Proposed Amendment #32

Submitted by: P. Michael Jung	Location: Chapter III, Sec. 4	Category: Policy
CHAPTER III, SEC. 4. COMPENSATION OF THE MEMBERS OF THE CITY COUNCIL. Tie compensation of the City Council to the median household income of the Dallas/Fort Worth/Arlington metropolitan area as determined from time to time, and to tie compensation of the Mayor to 135% of that amount.		
Rationale: Fixed salaries are eroded by inflation Periodic adjustment requires multiple charter elections Fixed salaries have no objective benchmark Are Council/Mayor currently undercompensated?
