Mission Statement

The mission of the Southwestern Medical Tax Increment Financing District is to provide a source of funding for public infrastructure improvements anticipated to enhance the real estate market for the Southwestern Medical TIF District area. The Southwestern Medical TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping a former industrial and warehouse district to take full advantage of the expanding DART light rail system, to promote transit-oriented development, especially in areas that are major employment centers like the Medical District, and to implement appropriate urban design standards.

The Dallas City Council established the Southwestern Medical TIF District by Ordinance Number 25965 on April 27, 2005. The Southwestern Medical District took effect on January 1, 2006 and is scheduled to terminate on December 31, 2027 (including collection of the 2027 increment and any related matters to be concluded in 2028) or when the budget of \$31.1 million (2006 dollars) has been collected. The City of Dallas and Dallas County are the two participating jurisdictions. The City's participation is 80%, and the County's participation is 55% of incremental revenue collected.

On November 11, 2020, City Council approved Ordinance No. 31706 authorizing a reduction in the City's participation rate in the TIF District. Beginning with fiscal year 2019-2020 through the remaining term of the TIF District, the City's participation rate will decrease from 80% to 45%. City Council also authorized an amendment of Dallas County's participation agreement to reduce the County's participation from 55% to 30% for the remaining term of the TIF District.

As part of the amendment of the TIF District in 2020, City Council also expanded the TIF District's boundary to create two sub-districts. The original boundary of the TIF District became the Southwestern Medical Sub-district and the Medical Campus Sub-district was created. The Medical Campus Sub-district is scheduled to terminate on December 31, 2045 (including collection of the 2045 increment and any related matters to be concluded in 2046) or when the budget of \$65 million (2020 dollars) has been collected. The City of Dallas participation rate for the Medical Campus Sub-district is 80% over the term of the new sub-district. Increment collection for the sub-district will begin in 2025.

TIF District Accomplishments

The initial development project completed in the Southwestern Medical TIF District was the Colonial Reserve at Medical District (formerly Cityville Southwestern Medical District) in 2007. The Colonial Reserve provided 45,000 square feet of retail/office space and 278 apartment units near the Southwestern Medical District/Parkland light rail station.

Vibe Medical District Apartments (formerly The Alexan Southwestern, developed by Trammel Crow Residential), a residential, transit-oriented development was completed in 2009 adding 396 luxury apartments to the TIF District. Adjacent to the Vibe Medical

District Apartments at 4707 Bengal Street, the Ronald McDonald House constructed 60 units of low-cost, temporary lodging/dorm facilities for families with children receiving medical care in 2009.

The Link on Maple (formerly Maple Garden LP), a 120-apartment complex at 5219 Maple Avenue adjacent to Parkland East Parking Lot completed in the summer of 2012.

With the completion of the DART Green Line expansion (NW corridor), the Southwestern Medical District/Parkland light rail station opened December 2010. The Orange Line, which opened in 2014, runs parallel to Green Line through the TIF District.

UT Southwestern (UTSW) Medical Center continues expansion in the Medical District. In early April 2018, the Simmons Comprehensive Cancer Center opened a new Radiation Oncology Building, a \$66 million structure on the east campus, with three floors and 63,000 square feet of space. Its modern design and array of leading-edge technology has garnered multiple awards.

Construction also continues on UTSW's West Campus Master Plan. The Phase I building, opened summer 2018, adding 275,000 square feet of space over 11 floors. Approximately half is used for academic and educational space, with the remainder for expansion of UTSW's Health System ambulatory clinics. Phase 1 also included the construction of a new thermal energy plant and a garage with 1,600 parking spaces to improve faculty, visitor, and patient access.

UTSW is also undertaking a \$480 million expansion of its flagship William P. Clements Jr. University Hospital. The 12-story, third tower continued construction during the 2019 fiscal year and opened in 2021. The tower will serve as the clinical home for the Peter O'Donnell Jr. Brain Institute, consolidate acute inpatient care services currently provided at Zale Lipshy University Hospital, and add operating rooms, interventional suites, a newly expanded Emergency Department and two new parking facilities.

Parkland Hospital continues to enhance patient care by adding satellite clinics to the communities they serve and by moving outpatient services from the old campus at 5201 Harry Hines to the new campus at 5200 Harry Hines. To accommodate the relocation of outpatient services, construction of a new 6-story, 500,000 square foot clinic began in February of 2019 and opened in 2021. Oncology, diabetes, breast health, infusion, ophthalmology and HIV are included among the specialty clinics that are housed in the new clinic. A new 1,400 space parking garage, located between Maple St. and the new clinic, was also completed. Parkland continued relocation from its old campus to the new campus.

Parkland Hospital's complete relocation to its new campus will leave 38.3 acres of land (and all existing buildings and improvements on the land) south of Harry Hines Boulevard available for redevelopment. Recognizing that private redevelopment of the former Parkland Hospital Campus would require significant expenditures for environmental remediation, demolition, construction of utility systems, roadways, and streetscape improvements, pedestrian improvements, connections to Medical/Market Center Trinity

Railway Express station, trail connections, and public open space, City Council approved various amendments to the Southwestern Medical TIF District on November 11, 2020.

The TIF District's Plan was amended in 2020 to:

- (1) create two sub-districts within the Southwestern Medical TIF District:
 - (a) Southwestern Medical Sub-district (original Zone boundary) and
 - (b) Medical Campus Sub-district;
- (2) increase the geographic area of the Zone to add approximately 118.9 acres to create the Medical Campus Sub-district to facilitate redevelopment;
- (3) reduce the percentage of tax increment contributed by the City of Dallas during the remaining term of the Southwestern Medical Sub-district from 80% to 45%;
- (4) authorize an amendment to the participation agreement with Dallas County to reduce the percentage of tax increment contributed by Dallas County during the remaining term of the Southwestern Medical Sub-district from 55% to 30% and establish the percentage and duration of tax increment contributed by Dallas County during the term of the Medical Campus Sub-district;
- (5) establish a termination date for the Medical Campus Sub-district of December 31, 2045;
- (6) establish the percentage of tax increment contributed by the City of Dallas during the term of the Medical Campus Sub-district at 80%;
- (7) increase the Zone's total budget from \$27,550,486 NPV (approximately \$46,059,711 total dollars) to \$92,621,769 NPV (approximately \$153,885,868 total dollars), an increase of \$65,071,283 NPV (approximately \$107,826,157 total dollars);
- (8) restructure the Zone's budget to consolidate and broaden categories of eligible project costs in the Southwestern Medical Sub-district and add new budget categories for the Medical Campus Sub-district;
- (9) provide a one-time transfer of collected and unobligated funds in the Zone to the Medical Campus Sub-district in an amount not to exceed \$8 million dollars no later than December 31, 2022; and
- (10) make corresponding modifications to the Zone's boundary, budget, and Plan.

The approved amendments will encourage growth of an anchor institutional asset and major employment center (Medical District) and support private development of previously tax-exempt property, increasing the City's tax base.

³Based upon 1) DCAD market value for completed projects (unless project has not yet been assessed) and 2) estimated DCAD value for projects under construction or announced.
⁴Maximum TIF Subsidy amount per project's development agreement.
⁵Include select significant projects within the TIF District.
⁶Tax-Exempt properties

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance from the TIF District are subject to the City's and County's established criteria for mixed-income housing. To date, all residential development within the TIF District has occurred without assistance.

Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District, as determined by the Dallas Central Appraisal District's certified property tax roll for the base year. The base value is established the year a property is placed within TIF District boundaries.

The Southwestern Medical TIF District's 2006 adjusted base year value was \$67,411,054. The 2020 amendment of the TIF District's financing plan created two sub-districts: Southwestern Medical Sub-district and Medical Campus Sub-district. As a result, each sub-district has its own base year value.

Southwestern Medical Sub-district – In 2006, the Southwestern Medical sub-district's adjusted base year value was \$67,411,054. The sub-district's 2022 certified taxable value is \$378,135,328. This represents an increase of \$310,724,274 (461%) from the adjusted base year value.

The sub-district's value increased by \$60,658,988 (19.1%) from the 2021 final value (\$317,476,340). The increase in value will result in the collection in 2023 of approximately \$1,245,985 (City - \$1,042,822; County - \$203,163) incremental revenue for the TIF District.

Medical Campus Sub-district – In 2020, the base year value for the Medical Campus Sub-district was \$0. Increment collection for this sub-district will begin in 2025.

Objectives, Programs, and Success Indicators

The Southwestern Medical Project Plan and Reinvestment Zone Financing Plan was approved in January 2006 and was amended in December 2008. In 2020, the TIF District's Project Plan and Reinvestment Zone Financing Plan was amended, and the goals and objectives were expanded to include additional public improvements as well as private development in the newly created Medical Campus Sub-district. The following objectives and action items set the framework for the planned improvements within the Southwestern Medical TIF District:

Southwestern Medical Sub-district

- Additional taxable value attributed to new private investment in projects in the Southwestern Medical TIF District shall total approximately \$280 million.

Total under construction and completed projects have added approximately \$276,208,336 (99% of goal) in new taxable value to the TIF District.

- New private development in the Southwestern Medical TIF District shall add a total of approximately 300,000 square feet of retail/office space and at least 3,000 new apartment units.

Projects under construction or completed within the TIF District have created 2,907,267 square feet of retail, medical office and commercial space (969% of goal) and 1,248 residential units (41.6% of goal).

- Support the conversion of the Southwestern Medical area from industrial and warehousing land uses to a mixed-use, transit-oriented neighborhood that complements the Medical District.

Staff and the Board continue to foster a working relationship with Parkland, DART, and potential developers to encourage transit-oriented development that complements the area. The Colonial Reserve at Southwestern Medical and Vibe Medical District Apartments projects have resulted in the conversion of former industrial and warehousing space to residential and retail uses.

The Stemmons Corridor - Southwestern Medical District Area Plan (Vision and Policy Plan) was adopted by the City Council in June 2010.

- Increase recreational opportunities and improved connections to the City of Dallas trails and open space system in the Southwestern Medical Area.

The TIF District will reimburse the cost to construct the Cedar Branch Bridge and a hike and bike trail that will connect Hawthorne Avenue to the Parkland light rail station in the TIF District.

- Generate an NPV of \$27.5 million (2006 dollars) or approximately \$31 million in total dollars of project revenues over the 20-year life of the TIF District.

To date, the TIF District has collected \$11,773,571 in increment (43% of goal).

- Develop a grant program to promote private medical industry and economic development in the TIF District.

In June of 2009 the TIF District's Board of Directors adopted Southwestern Medical TIF District Loan or Grant Program. The purpose of the program is to provide grants from the TIF District's tax increment fund to development projects that promote: (1) development and diversification of the economy; (2) public

infrastructure improvements including improvements to pedestrian connections and utility burial within the Southwestern Medical TIF District; 3) development of the private bio-medical industry and applied research associated with UT Southwestern Medical Center; 4) new residential development to offset the cost of affordable housing requirement 5) retail or medical office development; 6) mixed-use, transit-oriented development, including development that provides additional linkages to existing transit services; and 7) high density development by offsetting costs associated with structured parking.

Medical Campus Sub-district

- Create approximately \$787 million in new taxable value attributable to new private investment in the Medical Campus Sub-district over the twenty-five (25) year life of the sub-district.
- Attract new private development in the Medical Campus Sub-district that will add a total of approximately 1.8 million square feet of office/medical office space, 300,000 square feet of hotel space, 60,000 square feet of retail space and 500 residential units.
- Generate approximately \$65 million NPV in increment over the twenty-five (25) year term of the Medical Campus Sub-district.

Year-End Summary of Meetings

The Southwestern Medical TIF District Board of Directors met once during the 2021-2022 fiscal year on January 27, 2022.

The Board of Directors consist of six members, including five (five) City of Dallas appointees and one (1) Dallas County appointee.

The TIF District Board consisted of the following members during the fiscal year:

Pamela Bryant, City Appointee (attended 1 of 1 meeting)
Michael Quezada, City Appointee (attended 1 of 1 meeting)
Se-Gwen Tyler, City Appointee (attended 1 of 1 meeting)
John Wilson, City Appointee (attended 1 of 1 meeting)
Vacant, City Appointee (attended 1 of 1 meeting)
Luis Tamayo, Dallas County Appointee (attended 1 of 1 meeting)

During the fiscal year, City Council approved one (1) item associated with the Southwestern Medical TIF District:

- On February 23, 2022, City Council approved Resolution No. 22-0385 accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Ten (Southwestern Medical TIF District or District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

M/WBE Participation

Public bidding is not required for TIF District projects. All TIF District-funded projects must follow the City's adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-funded projects. The BID Plan goal for TIF District projects listed below was twenty-five percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to thirty-two percent (32%).

M/WBE Participation

Colonial Reserve at Southwestern Medical ¹	Davis Excavation	\$1,376,916.70	27.71% (\$381,544)
¹ voluntarily participated in the M/WBE program			

FY 2022-2023 Work Program

The work items for FY 2022-2023 for the Southwestern Medical TIF District include:

- Adoption of the FY 2021-2022 Annual Report.
- Increase recreational opportunities and improved connections to the City of Dallas trails and open space system in the Southwestern Medical Area.
- Assist with facility improvements included in Medical District Master Plan coordinated/adopted by Parkland Health and Hospital System, Children's Medical Center, and UT Southwestern Medical Center.
- Coordinate with the Dallas County Hospital District (DCHD) and private developers to facilitate redevelopment in the Medical Campus Sub-district.

Note: Fiscal year 2021-22 unaudited financial statements are based on preliminary close numbers and are subject to review by the City Controller's Office prior to approval by the City Council. In case of any material changes, TIF board will be provided updated financial statements.

City of Dallas, Texas
Southwestern Medical Tax Increment Financing District Fund
Reinvestment Zone Number Ten
As of September 30, 2022

Chapter 311.016 of V.C.T.A. requires the following information as part of the annual report on the status of the TIF District. Information is contained in detail on the attached financial statements.

1. Amount and source of revenue in the tax increment fund established for the zone:

(\$177,688) Interest Income
<u>\$1,098,071</u> Ad Valorem Taxes (Collected in FY 2021-22 based on 2021 Final Tax Roll)
<u>\$920,383</u> Total Revenue

2. Amount and purpose of expenditures from the fund:

\$48,892 Administrative Expense - TIF admin cost for FY 2021-2022
\$0 Non-Capital Outlay
\$0 Capital outlay
<u>\$0</u> Additional Subsidy in Form of Grant (in lieu of interest expense)
<u>\$48,892</u> Total Expenditures

3. The TIF District began reimbursing the general fund for administrative costs in fiscal year 2008-09.

4. Amount of Principal and Interest due-on outstanding bonded indebtedness is as follows:

Southwestern Medical TIF District has incurred no bonded indebtedness as of September 30, 2022.

5. The TIF District entered into a development agreement with Texas InTownHomes, LLC for the Cedars Branch Bridge project in an amount not to exceed \$826,500 with anticipated completion by 6/30/2022 and reimbursement to begin thereafter subject to availability of TIF District funds.

6. Tax increment base and current captured appraised value retained by the TIF District:

Taxing Jurisdiction	Taxable	Base Year	Base Year	Est. Captured
	Value 2022 ¹	2005 Value	2020 Value	Value 2022 ²
City of Dallas - Southwestern Medical Sub-district	\$378,135,328	\$67,411,054	-	\$310,724,274
City of Dallas - Medical Campus Sub-district	\$0	-	\$0	\$0
Dallas County - Southwestern Medical Sub-district	\$378,135,328	\$67,411,354	-	\$310,723,974
Dallas County - Medical Campus Sub-district	\$0	-	\$0	\$0

¹2022 taxable value shown for participating taxing jurisdictions. County values are approximate and will vary slightly from the city value due to different exemption levels.

²Based on DCAD Certified Taxable Value. The final values will be determined on February 1, 2023.

7. Captured appraised value by the municipality and other taxing units the total amount of the tax increment received, and any additional information necessary to demonstrate compliance with the tax increment financing plan adopted by the governing body of the municipality:

a. Estimated tax increment shared by the municipality and other participating taxing jurisdictions:

Taxing Jurisdiction	Amount of	
	Assessment Per \$100	Estimated 2022 Increment
City of Dallas - Southwestern Medical Sub-district	0.33561	\$1,042,822
City of Dallas - Medical Campus Sub-district	0.59664	\$0
Dallas County - Southwestern Medical Sub-district	0.06538	\$203,163
Dallas County - Medical Campus Sub-district	0.06538	\$0
Total for all Jurisdictions	<u>\$1.06302</u>	<u>\$1,245,985</u>

Note: City Ordinance No. 31706 reduced the City's participation rate from 80% to 45% in the Southwestern Medical Sub-district (original TIF District boundary).

County participation rate in the Southwestern Medical Sub-district can be reduced from 55% to 30% for 2020 to 2027.

b. The total amount of estimated tax increment to be billed for the 2022 tax year is \$1,245,985.

c. For the 2021 tax year, increment in the amount of \$1,098,071 was received.

d. The City Ordinance No. 31706 also established the Medical Campus Sub-District in which the City will participate at 80%. This sub-district will begin increment collection in 2025 (collection of tax year 2024 increment in 2025).

City of Dallas, Texas
Southwestern Medical Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,215,285 (2006/2020 NPV dollars) over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. Beginning January 1, 2020, City Ordinance number 31706 established the new Medical Campus Sub-district. The Medical Sub-district term is set for twenty-five (25) years and will terminate December 31, 2045, with only twenty-one (21) years of actual increment collection. The sub-district will begin increment collection in 2022 (collection of tax year 2024 increment in 2025). The City of Dallas will participate at a rate of 80%.
6. "Due to general fund" amount of \$238,857 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$45,707), fiscal year 2019-2020 (\$80,770), fiscal year 2020-2021 (\$63,488) and fiscal year 2021-2022 (\$48,892) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. These administrative costs do not include billing by other City departments.
7. All project costs resulting in public improvements which are owned by the City are capitalized.

Appendix B – Project Pay-off Estimates

Project Name	TIF Award	Estimated Payoff
Cedar Branch Bridge	\$826,500	2023
<i>*As of September 30, 2020, the TIF District has enough funds on hand to pay-off the project listed above.</i>		

Appendix C – District-Wide Set Aside Funds

The TIF Increment Allocation Policy adopted by the Southwestern Medical TIF District Board of Directors currently provides for 10% of annual increment, after administrative expenses, to be set-aside for District-Wide Improvements. To date, approximately \$1,177,357 has been collected and is available for expenditure as a District-Wide Set-Aside.

Potential uses as defined by the Increment Allocation Policy include:

- Gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks.

The Cedar Branch Bridge Project will be reimbursed from the District-Wide Improvement Set-Aside and will be given a payment priority until the \$826,500 subsidy is paid.
