

2024 City of Dallas Charter Review Commission

Proposed Amendment #70

Submitted by: Minister Dominique Alexander	Location: Chapter XVII, Sec. 1	Category: Policy
CHAPTER XVII, SEC. 1. PARK AND RECREATION DEPARTMENT. Have the Park & Recreation Department be administered by the Park & Recreation Director under the supervision of the city manager and oversight authority to the Park & Recreation Board.		
Rationale: The current way only continues a inequitable Dallas that serves wealthy area and fails to address impoverish area's of Dallas, the city of Dallas has a racial equity plan that the park board doesn't even recognized, lastly it this only keeps the city parks & recreation department open for private agenda's for gentrification plan to displace minority communities.
