

HONORABLE MAYOR & CITY COUNCIL

WEDNESDAY, JANUARY 8, 2025

ACM: Robin Bentley

FILE NUMBER: Z234-144(LG)

DATE FILED: December 13, 2023

LOCATION: East side of South R. L. Thornton Freeway, south of East Overton Road

COUNCIL DISTRICT: 4

SIZE OF REQUEST: Approx. 20.9148 acres

CENSUS TRACT: 48113005902

REPRESENTATIVE: Suzan Kedron, Jackson Walker L.L.P

OWNER/APPLICANT: Jobar Development Corporation

REQUEST: An application for an MU-3 Mixed Use District on property zoned Planned Development District No. 69.

SUMMARY: The purpose of the request is to allow a mixed-use development.

CPC RECOMMENDATION: Approval, subject to deed restrictions volunteered by the applicant.

STAFF RECOMMENDATION: Approval.

BACKGROUND INFORMATION:

- The area of request is currently undeveloped and is within Planned Development District No. 69, which was approved by City Council on October 21, 1974.
- Under Planned Development District No. 69, uses are limited to multiple-family uses, a maximum of 740 dwelling units, and a day care center not to exceed 2,500 square feet in floor area.
- The applicant is proposing to develop the site with a mixed-use development; therefore, they are proposing an MU-3 Mixed Use District.
- The applicant has volunteered deed restrictions that would restrict or prohibit certain uses, restrict dwelling unit density, restrict maximum structure height, and prohibit vehicular access on Sun Valley Drive.

Zoning History:

There have been no zoning cases in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
South R L Thorton Freeway	Highway	--

Traffic:

The Transportation Development Services Division of the Planning and Development Department, in coordination with the Transportation Department, has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request is consistent with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

GOAL 1.3 PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

Policy 1.3.3 Create housing opportunities throughout Dallas.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

GOAL 2.5 FOSTER A CITY OF GREAT NEIGHBORHOODS

Policy 2.5.1 Promote strong and distinctive neighborhoods to enhance Dallas' quality of life.

URBAN DESIGN ELEMENT

GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY, AND WALKABILITY

Policy 5.1.3 Encourage complementary building height, scale, design, and character.

NEIGHBORHOOD PLUS

GOAL 4 ATTRACT AND RETAIN THE MIDDLE CLASS

Policy 4.1 Promote Dallas as a city of neighborhoods and publicize neighborhood assets and programs.

Policy 4.3 Enhance neighborhood desirability by improving infrastructure, housing stock, recreation, and safety.

Land Use:

	Zoning	Land Use
Site	PD No. 69	Undeveloped
North	PD No. 69 & PD. No. 838	Multifamily, public or private school
East	R-7.5(A) Single family	Single family
South	R-7.5(A) Single family	Single family
West	PD No. 707	Multifamily

Land Use Compatibility:

The area of request is an approximately 20-acre undeveloped parcel and is currently zoned Planned Development District No. 69. Properties to the north are developed with multifamily and a public or private school. Properties to the east and south are developed with single family uses under an R-7.5(A) District. To the west of the area of request is multifamily.

The applicant proposes to develop the site with a mixed use development. The existing zoning of PD No. 69 only allows multifamily and daycare use; therefore, the applicant is requesting an MU-3 Mixed Use District.

Staff supports the request because it will allow the applicant's proposed use of the site while ensuring that development will be compatible in scale and intensity of use with the adjacent residential uses.

Development Standards

Following is a comparison of the development standards of the current Planned Development District No. 69, the proposed MU-3 District, and the proposed MU-3 District with deed restrictions volunteered by the applicant.

District	Setback		Density	Height	Lot Cvr.	Special Standards	Primary Use
	Front	Side/Rear					
Existing: PD 69	15 ft.	0 ft. SF Duplex: Side: 5 ft. Rear: 10 ft. Other: Side: 10 ft. Rear: 15 ft.	Max. 740 du	24 ft. 2 stories	60% Res. 25% Nonres.		Multiple-family, day care center
Proposed: MU-3	15 ft. 20 ft. UF	20 ft. adj. to Res. Other: No min.	No max du density 3.2 FAR base 4.0 FAR max + bonus for res	270 2 stories	80%	Proximity slope, tower spacing, U-form setback, development bonuses	Office, retail & personal service, lodging, residential, trade center
Proposed: MU-3 w/DRs	See DRs		Max 1400 du (See DRs)	120 ft.			See DRs

Residential proximity slope would limit height on portions of the site to 26 feet from the property line on the east and south since the adjacent properties are residential.

Trade center		
Vehicle storage lot		

	Existing	Proposed
Use	PD 69	MU-3 w/DRs
Warehouse		

Landscaping:

Landscaping must be provided in accordance with the landscaping requirements of Article X, as amended.

Parking:

Off-street parking must be provided pursuant to the Dallas Development Code, as amended. The off-street parking requirement for a multifamily use is one space per bedroom with a minimum of one space per dwelling unit. An additional one-quarter space per dwelling unit must be provided for guest parking if the required parking is restricted to resident parking only. Should the applicant include a mixed income housing component, this requirement would be reduced to one-half space per unit. The off-street parking for retirement housing is one space per dwelling unit or suite. The off-street parking for office is one space per 333 square feet of floor area. The off-street parking requirements for retail and personal services uses are variable but range from one space per 100 square feet of floor area to 300 square feet of floor area.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of the local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently within an "I" MVA area.

APPLICANT'S VOLUNTEERED AND CPC ACCEPTED DEED RESTRICTIONS

The Owner does hereby impress all of the Property with the following deed restrictions ("restrictions"), to wit:

- (1) The following uses are permitted by SUP only:
 - Alcoholic beverage establishments.
 - Convalescent and nursing homes, hospice care, and related institutions.
 - Residential hotel.
- (2) The following uses are prohibited:
 - (a) Agricultural uses.
 - Crop production.
 - (b) Commercial and business service uses.
 - Labor hall.
 - Tool or equipment rental.
 - (c) Industrial uses.
 - Gas drilling and production.
 - Temporary concrete or asphalt batching plant.
 - (d) Institutional and community service uses.
 - Cemetery or mausoleum.
 - Convent or monastery.
 - Foster home.
 - Halfway house.
 - Open-enrollment charter school or private school.
 - Public school other than an open-enrollment charter school.
 - (e) Lodging uses.
 - Extended stay hotel or motel.
 - Overnight general purpose shelter.
 - Short-term rental lodging.
 - (f) Miscellaneous uses.
 - Carnival or circus (temporary).

(g) Office uses.

- Alternative financial establishment.

(h) Recreation uses.

- Country club with private membership.

(i) Residential uses.

- College dormitory, fraternity, or sorority house.
- Group residential facility.

(j) Retail and personal service uses.

- Auto service center.
- Car wash.
- Convenience store with drive-thru.
- Household equipment and appliance repair.
- Liquor store.
- Massage establishment. [*MASSAGE ESTABLISHMENT and MASSAGE mean a massage establishment or massage as defined by Chapter 455 of the Texas Occupation Code, as amended.*]
- Mortuary, funeral home, or commercial wedding chapel.
- Paraphernalia shop.
- Swap or buy shops.

(k) Transportation uses.

- Airport.
- Railroad passenger station.
- Transit passenger shelter.
- Transit passenger station or transfer center.

(l) Utility and public service uses.

- Commercial radio or television transmitting station.
- Electrical substation.
- Local utilities.
- Radio, television, or microwave tower.

(m) Wholesale, distribution, and storage uses.

- Mini-warehouse.
- Office showroom/warehouse.
- Recycling buy-back center.
- Recycling collection center.
- Recycling drop-off container.

- Recycling drop-off for special occasion collection.
- Trade center.

(3) A hotel or motel must:

- (a) be located within a multi-story structure;
- (b) have all guest rooms be accessible from an interior hallway or interior courtyard; and
- (c) provide at least two of the following amenities: swimming pool; restaurant; fitness facility; or conference room.

(4) A commercial parking lot or garage is only permitted as an accessory use.

(5) Motor vehicle fueling station that provides gasoline pump is only permitted in conjunction with a general merchandise or food store greater than 5,000 square feet and/or a general merchandise or food store 100,000 square feet or more. A motor vehicle fueling station with diesel fuel is prohibited.

(6) Maximum dwelling unit density.

(a) 1,400 dwelling units, subject to the following:

i. Prior to the issuance of a final certificate of occupancy that would result in the total number of dwelling units exceeding 600 dwelling units, a building permit must be issued for a minimum of 5,000 square feet of non-residential uses; and

ii. Prior to the issuance of a final certificate of occupancy that would result in the total number of dwelling units exceeding 900 dwelling units:

1. A building permit must be issued for a combined minimum of 10,000 square feet of non-residential uses, of which a minimum of 5,000 square feet shall be retail and personal service uses; and

2. A pedestrian trail with an average minimum width of eight feet and a minimum length of 700 linear feet must be provided with connectivity to Sun Valley Drive. Pedestrian scale lighting that provides a minimum maintained average illumination level of 1.5 foot candles must be provided along the entire length of the pedestrian trail.

iii. Prior to the issuance of a final certificate of occupancy that would result in the total number of dwelling units exceeding 1,200 dwelling units, a building permit must be issued for a combined minimum of 15,000 square feet of non-residential uses.

(7) Maximum structure height is 120 feet.

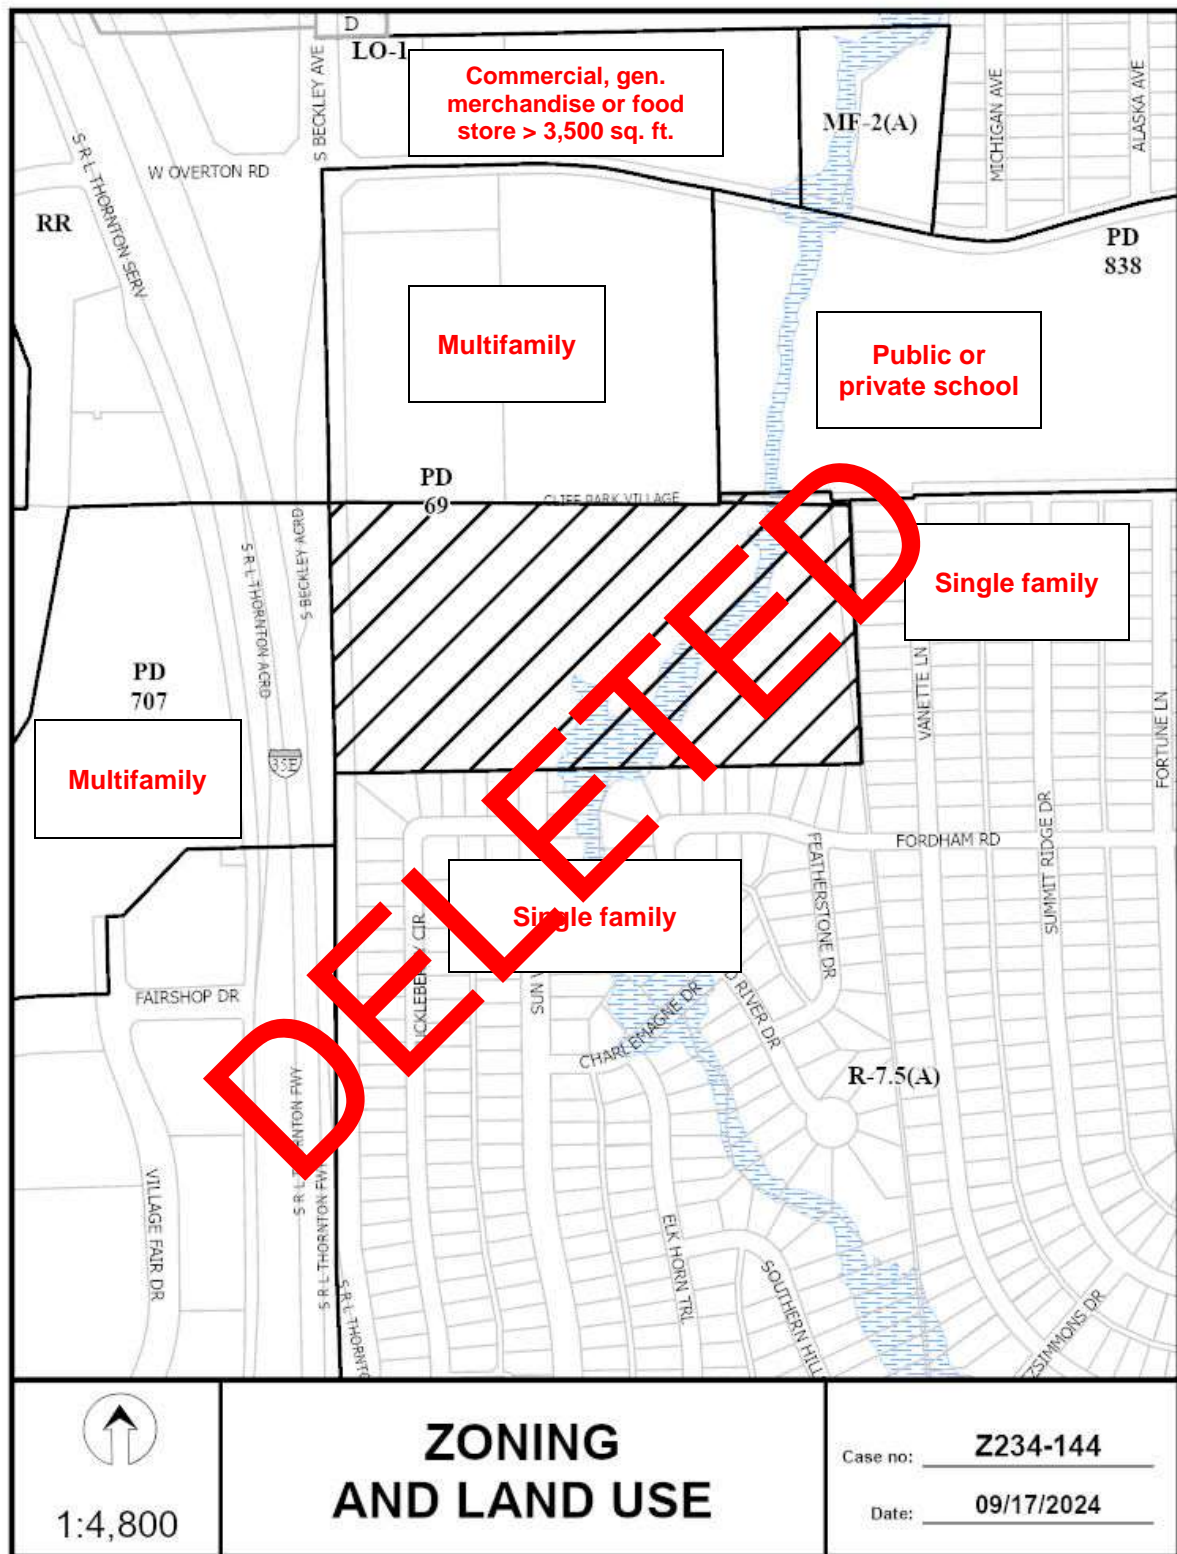

(8) Vehicular access on Sun Valley Drive is prohibited.

(9) Golden Bear Way shall only be extended for vehicular access subject to a comprehensive engineering study at the expense of the property owner to assess the potential impacts of the proposed road on local traffic patterns, safety, and infrastructure. The study must demonstrate whether the proposed road will result in adverse traffic conditions, such as congestion, increased safety hazards, or other negative impacts on surrounding roadways and communities. The study must identify any significant adverse impacts and recommend mitigation measures, as determined by City standards, before proceeding with the construction of the road.

(10) Except where vehicular, pedestrian, or bicycle access is provided, a fence or screening wall with a minimum height of 8 feet shall be provided prior to the issuance of a final certificate of occupancy for any use within 100 feet of the south and east property lines.

(11) A minimum setback of 100 feet is required along the south and east property lines when there is an abutting non-residential use.
