Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

1.1.5.3 Encourage neighborhood-serving office, retail, or other non-residential uses to be located in residential community areas, primarily on significant roadways or at key intersections.

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1. Encourage a balance of land uses within walking distance of each other.

Land Use:

	Zoning	Land Use
Site	RR Regional Retail District	GMFS <3,500 sq. ft., motor vehicle fueling station
North	Planned Development District No. 533	Retail uses
East	RR Regional Retail District	Retail uses, motor vehicle fueling station
South	RR Regional Retail District	Retail uses
West	RR Regional Retail District	Retail uses

(All surrounding properties and the subject property have a D-1 Liquor Control overlay)

Land Use Compatibility:

The 21,344 square-foot site is developed with a general merchandise or food store 3,500 square feet or less. The renewal of this SUP will not alter the current character of the surrounding areas.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

General merchandise use is also regulated by Chapter 12B of the Dallas City Code, Convenience Stores. This chapter applies to all convenience stores, which is defined as any business that is primarily engaged in the retail sale of convenience goods, or both convenience goods and gasoline, and has less than 10,000 square feet of retail floor space; the term does not include any business that has no retail floor space accessible to the public. The purpose of Chapter 12B is to protect the health, safety, and welfare of the citizens of the city of Dallas by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores in the city. This chapter establishes a registration program for convenience stores and provides requirements relating to:

- surveillance camera systems,

Z223-236(GB)

- video recording and storage systems,
- alarm systems,
- drop safes,
- security signs,
- height markers,
- store visibility,
- safety training programs, and
- trespass affidavits.
-

The 12 B inspection was completed on February 2, 2024.

Staff recommends approval subject to the proposed conditions. The requested renewal of SUP No. 2337 is not contrary to the public interest.

Landscaping:

Any new development on the property will require landscaping in accordance with the landscaping requirements in Article X, as amended. No new development or expansion is proposed; therefore, no additional landscaping is required.

Parking:

The Dallas Development Code requires off-street parking to be provided for a general merchandise or food store use at one space for each 200 square feet of floor area. For the 2,700 square foot building, 14 spaces would be required. The site plan depicts 16 parking spaces.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policymakers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The site is located in an “H” MVA area.
