

**FILE NUMBER:** Z189-127(SO/JP)

**DATE FILED:** November 1, 2018

**LOCATION:** An area generally located along both sides of Pierce Street between the alley north of Gladstone Drive to the north and Catherine Street to the south

**COUNCIL DISTRICT:** 1

**MAPSCO:** 53-G

**SIZE OF REQUEST:** ±5.15 acres

**CENSUS TRACT:** 48113005300

---

**REQUEST:** A City Plan Commission authorized hearing to determine proper zoning on property zoned Subarea II in Conservation District No. 8, the North Cliff Conservation District with consideration to be given to appropriate zoning for the area to include but not limited to use, development standards, and other appropriate regulations.

**SUMMARY:** The purpose of this authorized hearing is to implement to recommendations of the West Oak Cliff Area Plan (WOCAP), adopted by City Council on October 26, 2022, by amending the existing Subdistrict 2 of CD 8 regulations to allow for additional uses and to eliminate parking requirements for existing nonresidential buildings.

**CPC RECOMMENDATION:** Approval of amendments to Subarea II in Conservation District No. 8, the North Cliff Conservation District with the following change: Single family uses are permitted along with the nonresidential uses that are part of staff's recommendation on the northern portion of City Block 1/3878 where the residential structure is currently located.

**STAFF RECOMMENDATION:** Approval of amendments to Subarea II in Conservation District No. 8, the North Cliff Conservation District.

**BACKGROUND INFORMATION:**

- On November 1, 2018, the City Plan Commission authorized a hearing to determine proper zoning for the area of request, the North Cliff Neighborhood Center, which was historically located near the terminus of a streetcar line that ran from Brooklyn Avenue and Pierce Street eastward towards Downtown Dallas.
- Between November 2020 to October 2022, the Planning and Urban Design (PUD) Department engaged the community in developing the West Oak Cliff Area Plan (WOCAP), which provided the long-range vision for land use and zoning for the area, including the North Cliff Neighborhood Center.
- On October 26, 2022, WOCAP was unanimously adopted by the City Council and became the impetus for prioritizing the rezoning of the authorized hearing area.
- On August 8, 2024, the Planning and Development Department hosted a community meeting to kick-off the authorized hearing process.
- Staff also attended North Cliff Neighborhood Association meetings on June 20, 2024, and September 12, 2024, to answer questions about the authorized hearing.
- The authorized hearing area consists of 15 single family homes, three vacant retail structures, a church, and one undeveloped property.
- On January 23, 2025, this zoning case was presented to the City Plan Commission, which unanimously voted in support of the staff's proposed zoning recommendations with a minor change to permit single family uses along with the nonresidential uses that are part of staff's recommendation on the northern portion of City Block 1/3878 where the residential structure is currently located.
- The retail node, constructed in the 1920s and 30s, served as a small neighborhood center for the newly created North Cliff Neighborhood. The retail structures have remained vacant for decades.
- The North Cliff Conservation District (CD 8) was approved on August 28, 1996. The overall development standards, including architectural standards, will not be affected by this authorized hearing.

**Zoning History:**

There have been no recent zoning changes requested in the area in the last five years.

**Thoroughfares/Streets:**

<b>Thoroughfare/Street</b>	<b>Type</b>	<b>Existing ROW</b>
Pierce Street	Local Street	50 feet
Gladstone Drive	Local Street	70 feet
W. Brooklyn Avenue	Local Street	60 feet
Catherine Street	Local Street	60 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

ForwardDallas 2.0 Comprehensive Land Use Plan, adopted by the City Council on September 25, 2024, is a long-range, future land use vision that guides how and where the city grows over the coming decades and describes how to achieve that vision. The plan is rooted in five overarching themes that serve as the foundation for the plan’s goals, objectives, and actions steps. The proposal complies with the following themes, goals, and objectives for implementation:

**Theme:** Economic Development and Revitalization

**Theme Goal:** Promote equitable development of Dallas’ diverse communities across the city, through the revitalization of neighborhood centers, commercial corridors, employment centers, and transit areas.

**Objective:** Remove land use and zoning barriers that hinder small business development.

**Theme:** Housing Choice and Access

**Theme Goal:** Equitably increase attainable housing options throughout the city, particularly near job centers and transit-oriented locations, to meet the diverse housing needs of all people in Dallas.

**Objective:** Protect and Preserve Existing Neighborhoods

**Theme:** Economic Development and Revitalization

**Theme Goal:** Promote equitable development of Dallas' diverse communities across the city, through the revitalization of neighborhood centers, commercial corridors, employment centers, and transit areas.

**Objective:** Remove land use and zoning barriers that hinder small business development

**Area Plan:**

**The West Oak Cliff Area Plan (WOCAP)**

The West Oak Cliff Area Plan (WOCAP) was unanimously adopted by the City Council on October 26, 2022. It provides a long-range vision for land use, urban design, transportation, mobility, infrastructure, open space, and community concerns around gentrification, displacement, and revitalization for several neighborhoods in west Oak Cliff.

The proposal for the authorized hearing area is intended implement the WOCAP goals, provided below:

- Create walkable neighborhood centers that provide a variety of work, cultural, shopping, and living opportunities\*
- Encourage businesses that are compatible with surrounding neighborhoods\*
- Preserve historic buildings by encouraging renovation and reuse\*
- Protect existing single-family neighborhoods\*
- Improve transportation through better street design\*
- Retain current residents and attract new residents by encouraging new affordable housing choices\*

**STAFF RECOMMENDATION:**

The WOCAP land use recommendations specific to the North Cliff Neighborhood Center and staff's recommendations for implementation are provided below.

**1. Amend Subarea II to allow ADUs and live-work units in addition to existing uses including single family.**

Currently, single family is not a permitted use in Subarea II but there are 15 single family homes in the authorized hearing area. The proposed amendments add *single family* as a permitted use, as well as *accessory outside storage, day home, home occupation, and swimming pool (private)* which are accessory to the single family use.

The proposal also adds accessory dwelling units (“ADUs”) in accordance with the requirements for an accessory dwelling unit overlay in Section 51A-4.510(c) of the Dallas Development Code, as amended, subject to the following requirements:

- Setbacks: If located in the rear 30% of the lot, side and rear setbacks are three feet. If not in the rear 30%, base zoning setbacks apply.
- Floor area:
  - Detached: minimum floor area is 200 square feet. The maximum floor area is the greater of 700 square feet or 25% of the main structure.
  - Attached: maximum floor area is the greater of 700 square feet or 25% of the main structure.
- Height: cannot exceed the height of the main structure. If located over detached garage, the maximum height is that of the zoning district.
- Off-street parking: one space.

In addition, the proposal adds *live unit* as an accessory use to any nonresidential use allowed in Subarea II, subject to the requirements of 51A-4.217(8.1), summarized below:

- One accessory live unit per lot.
- May be attached or detached.
- Cannot exceed the floor area of the main use.
- One additional off-street parking space is required.
- Can't be sold separately by metes and bounds.

**2. Amend Subarea II to allow art galleries and studios, personal service offices, and restaurants (alcohol sale by SUP) in addition to existing uses.**

The existing allowed uses are proposed to remain with the exception of the *temporary concrete batch plant* and *motor vehicle fueling station* uses, which this proposal removes.

The uses “*art gallery*” and “*art or craft production studio*” are not defined in Chapter 51A of the Dallas Development Code. To allow the uses, they must be defined in the CD ordinance. Staff proposes the following definitions:

ART GALLERY means an establishment where original works of art or limited editions of original works of art are bought, sold, loaned, appraised, or exhibited to the general public.

ART OR CRAFT PRODUCTION FACILITY means a facility for the production of handcrafted art or craft products through processes such as kiln firing, glass blowing, welding, or woodworking and for retail sale of the products to the general public.

Regarding “personal service offices”, *personal service* and *office* uses are already allowed in Subarea II. This proposal adds *general merchandise or food store 3,500 square feet or and restaurant without drive-in or drive-through service* with residential adjacency review (RAR) requirement, which allows for conditions to ensure compatibility with the adjacent single family residential. Alcohol sales can no longer be controlled through zoning.

Currently, nonresidential uses are allowed throughout Subarea II, but the proposed amendments limit nonresidential uses to the parcels where they exist today.

**3. Maintain height and setback requirements.**

No changes are proposed to these requirements. The maximum height and setbacks will remain as follows:

- Height: 30 feet.
- Front yard: 15 feet.
- Side and rear: No minimum.

- 4. Allow for reduced parking ratios, shared parking agreements with surrounding properties, and allowing on-street parking to count towards requirements for commercial structures to enable easier redevelopment of legacy commercial buildings.**

The citywide parking reform effort is intended to eliminate the minimum parking requirements contained in Chapters 51 and 51A of the Dallas Development Code.

In the meantime, to help enable easier reuse or redevelopment of the three nonresidential buildings in the authorized hearing area, staff proposes the following condition:

*No parking is required for existing nonresidential structures or for new nonresidential construction that does not exceed the floor area of the existing nonresidential structure it is replacing. An addition of floor area requires parking in accordance with the off-street parking and loading requirements for the use.*

The parking requirement for single family, which is only applicable to new construction, will remain in accordance with Section 51A-4.209(b)(6). At this time, the requirement is two spaces per unit.

The option to meet parking requirements through a remote or shared parking agreement currently exists. If parking requirements are eliminated, parking agreements and the allowance of on-street parking to count towards parking requirements will not be necessary.

#### **Land Use:**

The authorized hearing area includes 15 single family homes, three retail structures, a church, and one vacant property and is surrounded by single family homes.

#### **Land Use Compatibility:**

Pursuant to the North Cliff Conservation District Ordinance, Subarea II, the authorized hearing area, is intended to accommodate convenience retail shopping, services, and professional offices principally servicing and compatible in scale and intensity of use with the adjacent residential uses.

The proposed amendments align with the above-stated purpose and further ensure compatibility by eliminating the *temporary concrete batch plant* and *motor vehicle fueling station* uses and adding complementary uses such as *general merchandise of food store 3,500 square feet or less*, *art gallery*, *art of craft production facility*, *accessory dwelling unit*, and *accessory live unit*.

**Landscaping:**

Any new development will require landscaping in accordance with Article X of the Dallas Development Code, as amended.

**Market Value Analysis:**

[Market Value Analysis \(MVA\)](#), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The area of request is partially located within the “E” MVA category.

**Development Standards:**

No changes are proposed to the Subarea II development standards, provided below.

- (3) **Height.** The maximum structure height is 30 feet.
- (4) **Stories.** The maximum number of stories is two for all structures.
- (5) **Lot coverage.** The maximum lot coverage is 40 percent.
- (6) **Lot size.** There is no minimum lot size.
- (7) **Density.** There is no maximum dwelling unit density.
- (8) **Floor area ratio.** Maximum floor area ratio is 0.5.
- (9) **Front yard.** The minimum front yard setback is 15 feet.
- (10) **Side and rear yard.** There is no minimum side and rear yard setback.

## PROPOSED CONDITIONS

(1) ART GALLERY means an establishment where original works of art or limited editions of original works of art are bought, sold, loaned, appraised, or exhibited to the general public.

(2) ART OR CRAFT PRODUCTION FACILITY means a facility for the production of handcrafted art or craft products through processes such as kiln firing, glass blowing, welding, or woodworking and for retail sale of the products to the general public.

(b) **SUBAREA II.** This subarea is intended to accommodate convenience retail shopping, services, and professional offices principally serving and compatible in scale and intensity of use with adjacent residential uses. The following development standards apply to Subarea II of this district.

(1) Main uses permitted. Nonresidential uses are only permitted on lots that are developed with nonresidential structures on the date of the passage of this ordinance.

(A) Agricultural uses.

-- None permitted.

(B) Commercial and business service uses.

-- None permitted.

(C) Industrial uses.

~~-- None permitted.~~

~~--- Temporary concrete or asphalt batching plant. [By special authorization of the building official.]~~

(D) Institutional and community service uses.

~~--- Adult day care facility.~~

-- Cemetery or mausoleum. [SUP]

~~-- Child or adult care facility.~~

-- Church.

-- Community service center. [SUP]

-- Convent or monastery.

-- Library, art gallery, or museum.

-- Public or private school. [SUP]

(E) Lodging uses.

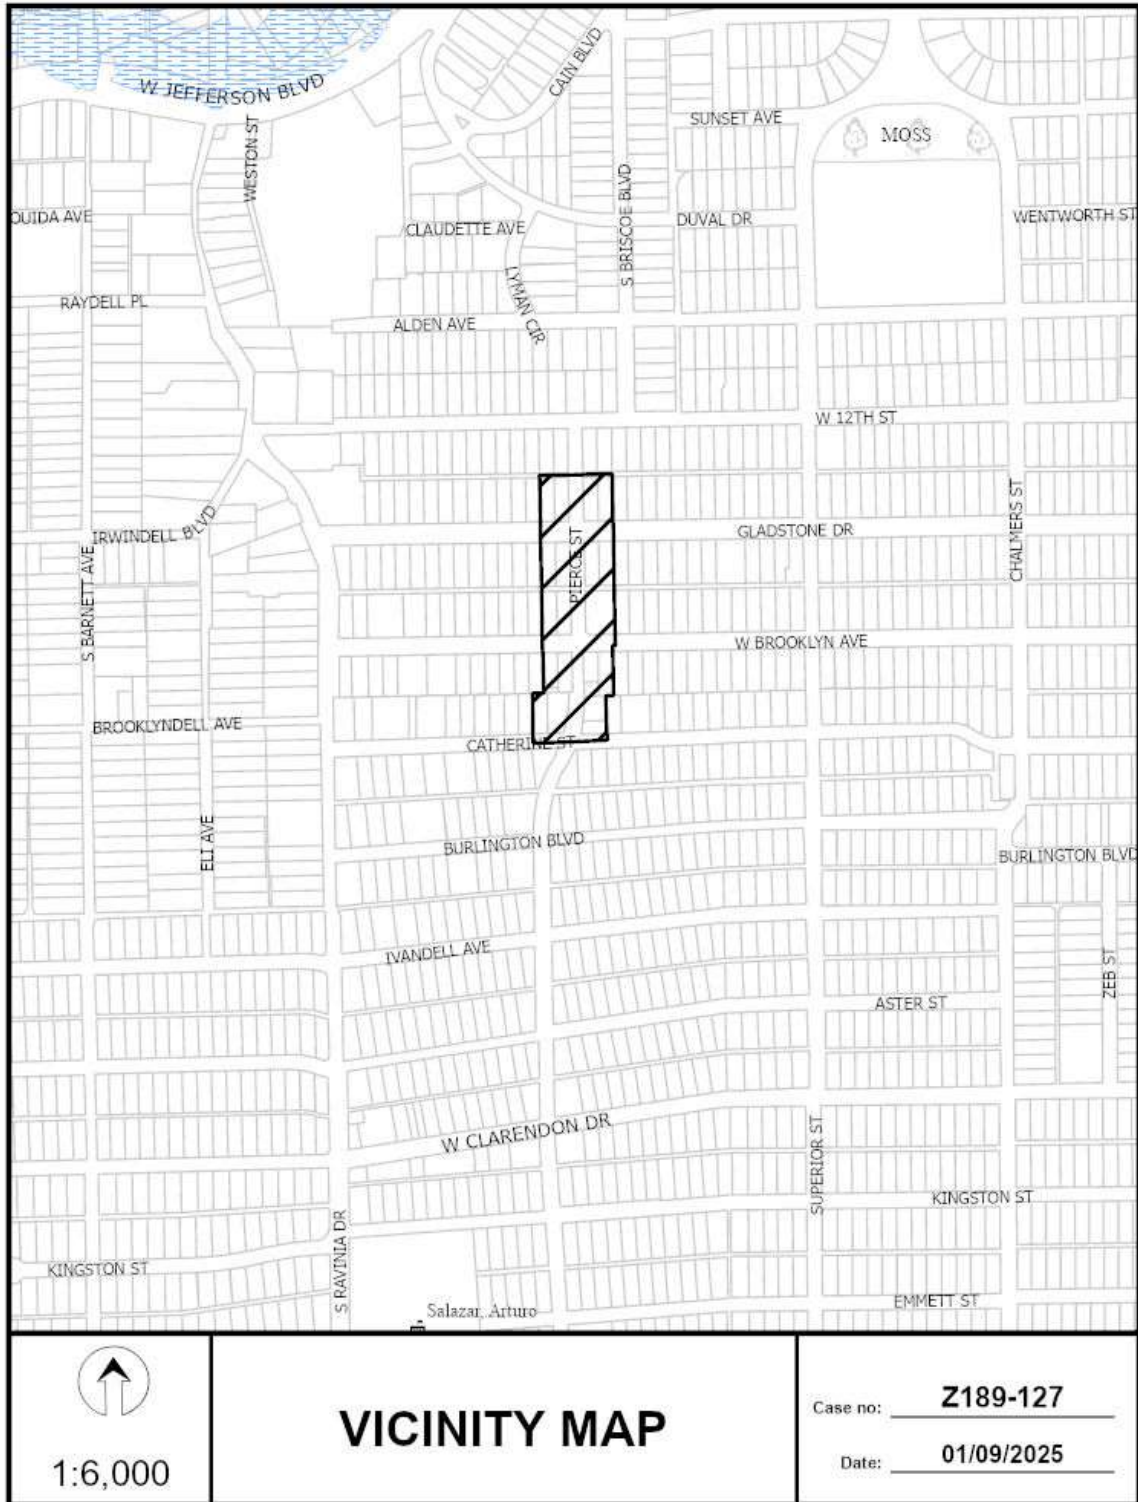

-- None permitted.

- (F) Miscellaneous uses.
  - Temporary construction or sales office.
- (G) Office uses.
  - Financial institution without drive-in window.
  - Medical clinic or ambulatory surgical center.
  - Office.
- (H) Recreation uses.
  - Private recreation center, club, or area. *[SUP]*
  - Public park, playground, or golf course.
- (I) Residential uses.
  - ~~--- None permitted.~~
  - ~~-- Handicapped group dwelling unit.~~
  - ~~-- Single family.~~
  - ~~-- Accessory dwelling unit *[allowed in accordance with the requirements for an accessory dwelling unit overlay in Section 51A-4.510(c), as amended].*~~
- (J) Retail and personal uses.
  - ~~-- Art gallery.~~
  - ~~-- Art or craft production facility.~~
  - Dry cleaning or laundry store.
  - ~~-- General merchandise or food store 3,500 square feet or less.~~
  - ~~--- Motor vehicle fueling station. *[SUP]*~~
  - Personal service uses.
  - ~~-- Restaurant without drive-in or drive-through service. *[RAR]*~~
- (K) Transportation uses.
  - Transit passenger shelter.
  - Transit passenger station or transfer center. *[By SUP or city council resolution. See Section 51A4.211(10).]*
- (L) Utility and public service uses.
  - Electrical substation. *[SUP]*
  - Local utilities.
  - Police or fire station. *[SUP]*

- Post office. *[SUP]*
  - Utility or government installation other than listed. *[SUP]*
- (M) Wholesale, distribution, and storage uses.
- Recycling drop-off for special occasion collection. *[See Section 51A-4.213 (11.3).]*
- (2) Accessory uses. As a general rule, an accessory use is permitted in any district in which the main use is permitted. Some specific types of accessory uses, however, due to their unique nature, are subject to additional regulations contained in Section 51A-4.217. The following accessory uses are permitted in this district:
- Accessory outside display of merchandise.
  - Accessory outside sales.
  - Accessory outside storage.
  - Day home.
  - Home occupation.
  - Live unit.
  - Occasional sales (garage sales).
  - Swimming pool (private)
- (3) Height. The maximum structure height is 30 feet.
- (4) Stories. The maximum number of stories is two for all structures.
- (5) Lot coverage. The maximum lot coverage is 40 percent.
- (6) Lot size. There is no minimum lot size.
- (7) Density. There is no maximum dwelling unit density.
- (8) Floor area ratio. Maximum floor area ratio is 0.5.
- (9) Front yard. The minimum front yard setback is 15 feet.
- (10) Side and rear yard. There is no minimum side and rear yard setback.
- (11) Off-street parking and loading.
- (A) Except as otherwise provided in this paragraph, generally consult the use regulations in Division 51A-4.200 to determine the off-street parking and loading requirements for each use.

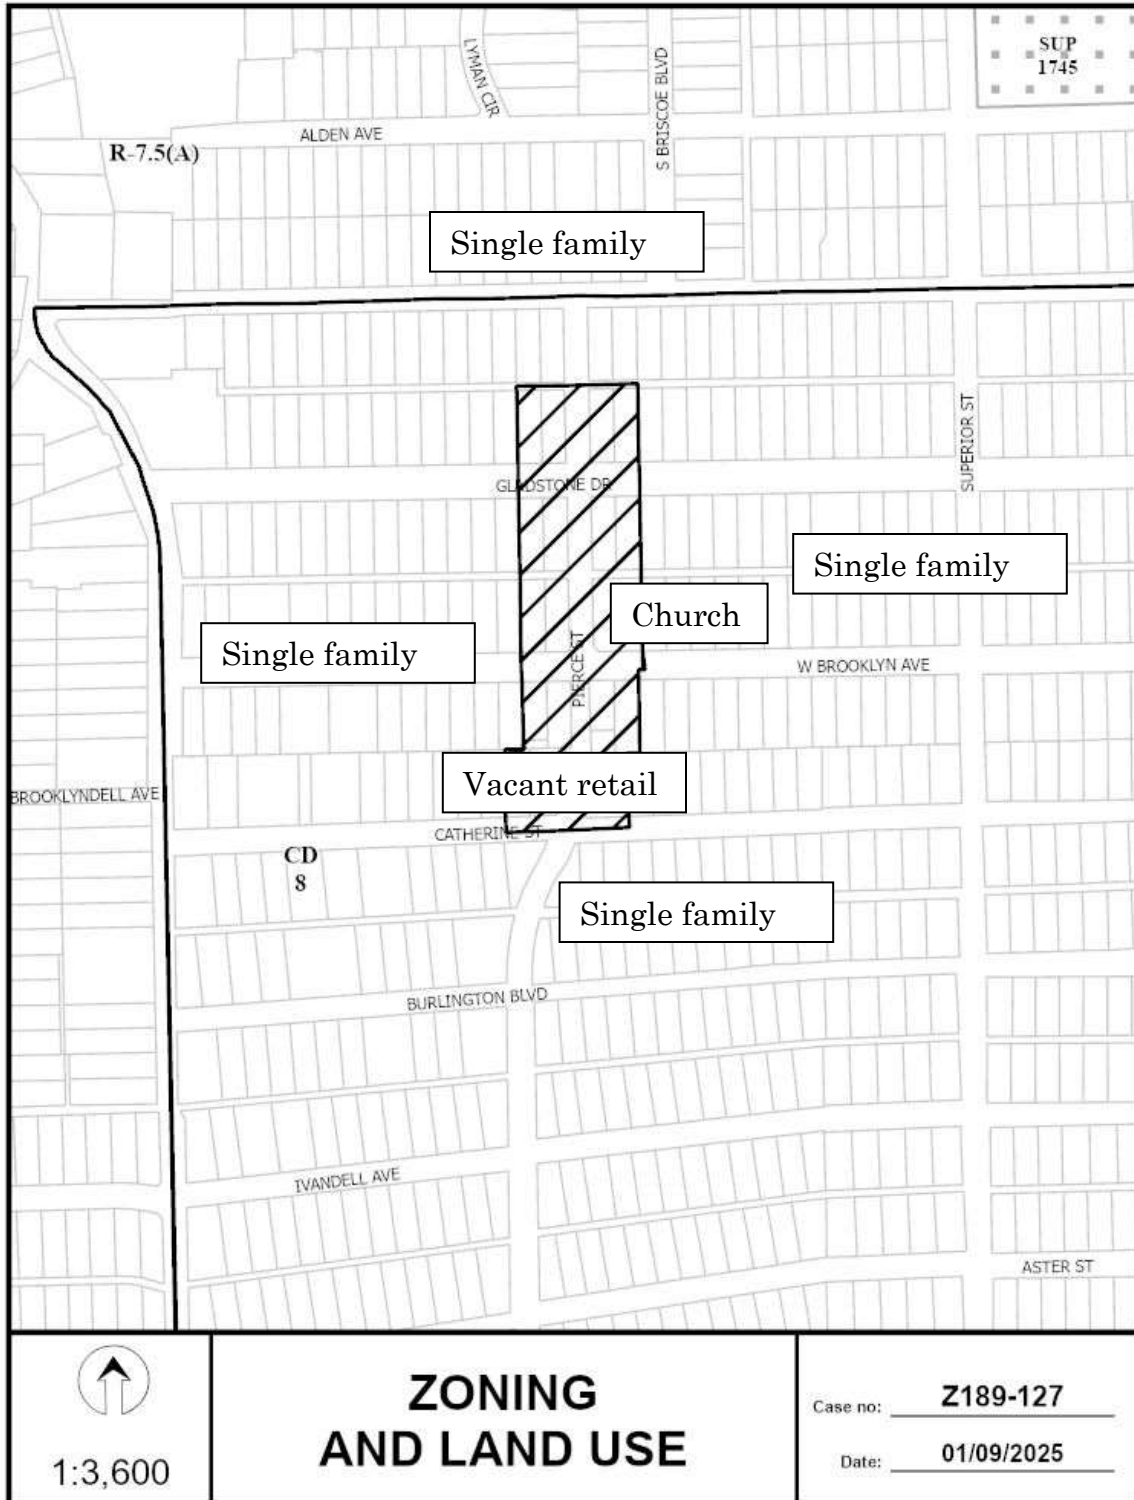

- (i) No parking is required for existing nonresidential structures or for new nonresidential construction that does not exceed the floor area of the existing nonresidential structure it is replacing. An addition of floor area requires parking in accordance with the off-street parking and loading requirements for the use.
- (B) The surface of a parking space, maneuvering area for parking or a driveway that connects to a street or alley must be on a compacted subgrade, and must consist of:

  - (i) concrete paving, or
  - (ii) hot mix asphalt paving which consists of a binder and surface course.
- (C) Minor repairs to existing parking surfaces are permitted using materials similar to those existing.
- (12) Signs. Signs must comply with the provisions for non-business zoning districts contained in Article VII.
