**Zoning History:**

There has been one zoning case in the area in the last five years.

**Thoroughfares/Streets:**

<b>Thoroughfare/Street</b>	<b>Type</b>	<b>Existing/Proposed ROW</b>
Peavy Road	Community Collector	60 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on traffic.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request. The request complies with the following land use goals and policies of the Comprehensive Plan:

**ECONOMIC ELEMENT**

**GOAL 2.1 PROMOTE BALANCED GROWTH**

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

**URBAN DESIGN ELEMENT**

**GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE**

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	CR-D-1 Community Retail District	Multi-tenant commercial building
<b>North</b>	D(A) Duplex	Duplex
<b>South</b>	CR	Retail
<b>West</b>	R-7.5(A) Single Family	Single family
<b>East</b>	CR	Retail

**Land Use Compatibility:**

The request area consists of a multi-tenant commercial building. The applicant is requesting renewal of SUP No. 2220 to continue the sale of alcoholic beverages in conjunction with a restaurant without drive-in or drive-through service. The site is surrounded by a mix of retail uses as well as nearby residential. Staff finds that ongoing

alcohol sales in conjunction with a restaurant will not have a negative impact on the surrounding area. The proximity to residential uses provides a desirable opportunity for residents to walk to the restaurant and purchase alcoholic beverages, either to consume on-premise or to bring home.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The continuation of alcohol sales in conjunction with a restaurant would not be detrimental to the general welfare of the area. Automatic renewal is recommended as the Specific Use Permit was previously under automatic renewals.

**Landscaping:**

Landscaping will be provided per Article X regulations, as amended.

**Parking:**

Parking: Pursuant to the Dallas Development Code, the off-street parking requirement for a restaurant is one (1) space per 100 square feet of floor area. Therefore, the ±1,000-square foot restaurant requires ten parking spaces. The applicant has provided 58 spaces, as depicted on the site plan. While a breakdown states the uses within the facility and how parking is provided for each unit, the focus of this application is on the restaurant use and required ten parking spaces.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective,

data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within a “C” MVA area. To the northeast is an “F” MVA area.
