8.503 states that “lots must conform in width, depth and area to the pattern already established in the adjacent areas, having due regard to the character of the area, its particular suitability for development, and taking into consideration the natural topography of the ground, drainage, wastewater facilities, and the proposed layout of the streets.”

- The properties to the east line of Wadsworth Drive have lot widths ranging in size from 106 feet to 108 feet and lot areas ranging in size from 18,350 square feet to 20,395 square feet and are zoned R-7.5(A). *(Please refer to the existing area analysis)*
- The properties to the west line of Wadsworth Drive have one lot with width of 126 feet and area of 20,308 square feet, and one lot with width of 432 feet and area of 80,410 square feet which is used as an institutional use. It is a policy of the city that institutional uses generally require greater land area than traditional residential or non-residential lots and generally serve and are compatible with the neighborhood and are zoned R-7.5(A). *(Please refer to the existing area analysis)*

The request lies in an R-7.5(A) Single Family District which has a minimum lot area requirement of 7,500 square feet. The request is to create two 10,003 square foot lots with lot widths of 54.05 feet each.
