## Mission Statement

Initially, the mission of the Downtown Connection Tax Increment Financing District (“TIF District”) was to create a fund for public capital investments in the core of Downtown essential for development of key spaces and buildings as well as to focus on catalyst projects to create a greater density and critical mass of development within the Main Street core area.

The Downtown Connection TIF District was initiated by petition, pursuant to Section 311.005 (a)(5), Texas Tax Code through the sponsorship of the Downtown Improvement District and the Uptown Improvement District. The Downtown Connection TIF District took effect on June 8, 2005, per Ordinance No. 26020, and is scheduled to terminate on December 31, 2035 (including collections of the 2035 increment in calendar year 2036 or when the budget has been collected).

To date, TIF District-supported projects have predominately included the redevelopment of existing buildings. The next phase of downtown development is anticipated to include redevelopment of vacant/surface parking lots with new ground-up construction of high-density, mixed-use projects. Currently, there are approximately 75 acres of vacant/surface parking lots within the boundary of the TIF District. Of those 75 acres, over 30 acres have been announced for potential redevelopment. Facilitating high-density redevelopment on these underutilized parcels will require significant public capital investment in roadways, water, sewer, storm drainage, sidewalks, lighting, mixed-income housing, etc.

In June 2022, to specifically address the TIF District’s lack of budget capacity and provide a long-term funding mechanism to support future downtown redevelopment, City Council approved various amendments to the Downtown Connection TIF District Project Plan and Reinvestment Zone Financing Plan. The amendments included the following:

- A. create two sub-districts within the TIF District:
  - 1. Downtown Connection Sub-district (original District boundary); and
  - 2. Newpark Sub-district;
- B. increase the geographic area of the TIF District to add approximately 14.2 acres to create the Newpark Sub-district to facilitate anticipated redevelopment;
- C. increase the total budget of the TIF District (Downtown Connection Sub-district budget) from \$231,593,554.00 Net Present Value (NPV 2005 dollars) (approximately \$454,707,775.00 total dollars) to \$402,897,888.00 NPV (approximately \$1,059,227,817.00 total dollars, an increase of \$171,304,334.00 NPV (approximately \$604,520,042.00 total dollars);
- D. modify the Downtown Connection Sub-district budget to add a line item for a public safety building to replace Fire Station #18;

- E. establish a termination date for the Newpark Sub-district of December 31, 2052;
- F. establish the percentage of tax increment contributed by the City of Dallas during the term of the Newpark Sub-district at 90%;
- G. establish a total budget for the Newpark Sub-district of \$90,329,182.00 NPV 2022 dollars (approximately \$223,786,626.00 total dollars); and
- H. request Dallas County participation in the Newpark Sub-district at 55% for twenty years beginning in 2027.

## Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, (1) ten percent (10%) of all housing units constructed as part of redevelopment of an existing building; (2) twenty percent (20%) of all housing units constructed as part of a new ground-up development; and (3) 30% of residential units constructed on City-owned land purchased by a private developer for residential development using direct, site-specific funding assistance from the TIF District are subject to the City’s and County’s established criteria for mixed-income housing.

In this TIF District, a total of 1,893 units have been built to-date with TIF District funding, and 342 (18%) have been set-aside as affordable.

## Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District, as determined by the Dallas Central Appraisal District’s certified property tax roll for the base year. The base value is established in the year a property is placed within the TIF District boundary.

The 2022 amendment of the TIF District’s Project Plan and Reinvestment Zone Financing Plan created two sub-districts: Downtown Connection Sub-district (boundary prior to 2022 amendment) and Newpark Sub-district. As a result, each sub-district has its own base year value and separate increment collection funds.

**Downtown Connection Sub-district:** The 2005 adjusted base year taxable value of the Downtown Connection Sub-district was \$564,917,317. The Downtown Connection Sub-district’s 2023 certified taxable value was \$7,177,736,248. This represents an increase of \$6,612,818,931 (1,171%) over the adjusted base year taxable value as well as an increase of \$677,539,391 (10.8%) over the 2022 final taxable value

(\$6,500,196,857). The increase over the adjusted base year taxable value will result in an estimated collection of approximately \$43,785,458 (City \$43,785,458; County \$0) in incremental revenue for the Downtown Connection Sub-district. Dallas County's participation in the Downtown Connection Sub-district ended with the collection of tax year 2019 increment.

**Newpark Sub-district:** The final 2022 base year taxable value of the Newpark Sub-district was \$22,270,550. The Newpark Sub-district's 2023 certified taxable value was \$24,574,700. This represents an increase of \$2,304,150 (10.4%) over the base year taxable value. The increase over the base year taxable value will result in an estimated collection of approximately \$15,256 (City \$15,256; County \$0) in incremental revenue for the Newpark Sub-district. Dallas County's participation in the Newpark Sub-district was requested to begin with the collection of tax year 2027 increment. To date, the Dallas County Commissioners Court has not yet formally approved the County's participation in the Newpark Sub-district.

The TIF District's (both sub-districts) total taxable value in 2023 was \$7,202,310,948.00, an increase of \$6,615,123,081.00 (1,127%) over the adjusted base year values (2005/2022). This increase will result in an estimated total collection in 2024 of approximately \$43,800,714.00 (City \$43,800,714.00; County \$0.00) in incremental revenue for the Downtown Connection TIF District.

## **Development Goals and Objectives**

The Downtown Connection Project Plan and Reinvestment Zone Financing Plan was adopted in 2005, as amended. The following goals, objectives, and action items set the framework for the planned improvements and investments within the Downtown Connection TIF District:

- Improve access between and within the Uptown and Downtown areas

*Construction of Klyde Warren Park, a deck park spanning Woodall Rodgers Freeway, connecting Downtown to Uptown, celebrated its grand opening October 2012.*

*In July of 2010, the McKinney Avenue Transit Authority received a \$4.9 million grant from the Federal Transit Administration and matching grant of \$5 million from the North Central Texas Council of Government to complete the M-Line loop that branches off McKinney Avenue at Olive Street. Construction of the Olive/St. Paul Street Loop began in 2012, with completion in 2015. The line improves connectivity between Uptown, Downtown, Klyde Warren Park, the Arts District and DART downtown transit mall.*

*In 2009, the North Central Texas Council of Governments (NCTCOG) Regional Transportation Council (RTC) issued its third Sustainable Development Program*

*call for projects. The Sustainable Development Program provides funding of infrastructure improvements associated with development projects that reduce the overall demand for transportation infrastructure and improve air quality. Two Downtown Connection TIF District projects were awarded funds under this program to enhance pedestrian and transportation linkages, access and safety to nearby bus/rail transit and City of Dallas public investments. City Council approved agreements between the City, NCTCOG, State of Texas and the project's developer for each project. Lone Star Gas Lofts completed construction of the project in summer 2013, while construction of the Continental project completed in 2014.*

- Continental Building Project – \$607,739
- Lone Star Gas Lofts Project – \$462,686

*The creation of a circulator system for the downtown area was recommended by the Downtown Dallas 360 Area Plan. In September 2013, City Council approved funding to participate in a two-year pilot program D-Link, a special service from DART that provides residents, workers and visitors a way to get to some of the city's most popular arts, dining and historic destinations.*

*The free bus route included destinations such as American Airlines Center, Klyde Warren Park, the Perot Museum of Nature and Science, The Sixth Floor Museum, Dallas Arts District and many other cultural, arts and entertainment-related stops.*

*The annual cost of the service was approximately \$1.1 million. DART, Downtown Dallas Inc. and the City of Dallas shared the costs of the program annually. The service was discontinued during the 2019 fiscal year.*

- Improve the image of the Downtown Connection Area

*With the installation of numerous high-tech digital (video) sign boards within the Main Street core, continued redevelopment of vacant buildings, and completion and programming of the various downtown parks, activity downtown has increased dramatically.*

*Major corporate relocations to the downtown connection area over the years have included Moneygram International, AT&T, and Comerica Bank. In 2014, three corporations relocated to buildings in the downtown core (Santander Consumer USA, Inc., Active Network, LLC and Omnitrac, LLC), adding over 2,000 people to downtown's daytime population.*

*In 2017, AT&T committed to investing in their global headquarters in downtown Dallas. The AT&T Discovery District project included private investment of approximately \$30 million in street and publicly accessible plaza improvements surrounding its complex of buildings and the addition of 65,000 square feet of retail and restaurant space. Total private investment, including interior improvements to existing buildings, is estimated to be \$100 million. The Discovery District opened during fiscal year 2020-2021.*

*The increased downtown daytime population, residency and activities for residents and visitors have added to the evolving image of the area.*

- Support redevelopment of the existing building supply and surface parking lots located within the area

*There were not any new development projects approved during the 2022-2023 fiscal year within the Downtown Connection TIF District, but city staff has met with numerous development teams throughout the fiscal year regarding potential redevelopment and ground up new construction within the District.*

*During the fiscal year, staff continued to work with the One Newpark development team draft mutually agreed upon documents for the project, including City Council approval and execution of a Newpark Municipal Management District development agreement.*

- Develop a more diverse mixture of land uses within the Downtown Connection Area

*Projects announced, completed and/or underway within the TIF District will contribute approximately 8,542 residential units; 2,589 hotel rooms; 761,996 square feet of retail; and 6,702,714 square feet of new office space.*

- Increase open space and recreational opportunities in the Downtown Connection Area

*Browder Street Plaza Improvements - March 2012, the Office of Economic Development, in conjunction with Downtown Dallas, Inc., and the City Design Studio, issued a Request for Proposals for Browder Street Plaza retail development and leasing/management opportunities. The retail component of*

*Browder Street Plaza, between Commerce Street and Jackson Street, was intended to add activity along this pedestrian thoroughfare and complement the public improvements constructed on the site. The City of Dallas invested \$500,000 in public space improvements to install landscaping, shade, street furniture, paving, and other pedestrian and plaza improvements. Hamilton DPL Development Inc. and Hamilton DPL, LP won the solicitation with its proposed retail activation plan which focused on retail kiosks and food trucks within Browder Street Plaza.*

*The original Downtown Parks Master Plan called for the creation of four parks downtown. The first park, Main Street Garden Park, opened in 2009. Belo Garden opened May 2012. The third park, Klyde Warren Park opened in October of 2012. Land for the fourth park, Pacific Garden Plaza/Park was acquired using 2006 Bond funds, but construction of the park was unfunded at that time.*

*The City of Dallas has contracted with Downtown Dallas Inc. to provide operations and programming of three of the four downtown parks (excludes Klyde Warren Park), as well as Pegasus Plaza. Main Street Garden Park hosts many events annually including Moonlight Movie Series showing free outdoor movies on Saturdays in the park and YMCA outdoor sporting leagues. Pegasus Plaza held the Taste of the Fair, where foods from the annual State Fair of Texas could be sampled during the fiscal year.*

*In March 2013, City Council endorsed an update of the Downtown Parks Master Plan that proposed construction of the Pacific Plaza Park and three new downtown parks: West End Plaza, Carpenter Park near Deep Ellum and Harwood Park next to the Farmers Market.*

*At the beginning of the 2016 fiscal year, the Belo Foundation (now called Parks for Downtown Dallas) pledged \$30 million to complete implementation of the updated Downtown Dallas Parks Master Plan. The updated master plan called for \$70 million in private and public funding to build four additional parks in downtown Dallas (Harwood Park, Carpenter Park, Pacific Plaza and West End Plaza). Two of the four parks are within the boundaries of the Downtown Connection TIF District – Harwood Park and Pacific Plaza. Parks for Downtown Dallas raised an additional \$5 million, for a total pledge of \$35 million. The \$35 million committed by Parks for Downtown Dallas was offered to the City through a dollar-for-dollar matching grant, and the City was responsible for contributing matching capital.*

*On November 7, 2017, City of Dallas voters approved a General Obligation Bond Program totaling \$1.050 billion. The program allocated \$35 million to re-develop/develop three downtown parks: Carpenter Park, Harwood Park and the West End Plaza as a match for the Parks for Downtown Dallas grant. Additionally, \$10 million was allocated as matching funds for the future expansion of Klyde Warren Park.*

*On April 17, 2018, a groundbreaking was held for Pacific Plaza Park. The 3.7-acre park cost approximately \$15 million and opened to the public in October 2019. Photo Source: [downtowndallasparks.org](http://downtowndallasparks.org)*

*Carpenter Park, adjacent to the TIF District and downtown Dallas' largest park at approximately 5.8 acres in size, began construction in September of 2020. The \$20 million park opened May 3, 2022. Photo Source: [downtowndallasparks.org](http://downtowndallasparks.org)*

*Construction of the 3.8-acre Harwood Park began October 1, 2021. The approximately \$21.8 million Harwood Park opened to the public on September 23, 2023. Photo Source: [downtowndallasparks.org](http://downtowndallasparks.org)*

- Incentivize catalyst project(s) to accelerate reaching a critical mass of residential units, retail establishments, and public amenities for a vibrant downtown

*The TIF District's catalyst project included the Mercantile Block, Lone Star Gas Lofts Complex and Continental building. In 2008, the Mercantile Block completed redevelopment. Phase I of the Lone Star Gas Lofts Complex and Continental Building projects were completed in 2013. Phase II of the Lone Star Gas Lofts Complex project completed construction in July of 2014. These projects have added 799 residential units (inclusive of 211 affordable units) and 50,000 square feet of retail.*

## Year-End Summary of Meetings

## M/WBE Participation

Public bidding is not required for TIF District-funded projects. All TIF District-funded projects must follow the City’s adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-supported projects. The BID Plan goal for the projects listed below was 25 percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent (32%).

Dallas County participation in Newpark Sub-District was requested to start increment collection in fiscal year 2028.

b. The total amount of estimated tax increment to be billed for the 2023 tax year is \$43,800,714

c. For the 2022 tax year, increment in the amount of \$39,783,760 was collected and transferred to Downtown Dallas Development Authority (DDDA) in accordance with the terms of the DDDA bond indentures.

City of Dallas, Texas  
Downtown Connection Tax Increment Financing District  
Notes to Financial Statements for the Year Ended September 30, 2023

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan provides for staffing and other administrative expenses by the City of Dallas not to exceed \$14,411,786 (in current \$) over the life of the Zone. The City began billing the Zone for administrative costs in FY 2007. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$389,481 on September 30, 2023 represents the Downtown Connection Sub-District administration costs for the fiscal year 2018-19 (\$19,774), fiscal year 2019-20 (\$53,705), fiscal year 2020-21 (\$88,236), fiscal year 2021-22 (\$124,758), and fiscal year 2022-23 (\$103,007) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. TIF Administrative expense for Newpark Sub-District incurred in the amount of \$7,796 for fiscal year 2022-2023. It has been recorded as "Due to General Fund" in the Newpark Sub-District Fund. Newpark Sub-District Fund financials will be prepared effective fiscal year 2023-2024 after collection of initial increment.
7. All project costs resulting in capital improvements which are owned by the City are capitalized in the City's fixed assets.

## Appendix B: Project Pay-Off Estimates

<b>Downtown Connection Sub-district</b>			
<b>Developer</b>	<b>Project Name</b>	<b>Max. TIF Award</b>	<b>Pay-Off Date</b>
