The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as

the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. Additionally, this development will complement the prior large scale retail that has been developed along Samuell Boulevard.

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

Per the Dallas Development Code, the off-street parking requirement for a convalescent and nursing homes, hospice care, and related institutions use is 0.3 spaces per bed. The site is required to provide 34 parking spaces, and the site provides 39 parking spaces.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in an “F” MVA area that extends to the north, northwest, and southwest. Directly southwest of the request area across South Malcolm X Boulevard is a “G” MVA cluster. Further southwest of the request area is an “I” MVA area.
