

FILE NUMBER: Z190-344(CT) **DATE FILED:** August 27, 2020

LOCATION: Southeast corner of Phinney Avenue and Kernack Street

COUNCIL DISTRICT: 1 **MAPSCO:** 53 J

SIZE OF REQUEST: ±7.59 acres **CENSUS TRACT:** 65.01

REPRESENTATIVE: Karl Crawley, Masterplan

APPLICANT/OWNER: Dallas Independent School District

REQUEST: An application for a Planned Development District for R-7.5(A) Single Family District uses and a public school other than open-enrollment charter school on property zoned an R-7.5(A) Single Family District.

SUMMARY: The purpose of the request is to allow for the expansion of an existing public school use on the subject site with the addition of a kitchen, cafeteria, secure entry vestibule, and entry canopy. [L. O. Donald Elementary School]

CPC RECOMMENDATION: **Approval**, subject to a development plan, a traffic management plan, and conditions.

STAFF RECOMMENDATION: **Approval**, subject to a development plan, a traffic management plan, and conditions.

BACKGROUND INFORMATION:

- The request site is developed with a 72,215 square feet elementary school.
- The applicant seeks to create a Planned Development District to allow the use by right. The instigator for the request is the addition of 11,332 square-foot to the school by adding kitchen, cafeteria, secure entry vestibule, and entry canopy.

Zoning History: There have been no recent zoning change requests in the vicinity within the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW
Phinney Avenue	Local	35 ft.
Kernack Street	Local	45 ft.

Traffic:

The applicant submitted a Traffic Management Plan with this request that includes recommended actions and strategies to manage vehicular traffic and parking, pedestrian activity and travel by all other modes during peak demand conditions for the elementary school use. The Engineering Division of the Sustainable Development and Construction Department reviewed the request and determined that the proposed request will not have a negative impact on the surrounding street system.

COMPREHENSIVE PLAN:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The proposed zoning request meets the following goals and objectives of the comprehensive plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

1.1.5.7 Ensure that neighborhoods are served by and accessible to neighborhood commercial areas, parks and open space, libraries, and schools.

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Surrounding Land Uses:

	Zoning	Land Use
Site	R-7.5(A)	Elementary School
North	TH-3(A)	Single Family
South	R-7.5(A)	Single Family
East	R-7.5(A)	Single Family
West	City of Cockrell Hill	Single Family

Land Use Compatibility

The request site is the location of an elementary school and developed with a one-story structure with a total floor area of 72,215 -square-feet. Surrounding land uses consist of single family to the north, south, east, and west.

The applicant's request is for a Planned Development District for a public school other than open-enrollment charter school to facilitate an 11,332-square-foot building addition. The addition will include a kitchen, cafeteria, secure entry vestibule, and entry canopy. The PD conditions set the floor area for the school at 83,550 square feet, maximum height at 35 feet, light poles with a maximum height of 30 feet, and a 25-foot setback with the allowance of steps, handrails, canopies, fences and light poles, and parking within the setback.

The PD has a base zoning of R-7.5(A), which would allow for residential uses. This protects the neighborhood in the event of a possible replat or change of use in the property.

Staff supports the planned development district because the school has operated within the community at this location for many years, the expansion supports the well-being and security of the students and provides a development plan for the property. Staff considers the requested planned development district to be compatible with the surrounding single-family neighborhood because compliance with the proposed PD conditions, a development plan, and a Traffic Management Plan requiring periodic updates will ensure the operation runs optimally in the future.

Development Standards

<u>DISTRICT</u>	SETBACKS		Density	Height	Lot Coverage	Primary Uses
	Front	Side/Rear				
Existing: R-7.5(A) Residential	25'	5' adjacent to residential OTHER: 10'	1 Dwelling Unit/ 7,500 Sq. ft	30' No Maximum Stories	45%	Residential
Proposed: PD	25'	25'	1 Dwelling Unit/ 7,500 Sq. ft	36'	45%	Public School

Parking:

The requirement for off-street parking for the school is derived from three criteria: 1) the number of classrooms, 2) the type of institution that serves the students (e.g., elementary, middle or high school), and 3) the parking requirement established by the PD. The requirements for off-street parking requires one and one-half spaces for each kindergarten/elementary school classroom. At this ratio, the school is required to provide 66 off-street spaces for the existing 44 classrooms. The applicant is proposing 71 parking spaces for the site, meeting the parking requirements.

Landscaping

Per the PD conditions, landscaping must be provided in accordance with Article X, as amended.

Market Value Analysis

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. While the area of request is not categorized as being within an MVA cluster, surrounding properties to the north, east, and south is located within an "G" Category.

PROPOSED PD CONDITIONS

ARTICLE XXX

SEC. 51P-xxx.101. LEGISLATIVE HISTORY.

PD XXX was established by Ordinance No. XXXX, passed by the Dallas City Council on XXXX

SEC. 51P-XXX.102. PROPERTY LOCATION AND SIZE.

PD XXX is established on property generally located on Phinney Avenue. The size of PD XXX is approximately 7.59 acres.

SEC. 51P-xxx.103. DEFINITIONS AND INTERPRETATIONS.

(a) Unless otherwise stated, the definitions and interpretations in Chapter 51A apply to this article.

(b) Unless otherwise stated, all references to articles, divisions, or sections in this article are to articles, divisions, or sections in Chapter 51A.

(c) This district is considered to be a residential zoning district. (Ord. 27296)

SEC. 51P-xxx.104. EXHIBITS.

The following exhibits are incorporated into this article:

- (1) Exhibit xxxA: development plan.
- (2) Exhibit xxxB: traffic management plan

SEC. 51P-xxx.105. DEVELOPMENT PLAN.

(a) For a public school other than an open enrollment charter school, development and use of the Property must comply with the development plan (Exhibits xxxA). If there is a conflict between the text of this article and the development plan, the text of this article controls.

(b) For all other uses, no development plan is required, and the provisions of Section 51A-4.702 regarding submission of or amendments to a development plan, site analysis plan, conceptual plan, and development schedule do not apply.

SEC. 51P-xxx.106. MAIN USES PERMITTED.

(a) Except as provided in this section, the only main uses permitted are those main uses permitted in the R-7.5(A) Single Family District, subject to the same conditions applicable in the R-7.5(A) Single Family District, as set out in Chapter 51A. For example, a use permitted in the R-7.5(A) Single Family District by specific use permit (SUP) only is permitted in this district only by SUP; a use subject to development impact review (DIR) in the R-7.5(A) Single Family District is subject to DIR in this district; etc.

(b) The following main use is permitted by right:

-- Public school other than an open-enrollment charter school.

SEC. 51P-xxx.107. ACCESSORY USES.

As a general rule, an accessory use is permitted in any district in which the main use is permitted. Some specific types of accessory uses, however, due to their unique nature, are subject to additional regulations contained in Section 51A-4.217. For more information regarding accessory uses, consult Section 51A-4.217.

SEC. 51P-xxx.108. YARD, LOT, AND SPACE REGULATIONS.

(Note: The yard, lot, and space regulations in this section must be read together with the yard, lot, and space regulations in Division 51A-4.400. If there is a conflict between this section and Division 51A4.400, this section controls.)

(a) Except as provided in this section, the yard, lot, and space regulations for the R-7.5(A) Single Family District apply.

(b) Setbacks.

(1) All setbacks for a public school other than an open-enrollment charter school is 25 feet.

(2) Steps, handrails, canopies, fences and light poles are allowed in the required setbacks.

(3) Parking for a public school other than an open-enrollment charter school is allowed in the required front yard setback.

(c) Floor area. Maximum floor area for a public school other than an open enrollment charter school use is 83,550 square feet.

(d) Height. Maximum height for a public school other than an open enrollment charter school is 35 feet. Light poles are allowed a maximum height of 30 feet.

SEC. 51P-xxx.109. OFF STREET PARKING AND LOADING.

(a) In general. Except as provided in this section, consult the use regulations in Division 51A-4.200 for the specific off-street parking and loading requirements for each use.

(b) Public school other than an open-enrollment charter school.

(1) Screening of parking lots or loading areas is not required.

(s) A minimum of one small off-street loading space is required.

SEC. 51P-xxx.110. ENVIRONMENTAL PERFORMANCE STANDARDS.

See Article VI.

SEC. 51P-xxx.111. LANDSCAPING.

(a) Landscaping must be provided in accordance with Article X.

(b) Plant materials must be maintained in a healthy, growing condition.

SEC. 51P-xxx.112. SIGNS.

Signs must comply with the provisions for non-business zoning districts in Article VII.

SEC. 51P-xxx.113. TRAFFIC MANAGEMENT PLAN.

(a) In general. Operation of a public school other than an open-enrollment charter school must comply with the traffic management plan (Exhibit xxxB).

(b) Queuing. Queuing is only permitted inside the Property. Student drop-off and pickup are not permitted within city rights-of-way.

(c) Traffic study.

(1) The Property owner or operator shall prepare a traffic study evaluating the sufficiency of the traffic management plan. The initial traffic study must be submitted to the director by November 1, 2022. After the initial traffic study, the Property owner or operator

shall submit updates of the traffic study to the director by November 1st of each even-numbered year.

(2) The traffic study must be in writing, performed by a licensed engineer, based on a minimum of four samples taken on different school days at different drop-off and pick-up times over a two-week period, and must contain an analysis of the following:

- (A) ingress and egress points;
- (B) queue lengths;
- (C) number and location of personnel assisting with loading and unloading of students;
- (D) drop-off and pick-up locations;
- (E) drop-off and pick-up hours for each grade level;
- (F) hours for each grade level; and
- (G) circulation.

(3) Within 30 days after submission of a traffic study, the director shall determine if the current traffic management plan is sufficient.

(A) If the director determines that the current traffic management plan is sufficient, the director shall notify the applicant in writing.

(B) If the director determines that the current traffic management plan results in traffic hazards or traffic congestion, the director shall require the Property owner to submit an amended traffic management plan. If the Property owner fails to submit an amended traffic management plan within 30 days, the director shall notify the city plan commission.

(d) Amendment process.

(1) A traffic management plan may be amended using the minor plan amendment fee and public hearing process in Section 51A-1.105(k)(3).

(2) The city plan commission shall authorize changes in a traffic management plan if the proposed amendments improve queuing or traffic circulation; eliminate traffic hazards; or decrease traffic congestion.

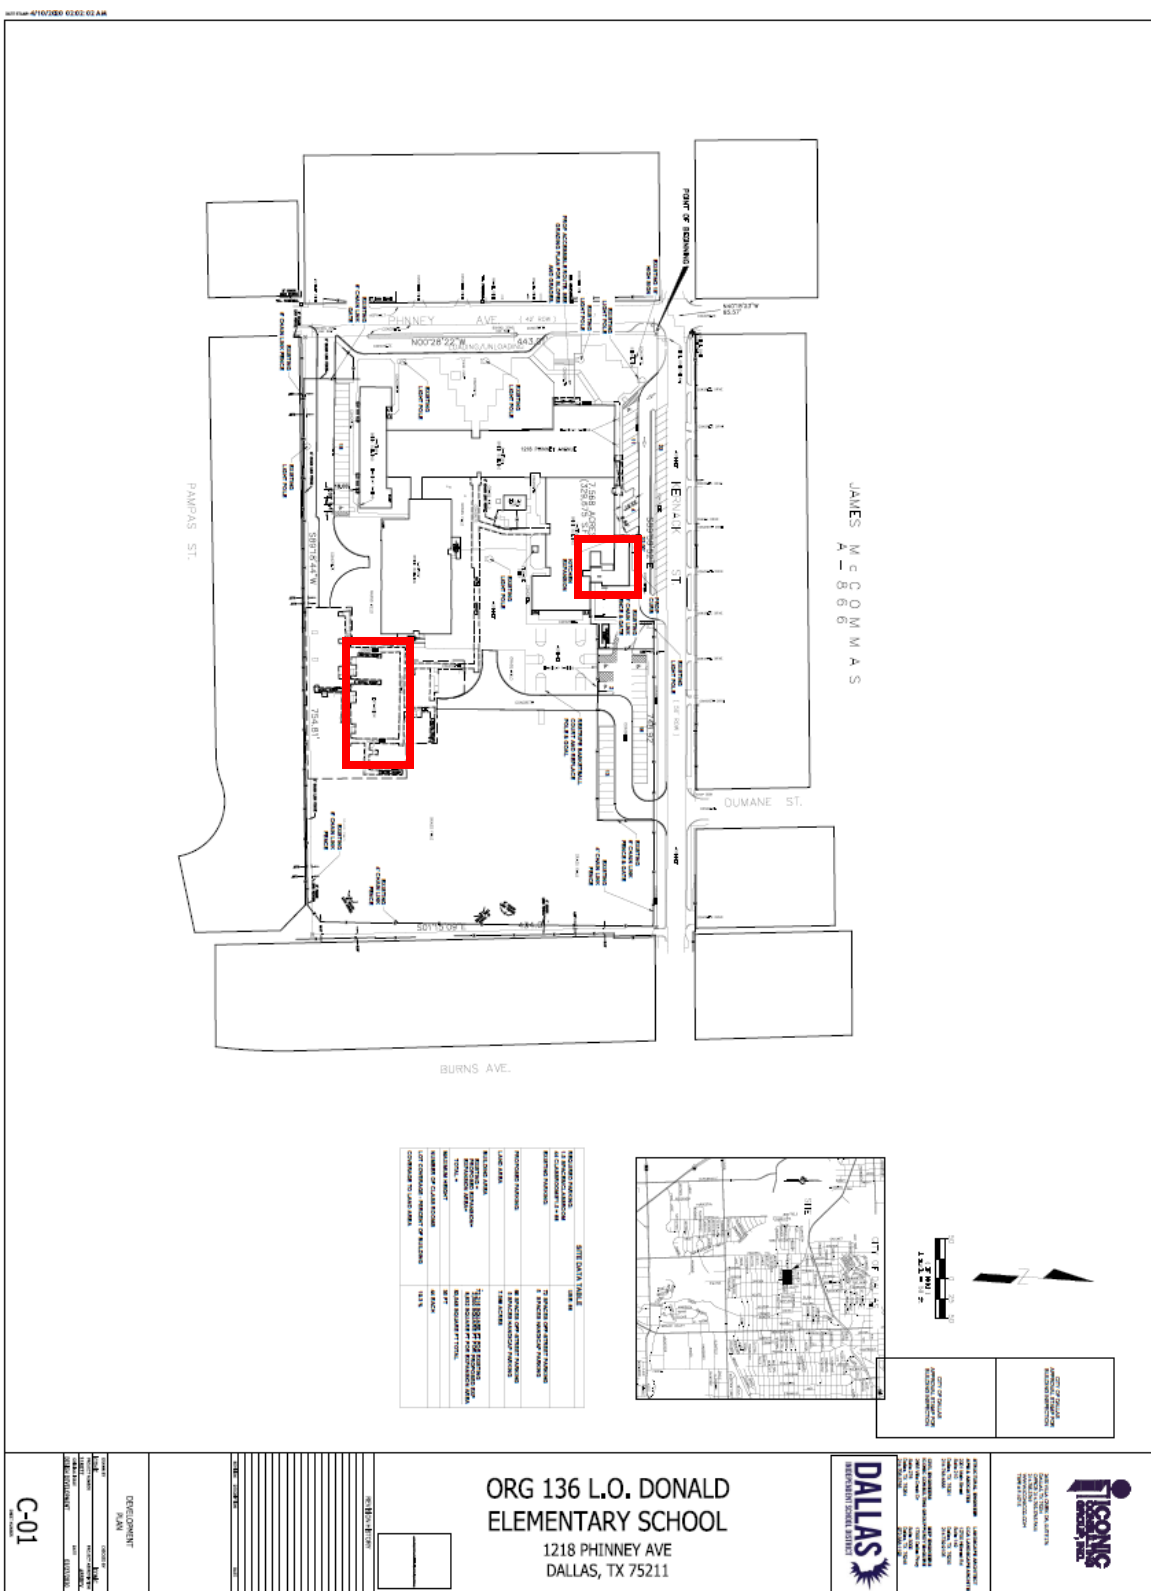

SEC. 51P-xxx.114. ADDITIONAL PROVISIONS.

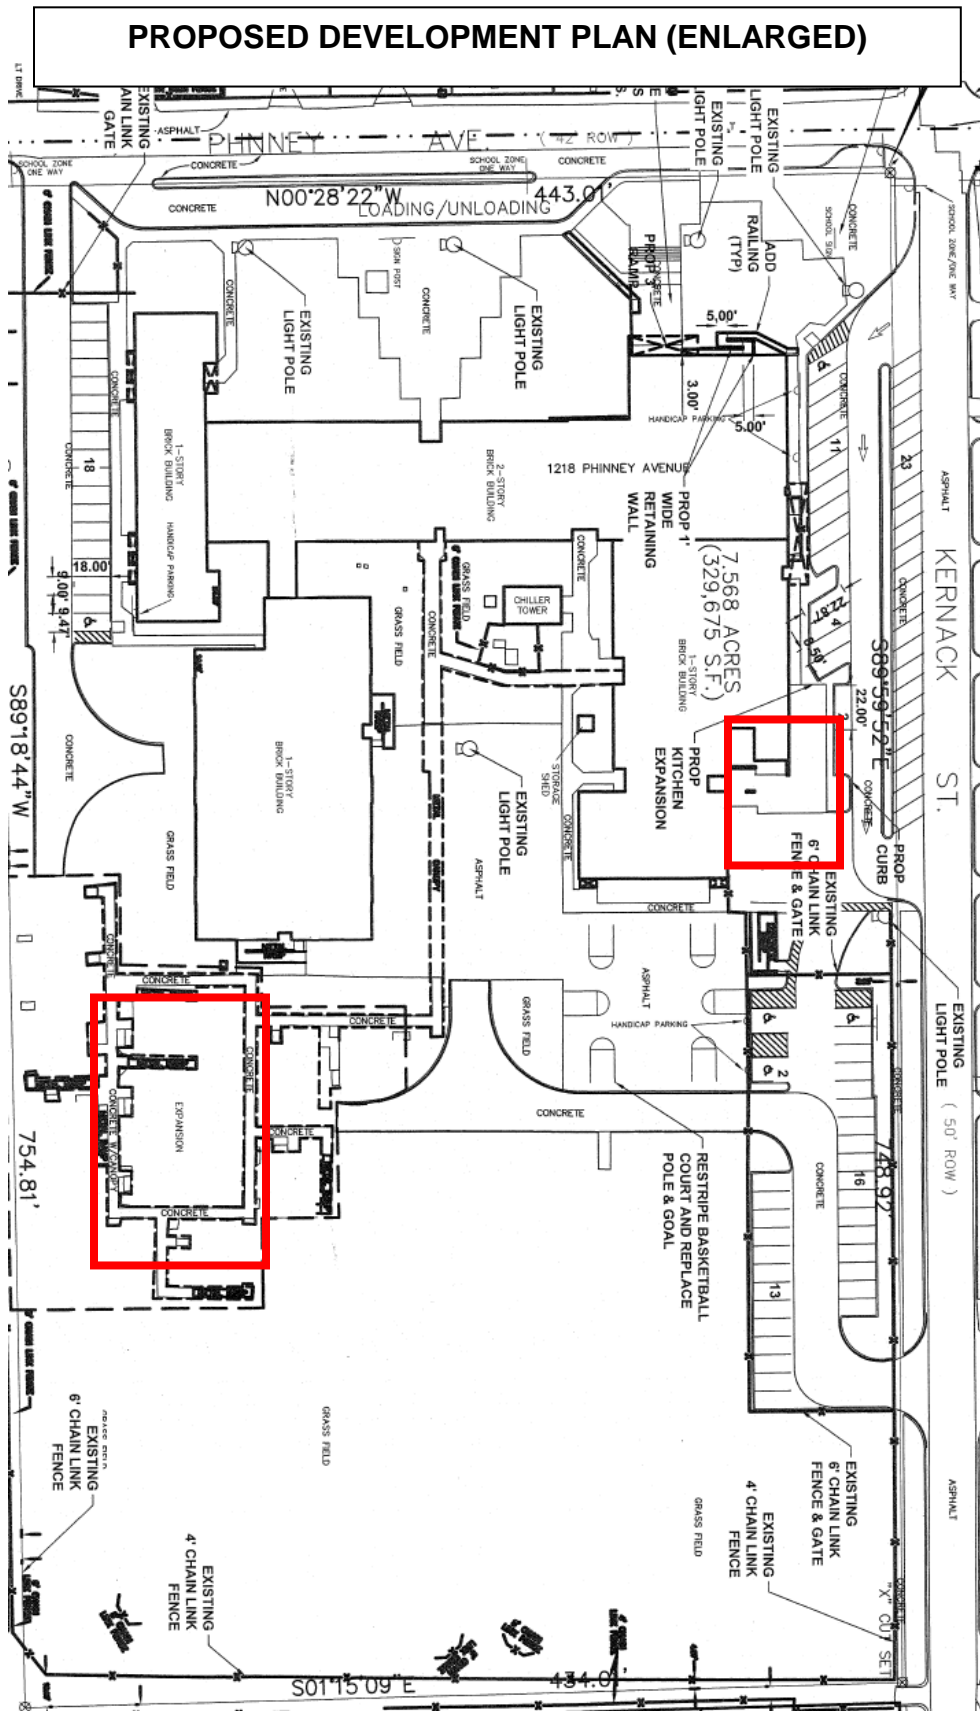

- (a) The Property must be properly maintained in a state of good repair and neat appearance.
- (b) Development and use of the Property must comply with all federal and state laws and regulations, and with all ordinances, rules, and regulations of the city.

SEC. 51P-xxx.115. COMPLIANCE WITH CONDITIONS.

- (a) All paved areas, permanent drives, streets, and drainage structures, if any, must be constructed in accordance with standard city specifications, and completed to the satisfaction of the director of public works and transportation.
- (b) The building official shall not issue a building permit to authorize work, or a certificate of occupancy for a use until there has been full compliance with this article, the Dallas Development Code, the construction codes, and all other ordinances, rules, and regulations of the city.

TRAFFIC MANAGEMENT PLAN

DISD L.O. DONALD ELEMENTARY SCHOOL
CITY OF DALLAS

Hunter W. Lemley

Introduction

The services of **Pacheco Koch** (PK) were retained by Masterplan Consultants, on behalf of the **Dallas Independent School District**, to prepare a Traffic Management Plan (TMP) for zoning approval in the City of Dallas for L.O. Donald Elementary School (the "School") located at 1218 Phinney Avenue in Dallas, Texas. This TMP is site-specific and relates to the peak traffic activity associated with school traffic at the site.

School Description

- Type: Public Elementary School
- District: Dallas Independent School District
- Address: 1218 Phinney Avenue
- Grades: Pre-k – 5th
- Start/End Times: 7:45 AM – 3:00 PM

NOTE: Dismissal consists of two separate release periods separated by approximately 15-20 minutes.

- Existing Zoning/Proposed Zoning: R-7.5(A)
- Existing Enrollment: 378

School Access

- Adjacent Streets:
 - Phinney Avenue: Two lanes, two-way operation [northbound one-way operational during school hours], no median. Sidewalk connectivity evident along frontage of school. [School Zone proposed]
 - Kernack Street: Two lanes, two-way operation [eastbound one-way operational during school hours], no median. Sidewalk

7557 Rambler Road, Suite 1400
Dallas, Texas 75231-2388

connectivity evident along frontage of school. [School Zone proposed]

- Adjacent Intersections:
 - Phinney Avenue and Kernack Street - Marked crosswalks on all approaches, barrier free ramps provided on the northeast and southeast corners.
 - Phinney Avenue and Pampas Street – Marked crosswalks on the north and east legs, barrier free ramps provided on the northwest and northeast corners.
 - Burns Avenue and Kernack Street – Marked crosswalks on the west and south legs, barrier free ramps provided on the northwest and southwest corners.

NOTE: It is generally recommended that all applicable crosswalks/barrier free ramps comply with current ADA accessibility requirements. All pavement markings, traffic signs, and school zones are recommended to meet current city standards.

- Projected Travel Modes:
 - Bus: 5%
 - Walk: 15%
 - Picked Up by Parent: 80%

*Enrollment and Travel Mode Data provided by DISD

TRAFFIC MANAGEMENT PLAN

On-site dismissal observations were conducted on Wednesday, November 18th, 2020. The dismissal observations that were conducted occurred during the COVID-19 pandemic, and therefore, protocols differed from normal conditions. This plan is directed to normal protocols.

Dismissal consists of two dismissal groups that practice the same dismissal protocols as mentioned below.

Traffic Management Operations

The school is surrounded by two local streets – Phinney Avenue [northbound one-way operational during school hours], and Kernack Street [eastbound one-way operational during school hours].

Parent traffic is to enter the area from the south traveling northbound on Phinney Avenue. Parent traffic is to enter the site via the southernmost

November 19, 2020

driveway and queue along the provided queuing area on-site along Phinney Avenue adjacent to the school building.

Traffic is to exit the queuing area continuing north after the vehicle has sufficiently unloaded/loaded the student(s) exiting/entering the vehicle. Traffic is then to exit the site towards Kernack Street.

Students shall exit the school building from the western side of the building to approach the designated queuing area for pick-up.

Staff assistance shall be present to allow students to enter and exit the school building in a safe and efficient manner.

Staff and visitor traffic is to enter the school site from the west traveling eastbound on Kernack Street and enter the site in the parking lot north of the building.

Special Education bus loading/unloading is accessed by Phinney Avenue and is located on-site within the parking lot south of the building.

A graphical summary of specific recommendations and operations of pick-up activities is provided below and depicted in **Exhibit 1**:

1. **Crossing Guard to Assist Students at Crosswalk** – Crossing guard to be provided to assist pedestrians to cross at the shown crosswalk location.
2. **Designate Roadway as a School Zone** – Designate subject roadway as a school zone. Specific location to be determined by City of Dallas and the School District.

November 19, 2020

Acknowledgement Statement

REVIEW AND COMMITMENT

This school traffic management plan (TMP) for DISD L.O. Donald Elementary School was developed with the intent of optimizing safety and efficiently accommodating vehicular traffic generated during the school's typical student drop-off and pick-up periods. This plan was developed with direct input from individuals familiar with the general characteristics of the traffic needs of the school. It is important to note that a concerted and ongoing effort by and the full participation of the school administration are essential to accomplish these goals.

By the endorsement provided below, the school administration hereby agrees to implement, adhere to, and support the strategies presented in this TMP for which the school is held responsible until or unless the City of Dallas deems those strategies are no longer necessary or that other measures are more appropriate.
