

**FILE NUMBER:** Z234-142(LC)                      **DATE FILED:** December 12, 2023

**LOCATION:** West side of Edgemere Road, between Lawnhaven Road and Royalton Drive

**COUNCIL DISTRICT:** 11

**SIZE OF REQUEST:** 12,197 square feet                      **CENSUS TRACT:** 48113013800

---

**REPRESENTATIVE:** Rob Myers

**OWNER:** Oncor

**REQUEST:** An application for a Specific Use Permit for an electrical substation on property zoned an R-16(A) Single Family District.

**SUMMARY:** The purpose of the request is to allow the expansion of an existing electrical substation.

**STAFF RECOMMENDATION:** Approval for a five-year period, subject to a site plan and conditions.

**PREVIOUS CPC ACTION:** At the May 2, 2024 hearing, the City Plan Commission moved to hold the case under advisement until June 6, 2024.

**BACKGROUND INFORMATION:**

- The area of request currently has an electrical substation with utility uses and infrastructure on site (approx. 12,197 square feet in total size).
- Geographically located in north Dallas, approx. 5 miles from University Park.
- This is lot has frontage on Edgemere Road.
- Portion of the proposed site is currently used as designed greenspace with walkways and green open space for residents in the surrounding area.
- Applicant proposes the max height of proposed structures will be 65 feet, new fencing and substation equipment and access will be from the existing full-access drive on Edgemere Road that serves the existing electric substation.
- The purpose of the request is to allow the expansion of an existing electrical substation. No existing SUP for the existing electric substation, believed to be grandfathered in as it was existing prior to the current surrounding residential zoning.
- Applicant proposes expansion to existing Oncor electric substation to expand the electric service and support the demand in the area.
- To accomplish this, the applicant is requesting a specific use permit.
- This specific use permit would expire five years from the passage of ordinance.
- On May 2, 2024 the City Planning Commission moved to hold this case under advisement until a future CPC meeting date to allow the applicant time to correspond with the community and immediate neighbors.

**Zoning History:**

There have been zero zoning cases in the area in the last five years.

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing/Proposed ROW
Edgemere Road	Local Street	-
Lawnhaven Road	Local Street	-
Royalton Drive	Local Street	-

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply with city standards.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1** ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

**Policy 1.1.5** Strengthen existing neighborhoods and promote neighborhoods' unique characteristics.

**ECONOMIC ELEMENT**

**GOAL 2.1** PROMOTE BALANCED GROWTH

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

**GOAL 2.5** FOSTER A CITY OF GREAT NEIGHBORHOODS

**Policy 2.5.1** Promote strong and distinctive neighborhoods to enhance Dallas' quality of life.

**Policy 2.5.2** Ensure that existing and future residential areas are appropriately linked in order to enhance economic development and urban design benefits.

**URBAN DESIGN ELEMENT**

**GOAL 5.2** STRENGTHEN COMMUNITY AND NEIGHBORHOOD IDENTITY

**Policy 5.2.1** Maintain neighborhood scale and character.

**NEIGHBORHOOD PLUS**

**POLICY 4.3** Enhance neighborhood desirability by improving infrastructure, housing stock, recreation, and safety.

*\*This specific site does not correlate to or fall within any city adopted area plans*

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	R-16(A)	Electrical substation
<b>North</b>	R-16(A), R-1ac(A)	Single family
<b>South</b>	R-16(A)	Single family
<b>East</b>	R-16(A)	Single family
<b>West</b>	R-16(A)	Single family

**Land Use Compatibility:**

The area of request is currently developed with an existing electrical substation with utility uses and infrastructure on site (approx. 12,197 square feet in total size), zoned an R-16(A) Single Family District on the west side of Edgemere Road, between Lawnhaven Road and Roylton Drive.

To the north, south, east, and west of the property are residential uses. With this area being surrounded by residential uses, the existing electrical substation being around prior to the current residential uses and serving the residences in the immediate area, staff finds the applicant’s requested SUP to allow the expansion of the existing Oncor electric substation compatible with the surrounding area. Staff supports the applicant’s request, provided the applicant meets and upholds the proposed SUP conditions that honor the surrounding existing residential uses.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing

certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request because the use is not foreseen to be detrimental to surrounding properties. Staff recommends an initial approval period of five years with no eligibility for automatic renewal.

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

**Parking:**

Pursuant to the Dallas Development Code, the off-street parking requirement for an electrical substation is two spaces. As shown on the proposed site plan, the site will provide the required two spaces.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in an “A” MVA area. The area of request is surrounded by “A” MVA areas to the north, south, east, and west.
