REQUEST: An application for a Specific Use Permit for a community service center use on property zoned an MF-2(A) Multifamily District.

SUMMARY: The purpose of the request is to allow for a community service center use on the site.

CPC RECOMMENDATION: Approval for a three-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: Approval for a three-year period, subject to a site plan and conditions.

- The site is currently developed with a 5,264 square foot structure and currently operating as a Community Service Center.
- The purpose of the request is to bring the community service center use into compliance with the required Specific Use Permit for this use.
- A community service center is defined as a multi-functional facility where a combination of social, recreational, welfare, health, habilitation, or rehabilitation services are provided to the public. For purposes of this definition, a facility where only business transactions or administrative, educational, school support, counseling, informational, referral, or out-patient medical, dental, or optical treatment services (or any combination of these activities) take place is not considered to be a community service center.
- The use is allowed by right in RR, IR, and CA-2(A) districts and by SUP only in all residential, office, NS(A), CR, CS, LI, CA-1(A), mixed use, multiple commercial, and urban corridor districts.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The applicant's request is consistent with the following goals and policies of the comprehensive plan.

ECONOMIC ELEMENT

GOAL 2.5 FOSTER A CITY OF GREAT NEIGHBORHOODS

Policy 2.5.1 Promote strong and distinctive neighborhoods to enhance Dallas' quality of life.

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Land Use:

Area	Zone	Use
Site	MF-2(A)	Vacant
Northwest	NO(A) CR SUP No. 785 MF-2(A)	Financial Institution
Northeast	PD 924 CS MF-2(A)	Single Family Retail/Personal Service Office
Southwest	PD 290 MF-2(A)	Surface Parking Single Family/Undeveloped
Southeast	MF-2(A)	Single Family/Undeveloped

Land Use Compatibility:

The purpose of this request is to allow for a community service center to operate within the existing building. Surrounding land uses include: a financial institution northwest and surface parking southwest of the property, office and retail uses to the northeast, single family and undeveloped land to the northeast and undeveloped lots southeast of the property.

The proposed community service center use will service the surrounding community by providing social, recreational, welfare, and health services.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect

on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff does not believe this use will be detrimental to the surrounding area. Additionally, the three-year time-period, as recommended by staff will help ensure its compatibility within a short period of time.

Landscaping:

The request will not trigger any Article X requirements, as no new construction is proposed on the site.

Parking:

The requirement for off-street parking for a community service center use is one space per 200 square feet of floor area. The 5,264 square foot building would require 27 parking spaces. The site meets the requirement by providing 46 parking spaces.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. While the subject site is not located within a designated market type, Category "E" can be found surrounding the site in every direction with a Category "D" south of the site as well.
