## STAFF ANALYSIS

### Comprehensive Plan

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The applicant's request is consistent with the following goals and policies of the comprehensive plan.

## URBAN DESIGN ELEMENT

### GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY AND WALKABILITY

**Policy 5.1.3** Encourage complementary building height, scale, design, and character.

**Surrounding Land Uses**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	R-7.5(A)	Undeveloped
<b>Northeast</b>	MF-1(A), PD No. 440	Public school, Multifamily
<b>Southeast</b>	MF-2(A)	Multifamily
<b>Southwest</b>	R-7.5(A), SUP No. 224	Public park, golf course
<b>Northwest</b>	CD No. 6, CR, R-7.5(A) with SUP No. 61 and SUP No. 2186	Single Family, Commercial, Masonic Lodge and Private school

**Land Use Compatibility**

The request site is zoned an R-7.5(A) Single Family District and is currently undeveloped. A portion of the property lies within a floodplain. The subject site has multifamily uses to the northeast and to the southeast. A public school is also north of the site. A public park and golf course are located south of the subject site. Single family, commercial and private school uses are west of the subject site. A masonic lodge is also west of the area of request.

Staff is in support of the applicant’s request because the proposed development is an accessory use to the existing multifamily apartments. The applicant will need to plat the site, but since it is being used as a clubhouse, the applicant is not required to add additional parking to the site.

**Development Standards**

<b>District</b>	<b>Setbacks</b>			<b>Height (max)</b>	<b>Lot Coverage (max)</b>	<b>Lot size (min)</b>	<b>Primary Uses</b>

**Parking**

Pursuant to the Dallas Development Code, off-street parking must be provided in accordance with Division 51A-4.200. Staff does not believe the development will negatively impact the surrounding roadway system. Additional parking will not be required since the leasing office and clubhouse will be used by the residents of the nearby apartment complex.

**Landscaping**

Landscaping must be provided in accordance with the landscaping requirements in Article X, as amended.

**Market Value Analysis**

Market Value Analysis (MVA) a tool to aid residents and policymakers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The subject site is mostly uncategorized, with a sliver of the site within a “C” MVA cluster. Properties to the northwest, northeast, east and southeast are also within a “C” MVA cluster. Properties to the north, southwest and further southwest are located within a “B” MVA cluster.
