

2021 DALLAS CITY REDISTRICTING

Recommended Districting Plan CITY COUNCIL PROPOSED MODIFICATIONS & MOTIONS REPORT JUNE 27, 2022 – SPECIAL MEETING

The following proposed modifications will be considered during the June 27, 2022, City Council Special Meeting. Only those modifications that met the Charter-prescribed 72-hour deadline will be considered. The mayor (presiding officer) will take the duplicate and larger modifications first and then will take the remaining ones in the order received, as listed below.

Plan ID	Submitter	Other Modifications Included Within This Modification	Motion needed	Date & Time Submitted
132918	CM Blackmon (D9) proposed changes to D2, D3, D4, D5, D6, D7, D9, D13 and D14	Includes all modifications except 133018	Modification currently pending If 132918 passes, then no motion can be made on 133018 because of contiguity issues.	Motion made on 6/22/2022
133033	CM Moreno (D2), MPT Arnold (D4), CM Bazaldua (D7), CM Blackmon	Includes all modifications except 133018	No motion necessary if 132918 passes because this modification duplicates 132918.	6/23/2022 4:57 p.m.

	(D9), and CM Willis (D13) proposed changes to D2, D3, D4, D5, D6, D7, D9, D13 and D14		If 133033 passes, If 132918 passes, then no motion can be made on 133018 because of contiguity issues.	
133000	CM Willis (D13) & DMPT Narvaez (D6)		No motion necessary if 132918 or 133033 passes.	6/23/2022 12:59 p.m.
133018	CM Resendez (D5)		If 132918 or 133033 passes, no motion is in order because of contiguity issues.	6/23/2022 12:04 p.m.
131227	CM Resendez (D5)		No motion necessary if 132918 or 133033 passes.	6/23/2022 12:21 p.m.
133010	MPT Arnold (D4)		No motion necessary if 132918 or 133033 passes.	6/23/2022 4:45 p.m.
133011	MPT Arnold (D4)		If 132918, 133033 or 133010 passes, this motion will not be made.	6/23/2022 4:45 p.m.

City of Dallas 2021-22 Redistricting

District 9 Map Modification -1 Analysis – (ID-132918)

Modification Summary – MOD ID: COD-CC-Dist9 – proposes changes to D2, D3, D4, D5, D6, D7, D9, D13, D14 (Submitter: CM Blackmon (D9))

Date Submitted: - 6-22-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

Plan Max Deviation – 9.97%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

4. Change Description

The following is an explanation of the reasons for and the data supporting the modification(s):

Plan Number 131227 - The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

Plan No. 132556 (133010) - Kiest Park has historically been in District 4 and it's a park that is utilized by District 4 and to balance population.

Plan No. 132432 (133000) - This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted. This amendment: --uses Lenel

Place as the border between D6 and D13 in Midway Hollow (south of Walnut Hill/ east of Marsh Northaven Road and Royal Lane, west of Webb Chapel. -- Keeps neighborhoods south of Forest Lane between Josey Lane and Webb Chapel (north of Royal) in D13.

Plan No. 132516 - The proposed map is amending district lines for District 2, District 5, District 7, District 9, and District 14. The proposed map maintains communities who share similar interest such as Owenwood, Parkdale, Ash Creek Greenbelt, Claremont, Hillridge, Old Buckner Terrace and Lakeland Hills. The redesigned borders will allow for the continuation of collaboration between neighborhoods and community stakeholders for ongoing and future capital improvement projects, corridor studies, and future development of parks and recreation centers in the area. Collaboration and funding for capital improvement projects are in place for the Parkdale and Ferguson corridor study and Lawnview public improvements. The proposed map is designed to keep the neighborhood of Parkdale/Lawnview intact with Parkdale Lake and keep the community in District 7. Over the past few decades, the neighborhood has been advocating and working hard to keep their community together. The map is also designed to keep Deep Ellum Bark Park, Harwood Park, and Lubben park together. Adjusting the lines, will prevent disruption of the progress being done and will maintain communities together. The changes in District 9 were adjusted to keep the Casa View neighborhood together.

5. Change Impact

City of Dallas 2021-22 Redistricting

District 2,4,7,9 & 13 Map Modification -1 Analysis – (ID-133033)

Modification Summary – MOD ID: COD-CC-Dist. 2-7 – proposes changes to D2, D3, D4, D5, D6, D7, D9, D13, D14

This modification is proposed by CM Jesse Moreno, DMPT Carolyn King Arnold, CM Adam Bazaldua, CM Paula Blackmon, and CM Gay Willis, at a public meeting of the Dallas City Council.

D3 & D4:

This map moves the Kiest Park neighborhood into Council District 4 for the purposes of creating the center or core for the community (social, economic, etc.) reasons. The park helps to create and maintain community synergy! This modification speaks to providing a community of interest & nexus which supports social, political access points whereby community can assemble to promote/voice their positions on all incidents/scenarios which affects their day-to-day life experiences. Keeping the community “glued” helps to create the village needed to make Dallas safe – definitely utilizing the Equity Lenses. The proposed amendment is designed to support the greater interest of community interest, culture, social, economic, educational, and political access, and issues as it relates to quality of life and equity.

D5:

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility’s potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

D6 & 13:

This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted.

D2, D5, D7, D9 & D14:

The proposed map maintains communities who share similar interest such as

Owenwood, Parkdale, Ash Creek Greenbelt, Claremont, Hillridge, Old Buckner Terrace and Lakeland Hills. The redesigned borders will allow for the continuation of collaboration between neighborhoods and community stakeholders for ongoing and future capital improvement projects, corridor studies, and future development of parks and recreation centers in the area. Collaboration and funding for capital improvement projects are in place for the Parkdale and Fergusson corridor study and Lawnview public improvements. The proposed map is designed to keep the neighborhood of Parkdale/Lawnview intact with Parkdale Lake and keep the community in District 7. Over the past few decades, the neighborhood has been advocating and working hard to keep their community together. The map is also designed to keep Deep Ellum Bark Park, Harwood Park, and Lubben park together. Adjusting the lines, will prevent disruption of the progress being done and will maintain communities together. The changes in District 9 were adjusted to keep the Casa View neighborhood together.

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

Plan Max Deviation – 9.97%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

4. Change Description

D3 & D4:

Move Hampton to Illinois to Rugged to Kiest Blvd. from District 3 to District 4.
Move boundaries of RL Thorton Freeway to Ledbetter Dr. to Marsalis Ave. to

Laureland Rd. from District 4 to District 3. Kiest Park has historically been in District 4 and it's a park that is utilized by District 4 and to balance population.

D5: Extend the southwest boundary of District 5 to include River Ranch and the Texas Horse Park.

D6 & D13:

This amendment:

- Uses Lenel Place as the border between D6 and D13 in Midway Hollow (south of Walnut Hill/ east of Marsh Lane/ north of NW HWY/west of Midway Road).
- Moves into D 6 the neighborhood between Northaven Road and Royal Lane, west of Webb Chapel.
- Keeps neighborhoods south of Forest Lane between Josey Lane and Webb Chapel (north of Royal) in D13.

D2, D5, D7, D9 & D14:

The proposed map is amending District 2 far east border from Centerville Rd. to Gus Thomasson Rd, and Ferguson Rd to John West Road, Ashdown Dr. and N. Buckner Blvd. The Southern District 2 line is being amended from E. Grand Avenue to the outskirts of Owenwood Neighborhood. The central District 2 line is being moved from Young St. to Woods Street and extending District 14's line to Houston St. The district 7 line is being moved to include Parkdale neighborhood, moving the district line from Parkdale Lake to Bisbee Dr. and moving the Northern D7 border line to extend to Ferguson Rd, Ash Creek, and White Rock Creek. The District 5 NE line is being extended from Military Parkway to Forney Rd. and from Hunnicut Rd. to Forney Rd., along Military Parkway.

District 3-4 Changes

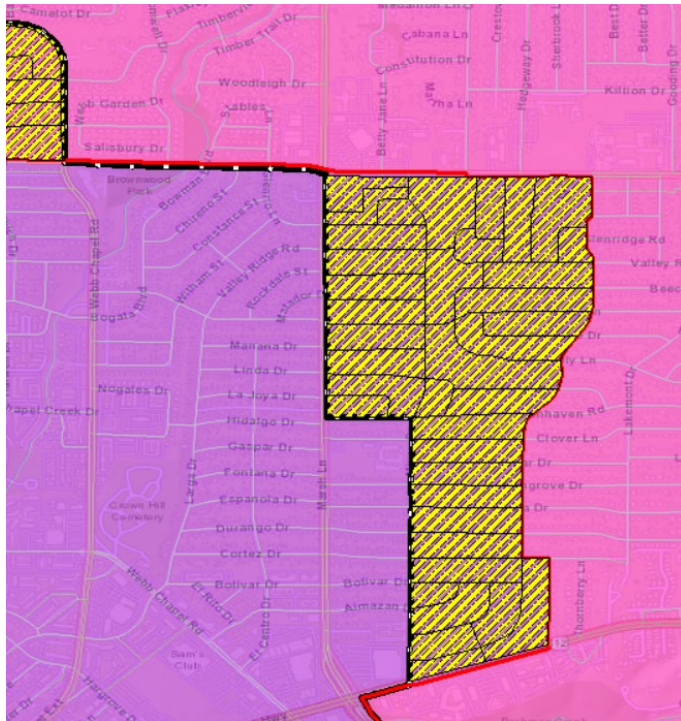

The map shows the Farmers Branch area with a proposed 1500-foot buffer zone around a 7500+/- sq ft site. The site is highlighted in yellow with diagonal hatching. The buffer zone is outlined in red. The map includes major roads like I-75, I-35, and I-10, and local streets like Bee St, Nestle St, and Farmers Branch Ln. The area is divided into various colored zones: yellow for the site, red for the buffer, and purple for other areas.

City of Dallas 2021-22 Redistricting

District 6 & 13 Map Modification -1 Analysis – (ID-133000)

Modification Summary – MOD ID: COD-CC-Dist6-13-Mod 1 (Submitter: CM Gay Willis (D13) & CM Omar Narvaez (D6))

The following is an explanation of the reasons for and the data supporting the modification(s):

This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted. This amendment:

- uses Lenel Place as the border between D6 and D13 in Midway Hollow (South of Walnut Hill/ east of Marsh Lane/ north of NW HWY/west of Midway Road).
- Moves the northern border for District 13 to Josey Lane and 635.
- Moves into D6 the neighborhood between Northaven Road and Royal Lane, west of Webb Chapel.

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

City of Dallas 2021-22 Redistricting

District 5 Map Modification -1 Analysis – (ID-133018)

Modification Summary – MOD ID: COD-CC-Dist5-Mod 1 (Submitter: CM Resendez)

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.07%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

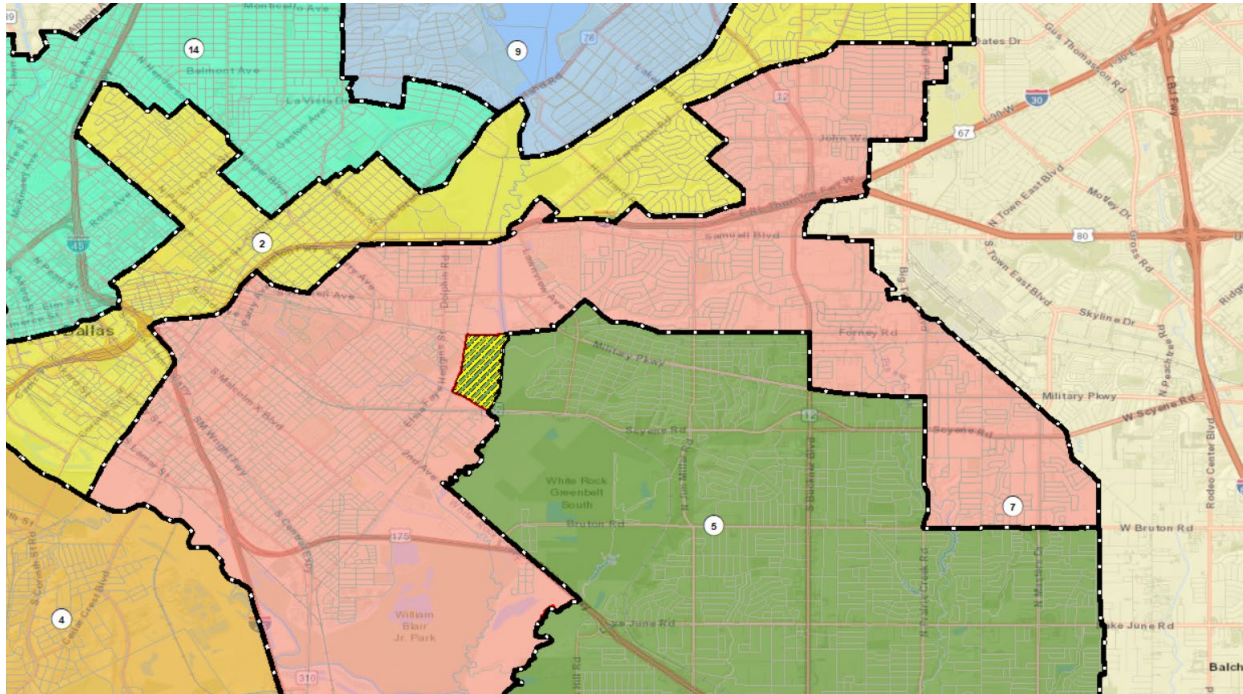

Extend the northwestern boundary of District 5 to include Parkdale Lake.

One of the principal tenets of the redistricting process is that it is important to keep “communities of interest” intact. Although the Parkdale neighborhood is currently in District 7, the map submitted by the Redistricting Commission moves it into District 5, but changes their western boundary, without including Parkdale Lake.

According to the Parkdale Neighborhood’s leadership, their neighborhood association boundaries were drawn in 1997 and were based on the Parkdale subdivision’s boundary created in 1927. It is extremely important to this community that their

entire neighborhood be in one district and that the Lake be included as well. extending the northwestern boundary of District 5 to include Parkdale Lake would have no significant change on the total population or demographics.

5. Change Impact

No impact on population.

City of Dallas 2021-22 Redistricting

District 5 Map Modification 1 Analysis (ID-131227)

Modification Summary – MOD ID: COD-CC-Dist5-Mod1 (Submitter: Jaime Resendez)

Date Submitted: - 6-2-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.05%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

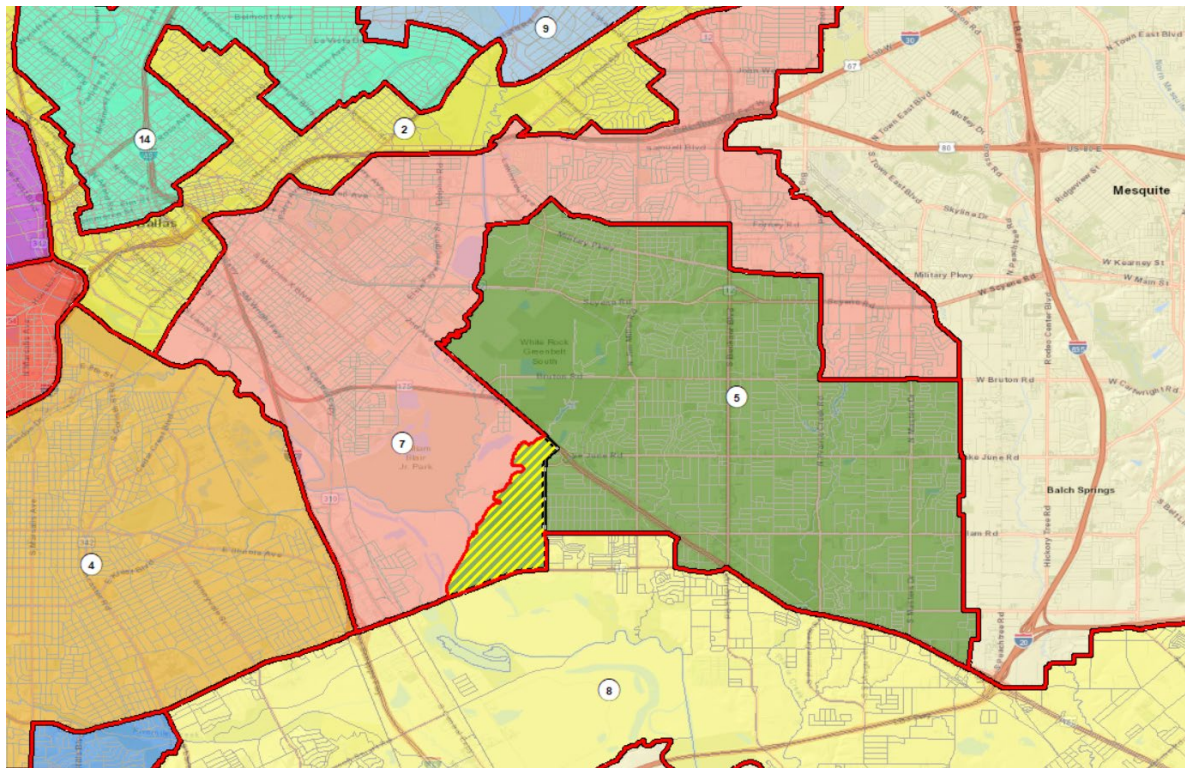

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

Extend the southwest boundary of District 5 to include River Ranch and the Texas Horse Park.

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

District 9 Map Modification -1 Analysis – (ID-132918)

Modification Summary – MOD ID: COD-CC-Dist9 – proposes changes to D2, D3, D4, D5, D6, D7, D9, D13, D14 (Submitter: CM Blackmon (D9))

Date Submitted: - 6-22-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.97%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

The following is an explanation of the reasons for and the data supporting the modification(s):

Plan Number 131227 - The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

Plan No. 132556 (133010) - Kiest Park has historically been in District 4 and it's a park that is utilized by District 4 and to balance population.

Plan No. 132432 (133000) - This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted. This amendment: --uses Lenel

Place as the border between D6 and D13 in Midway Hollow (south of Walnut Hill/ east of Marsh Northaven Road and Royal Lane, west of Webb Chapel. -- Keeps neighborhoods south of Forest Lane between Josey Lane and Webb Chapel (north of Royal) in D13.

Plan No. 132516 - The proposed map is amending district lines for District 2, District 5, District 7, District 9, and District 14. The proposed map maintains communities who share similar interest such as Owenwood, Parkdale, Ash Creek Greenbelt, Claremont, Hillridge, Old Buckner Terrace and Lakeland Hills. The redesigned borders will allow for the continuation of collaboration between neighborhoods and community stakeholders for ongoing and future capital improvement projects, corridor studies, and future development of parks and recreation centers in the area. Collaboration and funding for capital improvement projects are in place for the Parkdale and Ferguson corridor study and Lawnview public improvements. The proposed map is designed to keep the neighborhood of Parkdale/Lawnview intact with Parkdale Lake and keep the community in District 7. Over the past few decades, the neighborhood has been advocating and working hard to keep their community together. The map is also designed to keep Deep Ellum Bark Park, Harwood Park, and Lubben park together. Adjusting the lines, will prevent disruption of the progress being done and will maintain communities together. The changes in District 9 were adjusted to keep the Casa View neighborhood together.

City of Dallas 2021-22 Redistricting

District 2,4,7,9 & 13 Map Modification -1 Analysis – (ID-133033)

Modification Summary – MOD ID: COD-CC-Dist. 2-7 – proposes changes to D2, D3, D4, D5, D6, D7, D9, D13, D14

This modification is proposed by CM Jesse Moreno, DMPT Carolyn King Arnold, CM Adam Bazaldua, CM Paula Blackmon, and CM Gay Willis, at a public meeting of the Dallas City Council.

D3 & D4:

This map moves the Kiest Park neighborhood into Council District 4 for the purposes of creating the center or core for the community (social, economic, etc.) reasons. The park helps to create and maintain community synergy! This modification speaks to providing a community of interest & nexus which supports social, political access points whereby community can assemble to promote/voice their positions on all incidents/scenarios which affects their day-to-day life experiences. Keeping the community “glued” helps to create the village needed to make Dallas safe – definitely utilizing the Equity Lenses. The proposed amendment is designed to support the greater interest of community interest, culture, social, economic, educational, and political access, and issues as it relates to quality of life and equity.

D5:

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility’s potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

D6 & 13:

This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted.

D2, D5, D7, D9 & D14:

The proposed map maintains communities who share similar interest such as

Owenwood, Parkdale, Ash Creek Greenbelt, Claremont, Hillridge, Old Buckner Terrace and Lakeland Hills. The redesigned borders will allow for the continuation of collaboration between neighborhoods and community stakeholders for ongoing and future capital improvement projects, corridor studies, and future development of parks and recreation centers in the area. Collaboration and funding for capital improvement projects are in place for the Parkdale and Fergusson corridor study and Lawnview public improvements. The proposed map is designed to keep the neighborhood of Parkdale/Lawnview intact with Parkdale Lake and keep the community in District 7. Over the past few decades, the neighborhood has been advocating and working hard to keep their community together. The map is also designed to keep Deep Ellum Bark Park, Harwood Park, and Lubben park together. Adjusting the lines, will prevent disruption of the progress being done and will maintain communities together. The changes in District 9 were adjusted to keep the Casa View neighborhood together.

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

Plan Max Deviation – 9.97%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria**

☐ **Plan does not meet Criteria**

4. Change Description

D3 & D4:

Move Hampton to Illinois to Rugged to Kiest Blvd. from District 3 to District 4.
Move boundaries of RL Thorton Freeway to Ledbetter Dr. to Marsalis Ave. to

Laureland Rd. from District 4 to District 3. Kiest Park has historically been in District 4 and it's a park that is utilized by District 4 and to balance population.

D5: Extend the southwest boundary of District 5 to include River Ranch and the Texas Horse Park.

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was

instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

D6 & D13:

This amendment:

- Uses Lenel Place as the border between D6 and D13 in Midway Hollow (south of Walnut Hill/ east of Marsh Lane/ north of NW HWY/west of Midway Road).
- Moves into D 6 the neighborhood between Northaven Road and Royal Lane, west of Webb Chapel.
- Keeps neighborhoods south of Forest Lane between Josey Lane and Webb Chapel (north of Royal) in D13.

D2, D5, D7, D9 & D14:

The proposed map is amending District 2 far east border from Centerville Rd. to Gus Thomasson Rd, and Ferguson Rd to John West Road, Ashdown Dr. and N. Buckner Blvd. The Southern District 2 line is being amended from E. Grand Avenue to the outskirts of Owenwood Neighborhood. The central District 2 line is being moved from Young St. to Woods Street and extending District 14's line to Houston St. The district 7 line is being moved to include Parkdale neighborhood, moving the district line from Parkdale Lake to Bisbee Dr. and moving the Northern D7 border line to extend to Ferguson Rd, Ash Creek, and White Rock Creek. The District 5 NE line is being extended from Military Parkway to Forney Rd. and from Hunnicut Rd. to Forney Rd., along Military Parkway.

City of Dallas 2021-22 Redistricting

District 6 & 13 Map Modification -1 Analysis – (ID-133000)

Modification Summary – MOD ID: COD-CC-Dist6-13-Mod 1 (Submitter: CM Gay Willis (D13) & CM Omar Narvaez (D6))

The following is an explanation of the reasons for and the data supporting the modification(s):

This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted. This amendment:

- uses Lenel Place as the border between D6 and D13 in Midway Hollow (South of Walnut Hill/ east of Marsh Lane/ north of NW HWY/west of Midway Road).
- Moves the northern border for District 13 to Josey Lane and 635.
- Moves into D6 the neighborhood between Northaven Road and Royal Lane, west of Webb Chapel.

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.07%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

This amendment respects the wishes of residents of D6 and D13 with minimal change to demographics based on the original map submitted.

This amendment:

--uses Lenel Place as the border between D6 and D13 in Midway Hollow (south of

Walnut Hill/ east of Marsh Lane/ north of NW HWY/west of Midway Road).

--Moves the northern border for District 13 to Josey Lane and 635.

--Moves into D6 the neighborhood between Northaven Road and Royal Lane, west of Webb Chapel.

District 5 Map Modification -1 Analysis – (ID-133018)

Modification Summary – MOD ID: COD-CC-Dist5-Mod 1 (Submitter: CM Resendez)

Date Submitted: - 6-23-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.07%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

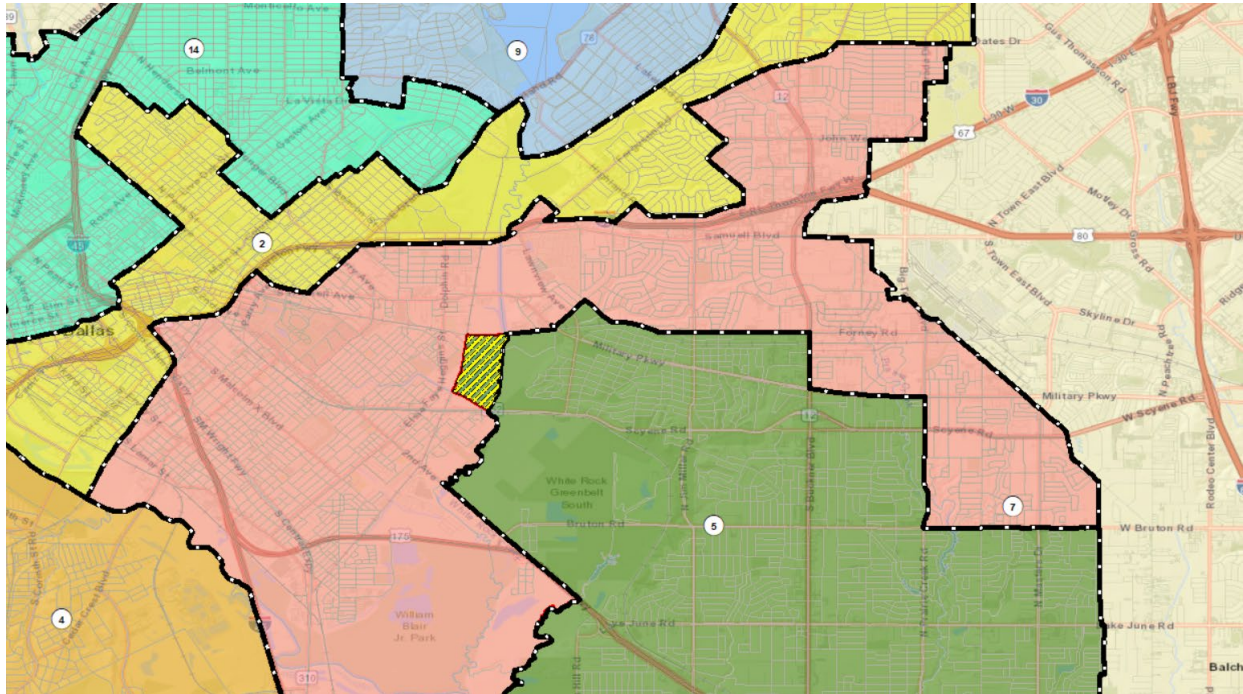

Extend the northwestern boundary of District 5 to include Parkdale Lake.

One of the principal tenets of the redistricting process is that it is important to keep “communities of interest” intact. Although the Parkdale neighborhood is currently in District 7, the map submitted by the Redistricting Commission moves it into District 5, but changes their western boundary, without including Parkdale Lake.

According to the Parkdale Neighborhood’s leadership, their neighborhood association boundaries were drawn in 1997 and were based on the Parkdale subdivision’s boundary created in 1927. It is extremely important to this community that their

entire neighborhood be in one district and that the Lake be included as well. extending the northwestern boundary of District 5 to include Parkdale Lake would have no significant change on the total population or demographics.

5. Change Impact

No impact on population.

City of Dallas 2021-22 Redistricting

District 5 Map Modification 1 Analysis (ID-131227)

Modification Summary – MOD ID: COD-CC-Dist5-Mod1 (Submitter: Jaime Resendez)

Date Submitted: - 6-2-2022

Current Status: Requested modification to the Redistricting Plan as submitted by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**
Plan Max Deviation – 9.05%

2. Contiguity: All districts should be geographically contiguous.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

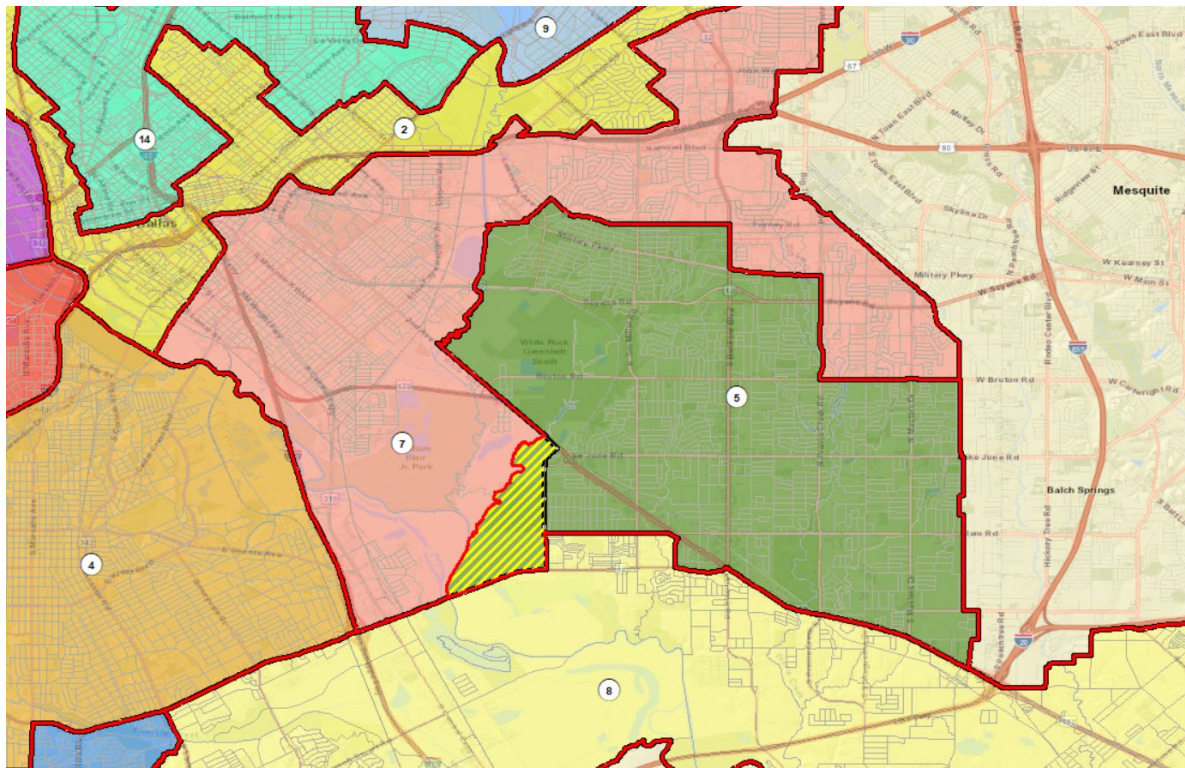

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

Extend the southwest boundary of District 5 to include River Ranch and the Texas Horse Park.

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

4. Change Description

Move Hampton to Illinois to Rugged to Kiest Blvd. from District 3 to District 4

Move boundaries of RL Thorton Freeway to Ledbetter Dr. to Marsalis Ave. to Laureland Rd. from District 4 to District 3.

Kiest Park has historically been in District 4 and it's a park that is utilized by District 4 and to balance population.

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

3. Unassigned Census Blocks

☒ **Plan meets Criteria** ☐ **Plan does not meet Criteria**

4. Change Description

This map moves the Kiest Park neighborhood into Council District 4 for the purposes of creating the center or core for the community (social, economic, etc.) reasons. The park helps to create and maintain community synergy!

This particular modification speaks to providing a community of interest & nexus which supports social, political access points whereby community can assemble to promote/voice their positions on all incidents/scenarios which affects their day-to-day life experiences. Keeping the community “glued” helps to create the village needed to make Dallas safe – definitely utilizing the Equity Lenses.

5. Change Impact - None
