THURSDAY, APRIL 10, 2025

Planner: Sarah May, AICP

FILE NUMBER: Z234-277(SM)

DATE FILED: July 9, 2024

LOCATION: Southeast line of South Belt Line Road, southwest of C.F. Hawn Freeway

COUNCIL DISTRICT: 8

SIZE OF REQUEST: 4.13 acres

CENSUS TRACT: 481130117005

REPRESENTATIVE: Karl A. Crawley, Masterplan

OWNER/APPLICANT: Milan Nguyen (sole owner), MNCN Development, LLC

REQUEST: An application for 1) a planned development district for certain nonresidential uses and to maintain the areas with a D-1 Liquor Control Overlay and 2) consideration of an MU-1 Mixed Use District with a Specific Use Permit for a mini-warehouse use and to maintain the areas with a D-1 Liquor Control Overlay, on property zoned a CR Community Retail District and CS Commercial Service District with a D-1 Overlay, and an R-7.5(A) Single Family District.

SUMMARY: The applicant proposes to develop retail and restaurant uses near Belt Line Road and a mini-warehouse in the rear on the property.

STAFF RECOMMENDATION: Approval of a Specific Use Permit for a twenty-year period, subject to a site plan and conditions in lieu of a planned development district for certain nonresidential uses.

PRIOR CPC ACTION: On February 6 and March 20, 2025, the City Plan Commission moved to hold this case under advisement. No updates to this report have been made.

BACKGROUND INFORMATION:

- The area of request is currently undeveloped.
- The applicant proposes to develop retail and restaurant uses near Belt Line Road and a mini-warehouse in the rear on the property.
- The majority of the property fronting along South Beltline Road is zoned a CR District and allows retail development. There is a strip of land on the northeast side of the property that is zoned a CS District. The rear of the property is zoned an R-7.5(A) District. The parcel ranges from approximately 53 feet wide in the rear to approximately 94 feet wide in the front.
- The only districts that allow a mini-warehouse without an SUP are CS, industrial, and central area districts. A mini-warehouse is allowed with an SUP in CR, RR, mixed use, and multiple commercial districts. Residential districts do not permit a mini-warehouse use.
- The applicant's original submission was for a planned development (PD) district served to eliminate the time limit typically required by an SUP with no significant deviations from base zoning proposed.
- Before the February 6, 2025 CPC meeting, the applicant revised the application to a CS District, with deed restrictions volunteered to ensure compatibility with surrounding residential districts.
- The proposal presented to CPC on February 6, 2025, did not restrict the locations of the retail development or mini-warehouse; however, the applicant's list of volunteered deed restrictions, which prohibits many uses in the CS District, was considered acceptable. City Plan Commission instructed staff to renotify the case for a planned development district.
- Since the February 6, 2025 City Plan Commission meeting, the applicant has offered an alternative consideration of an MU-1 Mixed Use District with a Specific Use Permit with the conditions, including the time limit term of 20 years, as included in this case report.
- Since the March 20, 2025 CPC report was published, no updates to this report have been made.

Zoning History:

One zoning case has been in the area within the last five years.

1. **Z234-270:** On February 26, 2025, the City Council approved the renewal of Specific Use Permit No. 1883 for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less on property zoned a CS-D-1 Commercial Service District with a D-1 Liquor Control Overlay on the east corner of South Belt Line Road and C.F. Hawn Freeway for a five-year period, subject to conditions.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
South Belt Line	Principal Arterial	S-6-D, Six Lanes Divided, 107-foot ROW

Traffic:

The Engineering Division of the Planning and Development Department has reviewed the request. A development impact review is required to determine whether the existing public infrastructure can accommodate the proposed development.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas!* Comprehensive Plan was adopted by the City Council in June 2006. The *forwardDallas!* Comprehensive Plan outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Policy 2.1.3 Support efforts to grow retail and residential opportunities in the Southern Sector.

Area Plan(s):

In April 2007, City Council approved the West Kleberg Area Plan to guide future development in the area generally located south of Interstate 20 and bounded by Stark Road and the Dallas city limit to the east, Dallas County to the south, and Saint Augustine Road and Haymarket Road to the south. The goals and actions of the area plan complement the goals and policies of the *forwardDallas!* Comprehensive Plan in evaluating the applicant's request.

The request complies with the following land use goals of the West Kleberg Area Plan:

LAND USE & ZONING

GOAL 1 Protect the rural character of the community by encouraging commercial development along the commercial corridors.

ECONOMIC DEVELOPMENT

GOAL 1 Economic development that encourages business retention and attracts new "neighborhood serving" business uses to the community.

Land Use:

	Zoning	Land Use
Site	CR-D-1, R-7.5(A), and CS-D-1	Undeveloped
Northeast	CS-D-1	Undeveloped
Southeast	MF-2(A)(SAH)	Multifamily
Southwest	MU-1(SAH)-D-1 and CR-D-1	Single family and Undeveloped
Northwest	R-7.5(A)	Single Family

Land Use Compatibility:

The above table describes the zoning and land uses of the area of request and the surrounding land uses.

The majority of the property fronting along South Beltline Road is zoned a CR District and allows retail development. There is a strip of land on the northeast side of the property

that is zoned a CS District. The rear of the property is zoned an R-7.5(A) District. The parcel ranges from approximately 53 feet wide in the rear to approximately 94 feet wide in the front.

The only districts that allow a mini-warehouse without an SUP are CS, industrial, and central area districts. A mini-warehouse is allowed with an SUP in CR, RR, mixed use, and multiple commercial districts.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The request does not appear to have an adverse impact on the surrounding zoning and land uses.

The applicant's original submission was for a planned development (PD) district and included a one-story retail development in the front and a mini-warehouse in the rear. Since the time limit typically required by an SUP is not limited in a PD request and no significant deviations from base zoning were proposed, the applicant revised their application to base zoning with deed restrictions. The proposal did not restrict the locations of the retail development or mini-warehouse; however, the applicant's list of volunteered deed restrictions prohibited many uses in the CS District, and staff considered them acceptable.

On February 6, 2025, CPC instructed staff to re-advertise this case for a PD instead. Because staff cannot support a PD with the sole purpose of not having a time limit imposed, staff still cannot support the applicant's proposed PD. The proposed PD conditions offer no design standards, prohibit residential uses, and it do not support any more City goals that a straight-zoning with an SUP could achieve.

Fortunately, the applicant has agreed to modify their previous request and proposes an MU-1 Mixed Use District with an SUP for a mini-warehouse for a twenty-year period. The proposed SUP reiterates the conditions proposed in the applicant's alternate proposed PD conditions and allows the site to be re-evaluated in 20 years. Additionally, the MU-1

District would still allow residential uses and has a limited number of nonresidential uses that are compatible with the surrounding uses. Therefore, staff supports the request for an MU-1 District with an SUP for a 20-year period in lieu of the applicant's proposed planned development (PD) district.

Development Standards:

The following is a comparison chart of the development standards for the current R-7.5(A) Single Family and CR Community Retail District and the proposed expansion of CS Commercial Service District. Also included are the proposed development standards under the applicant's volunteered deed restrictions.

Market Value Analysis:

[Market Value Analysis \(MVA\)](#), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The Reinvestment Fund prepared the analysis for the City of Dallas. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strengths or weaknesses. As illustrated in the attached MVA map, the colors range from purple, representing the strongest markets (A through C), to orange, representing the weakest markets (G through I). The area of request and the surrounding areas are in an “H” MVA area.
