LOCATION: North line of LBJ Freeway, east of Coit Road

COUNCIL DISTRICT: 11

SIZE OF REQUEST: 4.47 acres **CENSUS TRACT:** 48113019208

OWNER/APPLICANT: Jonathan Tooley [Gateway Tower LLC]

REPRESENTATIVE: Chelsea Thurman

REQUEST: An application for the termination of deed restrictions [Z023-163 and a portion of Z812-139] on property zoned an MU-3 Mixed Use District with deed restrictions [Z023-163 and Z812-139].

SUMMARY: The purpose of the request is to allow development of multifamily housing.

CPC RECOMMENDATION: Approval.

STAFF RECOMMENDATION: Approval.

BACKGROUND INFORMATION:

- The area of request is currently zoned an MU-3 Mixed Use District.
- The area of request is developed with an office building and a parking garage.
- The area of request is subject to deed restrictions [Z023-163 and Z812-139] which limit the allowable uses and maximum floor area of the area of request. Z812-139 limits the floor area, while Z023-163 prohibits multifamily use.
- The applicant proposes to develop the site with multifamily.
- To accomplish this, they request that the deed restrictions on the site be terminated.
- On February 6, 2025, CPC recommended approval of the termination of deed restrictions.

Zoning History:

There have been no zoning cases in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
LBJ Freeway	Interstate highway	-
Coit Road	Principal Arterial	100 feet

Traffic:

The Engineering Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on traffic.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request. The request complies with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.3 PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

Policy 1.3.1 Create housing opportunities throughout Dallas.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Land Use:

	Zoning	Land Use
Site	MU-3 Mixed Use District with deed restrictions [Z023-163 and Z812-139]	Office
North	MF-1(A) Multifamily District, CR Community Retail, NO(A) Neighborhood Office District	Office, multifamily
South	MU-3 Mixed Use District	Office
East	MF-1(A) Multifamily District, MU-3 Mixed Use District	Multifamily
West	MU-1 Mixed Use District	Hotel

Land Use Compatibility:

The area of request is currently developed with an office and a parking garage. The surrounding area is a mix of offices and multifamily developments, within both mixed use and multifamily districts. Because of the prevailing land uses surrounding the site, staff finds that the proposed use is compatible with the surrounding area.

Staff supports the proposed amendment of the deed restrictions as their removal is not seen as detrimental to the character or general welfare of the neighborhood. A multifamily development in this area would be served by a principal arterial and the frontage road of

LBJ Freeway. The site is in proximity to various amenities and services conducive to more intensive residential development.

Landscaping:

Landscaping must be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

Parking must be provided in accordance with Chapter 51A provisions for multifamily housing.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an "I" MVA area.
