REQUEST: An application for an amendment to Specific Use Permit No. 2048 for the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 100,000 square feet or more on property zoned an RR-D-1 Regional Retail District with a D-1 Liquor Control Overlay.

SUMMARY: The purpose of the request is to continue to allow the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 100,000 square feet.

STAFF RECOMMENDATION: Approval for a three-year period with eligibility for automatic renewal for additional three-year periods, subject to amended conditions.

PRIOR CPC ACTION: On October 24, 2024, CPC moved to hold this case under advisement until November 21, 2024.

BACKGROUND INFORMATION:

- The area of the request is zoned an RR-D-1 Regional Retail District with a D-1 Liquor Control Overlay.
- The SUP was originally approved by City Council on September 25, 2013, and was subsequently renewed on September 22, 2015, September 26, 2018, and August 11, 2021.
- The applicant is requesting eligibility for automatic renewal every three years.
- The lot has frontage on Interstate 30, Samuel Boulevard, and Saint Francis Avenue.
- Since the last hearing, no changes have been made to the case report.

Zoning History:

There has been one zoning cases in the area over the past five years.

1. **Z223-310** – On March 27, 2024, City Council approved a new Specific Use Permit number 2429 for the sale of alcoholic beverages in conjunction with a general merchandise store greater than 3,500 square feed on a property zoned Planned Development District No. 605 with a D-1 Liquor Control Overlay, on the Southwest Corner of Samuel Boulevard and South Buckner Boulevard.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Saint Francis Avenue	Local Street	-
Samuel Boulevard	Community Collector	80 feet

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply with city standards.

STAFF ANALYSIS:

Comprehensive Plan

The forwardDallas! Comprehensive Plan was adopted by the City Council in June 2006. The forwardDallas! Comprehensive Plan outlines several goals and policies that can serve as a framework for assisting in evaluating the applicant’s request. The applicant’s request is consistent with the following goals and policies of the comprehensive plan.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.3 Support efforts to grow retail and residential opportunities in the Southern Sector

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Land Use:

	Zoning	Land Use
Site	Regional Retail	Retail
North	Regional Retail	Retail and Restaurant
East	Regional Retail	Retail
South	R-7.5(A)	Single Family
West	Regional Retail	Retail

Land Use Compatibility:

The site is developed with an approximately 208,653-square foot general merchandise or food store, which is permitted by right in the RR Regional Retail District. The sale of alcoholic beverages on the property required a Specific Use Permit due to the D-1 Liquor Control Overlay. The renewal of SUP No. 2048 will allow the continued sale of alcoholic beverages for off-premises consumption in conjunction with the existing general merchandise store.

Other uses surrounding the area of request retail and restaurant uses to the north, west, and east and single family uses to the south. The general merchandise matches the existing fabric of the surrounding area and supports the single family uses to the south.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff is in support of the request for a three-year period with eligibility for automatic renewal for additional three-year periods, as staff does not foresee detrimental effects of this use on the surrounding area.

Landscaping:

No new development is proposed. Therefore, no additional landscaping is required.

Parking:

The Dallas Development Code requires off-street parking to be provided for a general merchandise or food store 100,000 square feet or more at a ratio of one space for each 300 square feet of floor area.

The request site exceeds the required number of off-street parking spaces for the site. The 208,653 square foot development requires 696 spaces, and the existing site plan provides 837 spaces. The applicant does not propose amending the existing site plan.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of the request and the areas immediately south and east are located in an “E” MVA area. The areas to the west and north are located in an “F” MVA area and to the northeast is an “I” MVA area.
