Mission Statement

The mission of the Cedars TIF District is to attract new residential and commercial development, facilitate growth and increase its tax base, capitalizing on the District's proximity to Downtown Dallas and major transportation arteries.

The Dallas City Council established the Cedars TIF District and the Board of Directors by Ordinance No. 21492, on December 9, 1992, as amended. The TIF District took effect on January 1, 1993 and is scheduled to terminate on December 31, 2022 (including collection of the 2022 increment in calendar year 2023 and any related matters to be concluded in 2023).

The District's participating taxing jurisdictions are the City of Dallas, Dallas County, Dallas County Hospital District (DCHD) and Dallas Independent School District (DISD). The annual participation rates for the taxing jurisdictions are as follows:

- The City's annual participation rate was 100% in 1993 through 2012. Its participation rate decreased to 90% in 2013 and thereafter.
- Dallas County's participation rate was 65% in 1993 through 2012. The County's annual participation rate increased to 75% in 2013 and thereafter.
- Dallas County Hospital District's (DCHD) participation rate was 65% in 1993 through 2012.
- Dallas Independent School District's (DISD) participation rate was 50% in 1993 through 2012.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. In 1992, when the Cedars TIF District was originally created, the City’s TIF Policy did not require Mixed-Income Housing as part of residential development. In 2005, the TIF Policy was amended to require a percentage of units in TIF-supported residential projects to be set aside as affordable. When the term of the District was extended in 2011, mixed-income housing became a requirement. Since 2011, twenty percent (20%) of all housing units in projects using direct, site-specific TIF funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In the Cedars TIF District, a total of 317 units were constructed with the support of TIF funding and, of these units, 164 (52%) are currently set-aside as affordable.

Value and Increment Revenue Summary

The Cedars TIF District 1992 assessed taxable value was \$35,300,760. The District’s 2020 taxable value is \$310,217,128, as determined by the Dallas Central Appraisal District. This represents an increase of \$274,916,368 (820.3%) over the 1992 base year value.

The District’s value increased by \$61,658,077 (24.8%) from the previous year’s value (\$248,559,051). This increase in District value will result in the collection of approximately \$2,426,618 (City - \$1,902,758; County - \$505,859) in incremental revenue for the District in 2021.

Objectives, Programs and Success Indicators

The Project Plan and Reinvestment Zone Financing Plan was approved on April 9, 1997. The Plan has been amended three times, most recently on June 22, 2011. The defined development goals are summarized below:

- Improve the infrastructure within and adjacent to the District to promote new investment.

Projects that have contributed to the fulfillment of this goal are as follows:

- *On September 25, 2013, City Council approved up to \$441,225 in TIF funding for the Belleview Browder District-wide Improvements project. The project, which was completed during the 2012-2013 fiscal year, included the construction of several needed public improvements (franchise utility relocation, street lighting, street improvements, streetscape improvements and water-wastewater/drainage improvements) that were not included in the 1400 Belleview project's original scope of work. These improvements replaced sub-standard public infrastructure and provided much of the needed infrastructure to allow the redevelopment of approximately 6.05 acres of property that is adjacent to the project.*
- *On June 27, 2012, City Council approved up to \$207,830 in additional TIF funding to match up to \$207,830 in additional funding from Matthews Southwest for cost overruns related to the Southside Pedestrian Improvement project. City Council had previously approved \$66,521 in TIF funding for the project on May 23, 2007. This leveraged approximately \$5,098,691 in private and federal funds for sidewalk and streetscape improvements on South Lamar Street and along Belleview Street from the Convention Center to the Cedars DART station. The project was completed during FY 2013.*
- *On June 22, 2011, City Council approved up to \$1,657,916 in TIF funding for the 1400 Belleview project which included infrastructure improvements along Belleview Street from Browder Street to Akard Street, Gould Street from Belleview Street to Sullivan Street, and Browder Street from Belleview Street to Sullivan Street. The project was completed in 2015.*
- *On April 11, 2007, City Council approved up to \$192,000 in TIF funding for the Millers Ferry Row Town Homes project which included streetscape improvements along South Ervay Street. The project was completed during 2007.*
- *On August 9, 2006, City Council approved up to \$1,500,000 in TIF funding for The Beat at South Side Station project which included street and streetscape improvements on Belleview Street, Lamar Street, and Powhattan Street. The project was completed during 2009.*

- *On September 14, 2005, City Council approved up to \$564,462 in TIF funding for the Buzz Condominiums project which included street and streetscape improvements on South Akard Street and West Griffin Street. The project was completed during 2007.*

- Add 700 residential units

To date, 772 residential units have been added to the District, exceeding the goal. An additional 239 residential units are either under construction or planned for the District.

- Add 400 hotel/motel rooms

To date, 237 hotel rooms have been added to the District (59% of the goal).

- Add 55,000 square feet of retail space

To date, approximately 68,677 square feet of retail/restaurant space has been added to the Cedars TIF District, exceeding the goal.

Recent projects that contributed to the fulfillment of this goal are listed below:

- *In August 2017, Sandwich Hag opened at 1902 Lamar Street, a Vietnamese kitchen specializing in BÁNH MÌ sandwiches, adding approximately 630 square feet of restaurant space within in the District.*
- *In September 2017, Four Corners Brewery relocated to the Cedars area, adding approximately 47,358 square feet of entertainment and restaurant space within the District.*
- *In 2018, 7Eleven on South Lamar Street added approximately 3,500 square feet of retail within the District.*

- Add 300,000 square feet of service center/flex office space

To date, approximately 416,986 square feet of service center/flex office space has been added to the District, far exceeding the goal.

Significant projects that contributed to the fulfillment of this goal are listed below:

- *Dallas Police Association Headquarters added 11,150 square feet of office space.*
- *Resource One Credit Union's expansion added 13,430 square feet of office space.*

City of Dallas, Texas
Cedars Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2020
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financial Plan provides for staffing and other administrative expenses by the City of Dallas not to exceed \$1,187,237 (in current \$) over the life of the Zone. The City began billing the Zone for administrative costs in FY 1999. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. The Zone has no advances outstanding as of September 30, 2020.
6. "Due to general fund" amount of \$84,171 at September 30, 2020 represents the TIF administration costs for the fiscal year 2018-2019 (\$45,935) and fiscal year 2019-2020 (\$38,236) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF funds. These administrative costs do not include billing to other City departments.
7. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B: Financial Obligations/Estimated Payoff

The Dallas Heritage Village project is the only outstanding developer obligation for the District. The obligation will be reimbursed with available TIF funds upon completion of the City’s post-construction audit and in accordance with the project’s development agreement.

Cedars TIF Obligations			
Developer	Project Name	TIF Award	Pay-Off Date
Dallas County Heritage Society, Inc	Restoration of Park Avenue House and Rall House at Dallas Heritage Village	\$650,000	2022

Appendix C: District-Wide Set-Aside Funds

The TIF Increment Allocation Policy adopted by the TIF Board for the Cedars TIF District currently provides for 10% of annual District increment, after administrative expenses, to be set-aside for District-Wide Improvements. To date, approximately \$1,204,734 has been collected and is available for expenditure.

Specific improvement projects are to be determined and the amount of this set-aside will be reviewed annually based on updated financial projections and District needs. The TIF Board shall also have the discretion to release all or part of District-Wide Set-Aside funds towards reimbursement of one or more TIF eligible projects.

The original intent was to use these cash reserves to leverage other funding (grants, bonds, private) to meet TIF objectives. Potential uses of the funds based on stakeholder and TIF Board input over the last several years include:

- Completion of Belleview Extension
- Heritage Village streetscape improvements
- Park and open space improvements
- Streetscape – sidewalk, pedestrian lighting, landscape/irrigation
