Mission Statement

The mission of the TOD TIF District is to provide a source of funding for public investments that will help create a series of unique destinations as well as foster the construction of structures or facilities that will be useful or beneficial to the development of transit stations along the DART light rail system in the central portion of the City. Redevelopment of the Lancaster Corridor and encouragement of transit-oriented mixed-use development (TODs) around DART stations are top City priorities. Linkage of areas proximate to the Lovers Lane/Mockingbird, Cedars West, and Lancaster Corridor transit stations via the DART Rail Lines facilitates higher density urban development in all areas and permits tax increment sharing to occur.

The TOD TIF District term began on January 1, 2009 and will terminate on December 31, 2038 (including collection of the 2038 increment in calendar year 2039 and any related matters to be concluded in 2039).

TOD TIF District Accomplishments

City Council established the TOD TIF District by Ordinance Number 27432 on December 10, 2008, as amended.

The TOD TIF District contains a series of DART light rail station areas connected by the rail line. Section 311 of the Texas Tax Code was amended in 2007 to allow the creation of a reinvestment zone for properties that have some connection to and will benefit a mass transit rail system. The original TIF District boundary included three sub-districts (and eight DART light rail stations) – Mockingbird/Lovers Lane, Cedars West, and the Lancaster Corridor within the TIF District defined by the relationship of areas geographically and/or to redevelopment goals.

City Council adopted the TOD TIF District Project Plan and Reinvestment Zone Financing Plan on April 14, 2010 by Ordinance 27854, as amended in April and November 2010 and May 2012.

In FY 2010, the TIF District Board and City Council approved a development agreement dedicating up to \$8,492,273 in future TIF District revenues in support of the Lancaster Urban Village Project. The Lancaster Urban Village Project was an important seed project for the Veterans Hospital “VA” DART Station area and was planned in conjunction with a related project to expand the Dallas Urban League offices and training facilities. Staff continued to work extensively with City Wide Community Development Corporation (Citywide CDC) and their partner Catalyst Urban Development, LLC on coordination for other funding programs to complete the financing package for the Project. In 2009, City Council approved an economic development forgivable loan agreement to assist with land assemblage and related costs for the Dallas Urban League expansion and adjacent mixed-use development. Amendments related to the Project were approved in 2011 and 2012.

In October 2010, the City was awarded a \$2.225 million U.S. Department of Housing and Urban Development (HUD) Community Challenge Planning Grant to be shared among three focus areas: 1) Lancaster Corridor/TOD TIF District (primarily Kiest and VA Station areas), 2) the DART Green Line Corridor including Hatcher Station-Spring Avenue JB Jackson, and Buckner Station areas, and 3) the Vickery Meadow / Five Points Area. In 2013, the area plan for the Lancaster Corridor was adopted as an amendment to the forwardDallas! Comprehensive Plan.

In 2011, \$400,000 in TIF District funding for the SMU Boulevard streetscape and trail extension project was approved as a local match for a North Central Texas Council of Governments (NCTCOG) Sustainable Development grant. Amendments to extend project deadlines were approved in 2012, 2013 and 2015. The project construction as part of the NCTCOG scope has been completed.

In 2012, the TIF District Board approved by-law amendments to reflect changes in state law for TIF District Board composition recognizing that only taxing jurisdictions that participate financially can have representation and a change in the TIF District-funded project design review process to have that function undertaken as part of the City Design Studio Peer Review Panel. The TIF District Board also approved a set of master design guidelines and mixed-income housing guidelines.

The Lancaster Urban Village Project was completed and began leasing in 2014. The Project has won numerous awards including National Association of Homebuilders Pillar of the Industry Award for The Best Affordable Apartment Community and a best in creative financing award from the National Development Council (NDC) in 2015.

In 2015, a development agreement for up to \$1,405,000 in TIF District funding and a Chapter 380 grant agreement for \$450,000 was approved in support of the Alamo Draffhouse Cinema Project in the Cedars West Sub-District. The Alamo Draffhouse Cinema Project was completed in 2016.

The City's Housing and Neighborhood Revitalization Department has been working with City Wide CDC on plans for a multi-phased Lancaster Kiest Village project with the first phase beginning with a new Rudy's Chicken restaurant. Serenity Place Apartments, a supportive housing development was completed in 2015, and an office building at 3155 S. Lancaster Road opened in 2017.

In May 2019, City Council approved up to \$750,000 in 2017 Proposition I Bond Funds to assist in the renovation of the former Urban League Building located at 4315 South Lancaster Road for new office and retail tenants. The building is now open as the "4315 Innovation Center" with Dallas College as a lead tenant providing workforce training programs.

During FY 2021-2022, the TIF District Board and City Council approved a development agreement dedicating up to \$29 million in future TOD TIF District funds in support of the Mockingbird Station East mixed-income and transit-oriented development project.

A development agreement in support of the Longhorn Ballroom Redevelopment Project was also approved during FY 2021-2022 that included both future TOD TIF District funding not to exceed \$2,100,000 and an economic development grant in the amount of \$2,050,000 (with \$250,000 payable from Equity Revitalization Capital Fund and \$1,800,000 payable from 2012 General Obligation Bond Fund).

On October 26, 2022, City Council selected a proposal from UCR Development Services LLC (“the Developer”) as the most advantageous proposal to construct a community retail development on 1.23 acres of City-owned land located at 3011-3039 South Lancaster Road. The property previously housed a city library, which has since been demolished, and is located within the TOD TIF District. Based on the Developer’s due diligence and pre-development processes, staff anticipates there will be a financial gap to deliver the project with the potential for the TOD TIF District to be a source for support. Staff coordinated extensively with the Developer during FY 2022-2023 and anticipates a development agreement being considered by the TOD TIF District Board and City Council in early FY 2023-2024.

Initial projects within the TIF District completed, under construction, or in the development stage are shown in the table below.

¹ All information updated as of September 30, 2023. ² Based upon either the TIF application or required minimum stated in the development agreement. May be updated for completed projects based on actual unit mix and square footage. ³ Based upon 1) market value of comparable projects for anticipated projects, 2) private investment stated in the development agreement for projects that are approved or under construction, or 3) DCAD market value for completed projects (unless project has not yet been assessed). Values may not be fully captured by the TIF District for redevelopment projects once pre-existing value and/or the demolition of structures is netted out. ⁴ Principal amount not to be exceeded per the development agreement. TBD indicates that development agreement has not yet been adopted. Asterisk indicates investment also includes interest not shown. ⁵ Selected significant projects included. ⁶ Tax-exempt property. Amount shown is approximate investment in improvements. ⁷ Includes other incentives not shown. Contact City of Dallas Office of Economic Development for more information. ⁸ Per the TIF program mixed-income housing requirement, the project is providing at least 20% of units as affordable.						

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF district funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In this TIF District, as part of TIF District funding, a total of 193 units have been built to-date, and 98 are currently set-aside as affordable (HUD funding associated with Lancaster Urban Village requires 51% affordable units).

A total of 1,866 residential units have been completed. The 1,449 units completed in the Mockingbird/Lovers Lane Sub-District are market rate and were built without TIF District

subsidy. Units built without TIF District subsidy in the Lancaster Corridor Sub-District may be affordable as part of other assistance programs.

Two planned projects in the TIF District will include mixed-income units as follows:

- Mockingbird Station East with 429 total units – 20% of the units (86 units) will be affordable to households at 80% Area Median Income (AMI) or below based on the TIF District requirements.

A rendering of the planned Mockingbird Station East Project

- Skyline at Cedar Crest at 2720 E. Kiest Boulevard plans to utilize 9% low-income housing tax credits (LIHTC) and was approved by City Council for \$3,750,000 in HOME Investment Partnership Program Funds. Upon completion of the 107 units planned, 80% of the units will be affordable (reserved for households between 30-60% AMI), and 20% of the units will be market rate. *Site plan rendering shown on the right.*

The FY 2021-2022 annual report included a listing for the Trove Valor at 4515 S. Lancaster Road, initiated from the City’s 1,000-Unit Affordable Housing Challenge Request for Proposals with incentives approved as part of a City-owned property sale to the Dallas Public Facility Corporation (DPFC) for a 332-unit mixed-income development. However, the project is not moving forward.

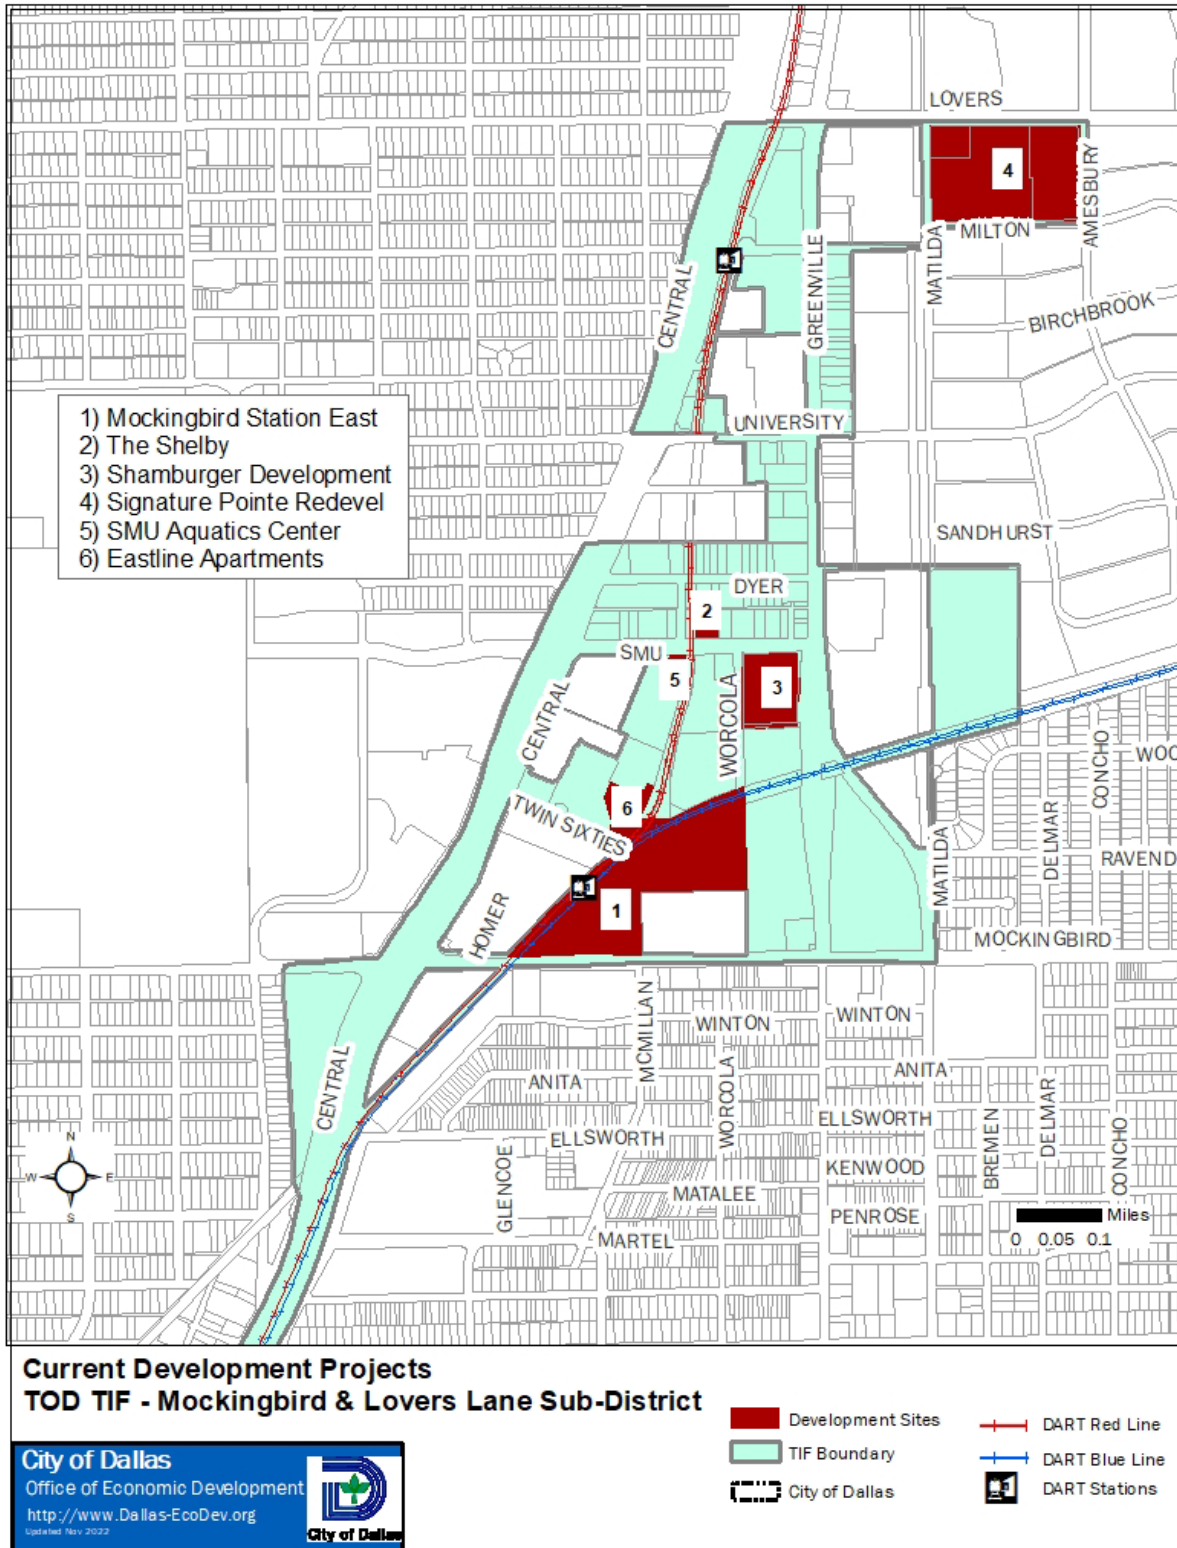

TIF District Initiatives

The City and community partners have been engaged in District-wide initiatives that have resulted in additional public infrastructure benefiting the TIF District. Two projects received funding commitments in 2006 from the North Central Texas Council of Government’s Sustainable Development Call for Projects. Project details are shown below.

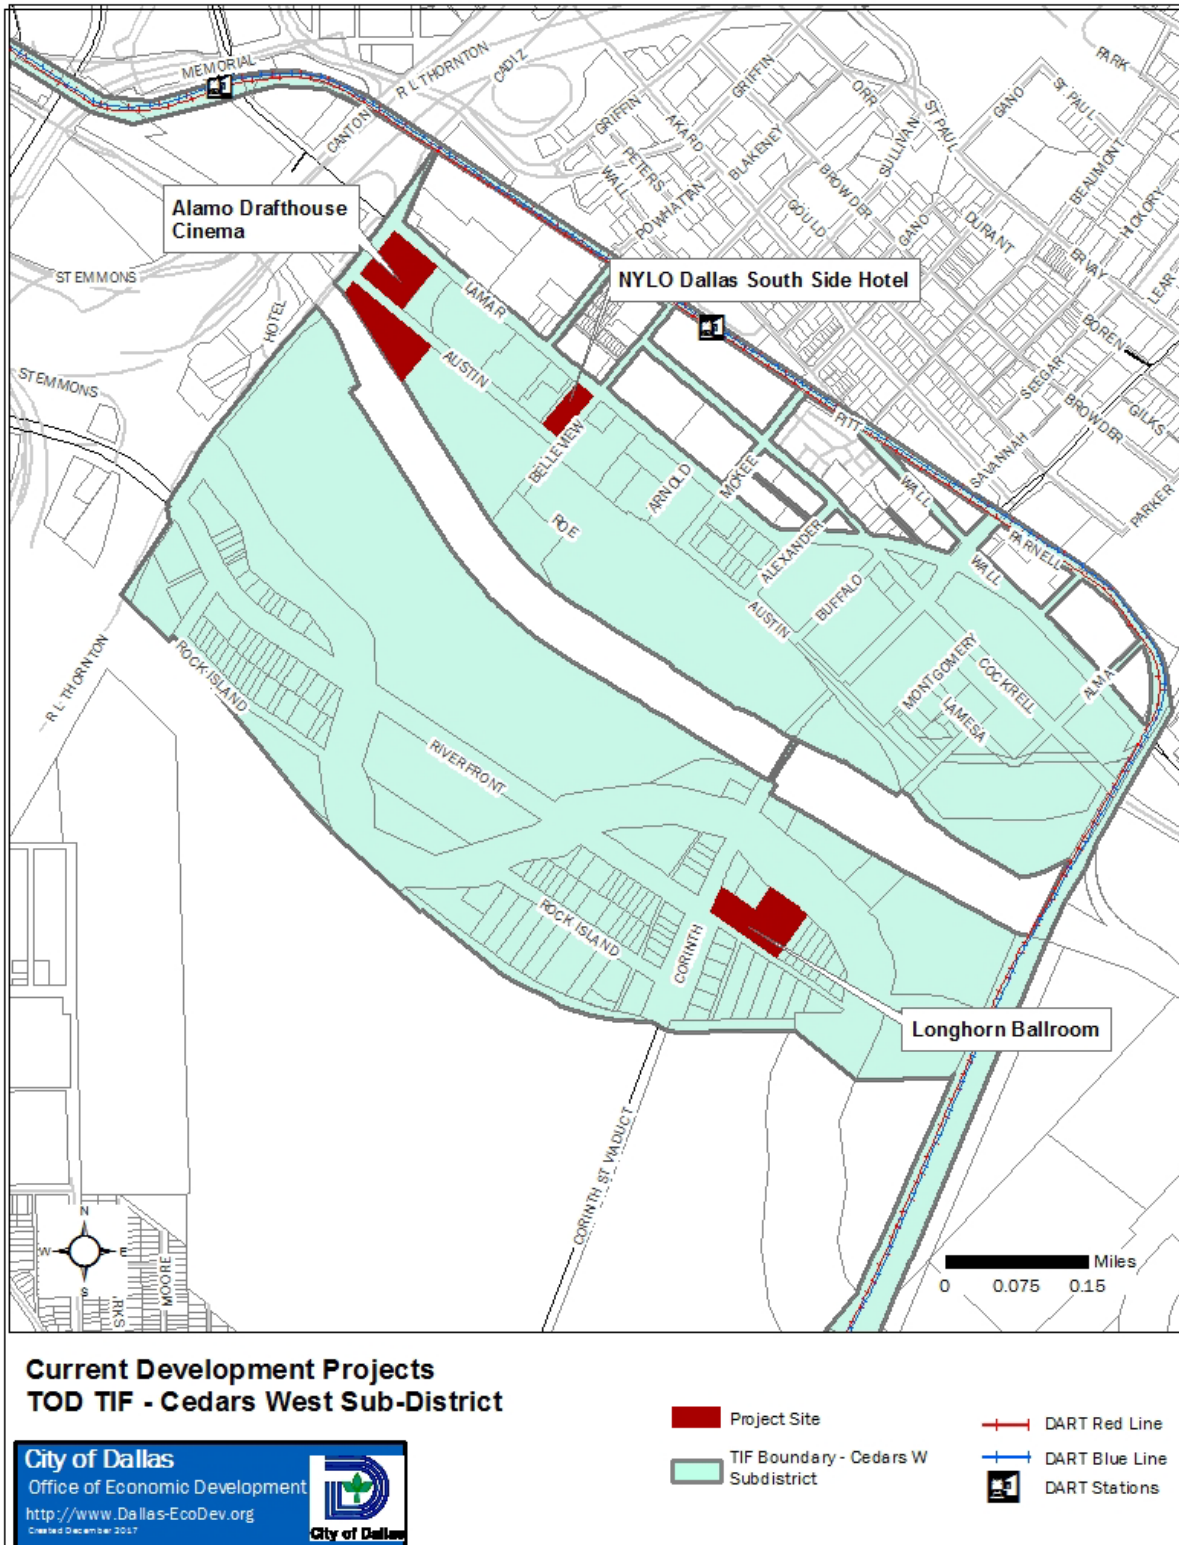

District Initiatives – Other Public Support for Projects

Value and Increment Revenue Summary

The TOD TIF District's assessed 2023 taxable value was \$847,288,913 (and varies for other taxing jurisdictions due to exemption levels). This represents an increase of \$645,290,802 or 319% over the base year (2008 and 2010) value, as amended. The TIF District anticipates collecting approximately \$4,792,522 in incremental tax revenue in 2024 for tax year 2023.

Objectives, Programs, and Success Indicators

The TOD TIF District Project Plan and Reinvestment Zone Financing Plan was adopted in April 2010. Among the goals of the Plan are:

- To create additional taxable value attributable to new private investment in projects in the TOD TIF District totaling approximately \$2,431,000,000
Over \$600 million in new investment has been completed, is underway or planned (25% of the goal).
- To attract higher density new private development in the TOD TIF District totaling approximately 2,480,000 square feet of new or upgraded retail and office space and 13,900 residential units, including townhome, multi-family, and single-family projects.
256,999 square feet of new and upgraded retail/commercial space and 47,706 square feet of office space has been completed, is underway or planned (12% of the goal). Approximately 2,402 residential units have been completed or planned (17% of the goal).

Fiji Townhomes completed in 2017.

- To focus on encouraging the redevelopment of properties in the TOD TIF District, increase density and provide enhanced urban design for the various station areas that is commensurate with forwardDallas!, the City’s Comprehensive Plan.

In December 2021, the City and DART entered into a Memorandum of Understanding (MOU) to allow the City to market six DART-owned sites for transit-oriented development. In September 2022, the City issued 6 individual Request for Proposals (RFP), including an RFP for the DART-owned property at the 8th and Corinth DART Station. Generally, for each RFP, respondents were invited to submit ambitious TOD proposals including affordable and mixed-income residential components. Each RFP also prioritized proposals maximizing public benefit and producing development consistent with DART TOD Policy and DART TOD Guidelines. In June 2023, City Council authorized an Exclusive Negotiation Agreement (ENA) with the selected most advantageous proposer for each of the 6 sites. However, shortly thereafter, the City decided not to move forward with the selected proposer for the 8th & Corinth Station.

- Encourage development projects that will increase DART ridership at rail stations within the TOD TIF District.

*Development projects completed to-date have added 1,866 new households near DART stations. The most recent average daily ridership figures (over the fiscal year) as of September 2023 for the eight DART light rail stations in or adjacent to the District are shown in the table below. The COVID-19 pandemic had negatively impacted transit ridership in 2020-2021; however, current trends show recovery. Annualized ridership figures for the stations can be found in **Appendix D**.*

Average Daily Ridership at DART LRT Stations in or adjacent to the District					
Station	Daily ridership Sept 2008 (base yr)	Daily ridership – Sept 2022	Daily ridership – Sept 2023	%change from 2022-2023	%change from base year

VA Medical Center	868	405	435	7.4%	-49.88%
Ledbetter	2,786	805	780	-3.1%	-72.00%

- To improve access and connections between DART light rail station areas and strategic Dallas area amenities such as the campus and future research facilities of Southern Methodist University, the Bush Presidential Library, the Trinity River,

Southside on Lamar, and the heart of Cedars to the Convention Center area, Dallas Zoo, Cedar Crest Golf Course, and Veterans Memorial Hospital.

The Mockingbird Plaza Sustainable Development Project and 2006 bond program public improvements were completed in summer 2015 and are facilitating better pedestrian connectivity along SMU Boulevard and to the Mockingbird DART Station along with connections to Southern Methodist University and the Bush Presidential Library. Improvements completed as part of the Lancaster Urban Village have improved connectivity to the Veterans Memorial Hospital and DART station.

- To increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the TIF District.

The Mockingbird Plaza Sustainable Development Project included a pedestrian/bicycle trail between SMU Boulevard and the Mockingbird DART station. An extension of the Katy Trail, with City bond funds, included the Mockingbird Pedestrian Bridge that opened in 2017.

The Mockingbird Bridge opened for bikes and pedestrians in November 2017.

- To maintain the stability of local schools as redevelopment occurs in the housing market and promote improved training and job creation through partnerships with Southern Methodist University, Dallas College District, the VA Hospital, Urban League, and the University of North Texas Law School.

The renovation of the former Urban League Building into the “4315 Innovation Center” with Dallas College as a lead tenant is bringing workforce training opportunities to the Lancaster Corridor community. The Longhorn Ballroom Redevelopment Project includes a provision to partner with Dallas College’s Commercial Music Program at the Cedar Valley Campus (or equivalent) to create paid experiential learning opportunities in the commercial music industry.

Training rooms at the 4315 Innovation Center

- To generate approximately \$185.2 million (NPV; 2009 dollars) in increment over 28 years of collections, with up to 85 percent participation by the City and 55 percent participation by Dallas County.

The TIF District's 2023 total taxable value of \$847,288,913 is approximately 32% of the original projection of \$2,658,763,331. The economic downturn early in the term of the TIF District impacted the pace of new construction and existing property values.
- To diversify retail and commercial uses in the District.

Retail leasing as part of The Shelby and BLVD developments has brought new restaurants along SMU Boulevard. Upgrades at the Crest Plaza Shopping Center have doubled the size of a grocery store in an underserved area. The Alamo Drafthouse Cinema opened in 2016 adding to the entertainment venues in the Cedars area. The renovation of the former Urban League Building into the "4315 Innovation Center" has brought new office and workforce training tenants to the Lancaster Corridor across from the VA Medical Center DART Station.
- Add residential density including but not limited to provisions for affordable housing, elderly and special needs housing, and a sustainable mix of product types and destination related activities near DART light rail station within the TIF District to promote overall system ridership and increase ridership levels at the specific stations in the TIF District.

Initial projects completed have added a significant number of new units adjacent or near DART stations.

Year-End Summary of Meetings

The TOD TIF District Board of Directors met once during the fiscal year from October 1, 2022 to September 30, 2023.

The Board, based on amended composition, can consist of up to nine members, including eight City of Dallas appointees and one appointee from Dallas County. During FY 2022-2023, the Board members were (FY 2022-2023 Board meetings attended): Robbie Good, Vice Chair – City Representative (1 of 1 meetings), Jonathan Braddick - City Representative (1 of 1 meetings), Allison Griffin - City Representative (1 of 1 meetings), Todd Eich - City Representative (1 of 1 meetings), Kyle Wick - City Representative (1 of 1 meetings), Neal Sleeper - City Representative (1 of 1 meetings), Christopher Ju-Chambers – City Representative, *appointed after the last meeting*, and Luis Tamayo - Dallas County Representative (1 of 1 meetings).

During the fiscal year, City Council approved three items directly associated with the TOD TIF District. The items are summarized below:

- October 26, 2022, Resolution Number 22-1639 authorized the recommended most advantageous proposal submitted for City Solicitation BVZ22-00019439 (Request for Proposals for the development of City-owned vacant properties addressed as 3011-3039 South Lancaster Road) with UCR Development Services LLC, most advantageous proposer of three.
- On February 22, 2023, Resolution Number 23-0311 accepted the FY 2021-2022 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Seventeen, (TOD TIF District), submitted by the TOD TIF District's Board of Directors, and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.
- On June 14, 2023, Resolution Number 23-0788 authorized (1) selection of the recommended most advantageous proposal submitted by The John Trube Corporation for City Solicitation BVZ22-00020444 (Request for Proposals for Transit-Oriented Development of Property Owned by Dallas Area Rapid Transit at the 8th & Corinth Station), most advantageous proposer of 1, and (2) the City Manager or designee to execute exclusive negotiation agreement, approved as to form by the City Attorney, with The John Trube Corporation or an affiliate.

Pending TIF District Items

- Consideration of the FY 2022-2023 TOD TIF District Annual Report and a recommendation to the City Council for approval.

Budget and Spending Status

Each TIF District establishes a budget for the public investments necessary to support private investment in the district in the Project Plan and Reinvestment Zone Financing Plan. The current TIF District budget is shown below:

City of Dallas, Texas
TOD Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2023

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$8,920,617 (in current \$) over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund upon collection of tax increment in fiscal year 2011-12. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$328,993 on September 30, 2023, represents the Zone administration costs for the fiscal year 2018-2019 (\$44,395), fiscal year 2019-2020 (\$52,605), fiscal year 2020-2021 (\$59,993), fiscal year 2021-2022 (\$81,718), and fiscal year 2022-2023 (\$90,282) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The TIF District has two obligations:

- An agreement has been authorized (but not yet executed) for up to \$29 million in support of the Mockingbird Station East mixed-income and transit-oriented development project. Based on current projections, the obligation could be fully paid by calendar year 2033.
- An agreement has been executed for up to \$2.1 million in support of the Longhorn Ballroom Redevelopment project. Based on current projections, the obligation could be fully paid by calendar year by 2024, pending project completion.

Appendix C – District-Wide Set-Aside Funds

The TIF Increment Allocation Policy adopted by the TIF District Board gives the option for annually setting aside a portion of funds for District-wide improvements. Currently, there is not an annual fixed set-aside amount. To date, the only District-wide commitment has been \$400,000 for a local match as part of SMU Boulevard Improvements. This commitment has been fully paid.
