Mission Statement

The mission of the Maple/Mockingbird Tax Increment Financing (TIF) District is to provide a source of funding for public infrastructure improvements necessary to enhance the real estate market for the Maple/Mockingbird TIF District area. The Maple/Mockingbird TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping underdeveloped land near employment centers to take full advantage of the expanding DART light rail system and area resources such as Love Field Airport and the Southwestern Medical District.

The Dallas City Council established the Maple/Mockingbird TIF District by Ordinance No. 27435 on December 10, 2008. The TIF District took effect on January 1, 2009 and will terminate on December 31, 2033 (including collection of the 2033 increment in calendar year 2034 and any related matters to be concluded in 2034). The City of Dallas and Dallas County are the two participating jurisdictions. The City participated at 70% in 2009 through 2011, then to 85% beginning in 2012 through 2026. The participation rate decreases to 70% 2027 through 2033. Dallas County's participation is 55% for the first twenty years of the District.

The TIF District was established to encourage the redevelopment of obsolete multi-family and commercial buildings, inadequate retail centers, and underutilized industrial facilities in the area between Love Field Airport and the medical district to the southwest by promoting the development of denser, pedestrian-oriented residential development, expansion of retail activity and support of existing medical related uses while taking advantage of DART's expanding light rail system.

TIF District Accomplishments

In September 2009, the City sponsored a grant application for a development located within the Maple/Mockingbird TIF District's boundaries (Maple Crossing) as part of the 2010 North Central Texas Council of Government's (NCTCOG) Sustainable Development call for projects. Also in September 2009, the boundaries of the TIF District were expanded to include three parcels totaling approximately 19 acres. The addition of these parcels maximized redevelopment opportunities for the TIF District and created sufficient TIF District increment revenue to support the various public improvements associated with the catalyst and other planned projects in the TIF District. The Project Plan and Reinvestment Zone Financing Plan was approved in FY 2009.

Major employers Parkland Memorial Hospital, UT Southwestern Medical Center, and Children's Medical Center, located just outside of the TIF District have undergone significant expansions over the years. Parkland Memorial Hospital has undertaken a major construction project, replacing the outdated facility with a new one. The \$1.2 billion Parkland expansion includes a 17-story hospital surrounded by new

clinics and parking garages located around the Southwestern Medical District/Parkland DART light rail station.

DART Green Line expansion (NW corridor) and the Inwood/Love Field light rail station opened in December 2010. The Orange Line, which runs parallel with the Green Line through Downtown Dallas to Bachman Station in Northwest Dallas, opened in 2012.

Maple at Med Center (formerly Alta Maple Station), a transit-oriented development project near the Inwood Station, consisting of approximately 249 residential units located at 5252 and 5602 Maple Avenue, opened in 2015. Maple at Med Center was the first residential TIF District funded project in the Maple/Mockingbird TIF District.

In 2015, the first commercial project received approval of development agreement and TIF District funding in the Maple/Mockingbird TIF District. The aloft-Element Hotel at West Love, located at 2333 W. Mockingbird Lane, completed construction in early 2017. The total private investment for the project was \$42.8 million. The cost related to TIF District-eligible public improvements was \$3,000,000. The public improvements included paving, pedestrian friendly streetscape, sidewalk improvements, and connectivity to the adjacent mixed-use development West Love.

In 2021, Oaklawn Place, was the second residential project to receive approval of development agreement and TIF District funding in the Maple/Mockingbird TIF District. Oaklawn Place will be a senior affordable multi-family development which will be located at 5717-5725 Sadler Circle. The project was approved for funding in an amount not to exceed \$4,438,154. In 2022, due to increases in construction costs, supply chain problems and inflation, the Developer submitted a request for an increase to the subsidy needed to make the Project financially feasible. The request for approval of the amended development agreement and TIF District funding was approved, increasing the TIF District Subsidy to \$5,414,006. Construction is anticipated to begin in early 2023.

At its completion, Oaklawn Place will be an approximately 79,000 square foot, five-story, 84 unit apartment building, of which 100% will be rent restricted for senior (55 or older) households. The complex will feature meeting rooms, an amenity deck, a fitness room, business center and will include a large outdoor terrace overlooking a creek as well as views of downtown Dallas from the upper levels. The total private investment for the project is over \$29 million.

TIF District Development Map

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. Since the TIF District’s creation, two residential projects have received TIF District funding, Maple at Med Center and Oaklawn Place. Of the 249 residential units constructed in Maple at Med Center, 50 units (20%) have been set-aside as affordable. Oaklawn Place will be an 84 unit (100%) affordable housing community for seniors.

Value and Increment Summary

The Maple/Mockingbird TIF District's 2022 assessed taxable value was \$900,488,327. This represents an increase of \$716,483,318 or 389.4% over the base year (2008 and 2009) value, as amended.

The TIF District's certified value increased by \$114,651,395 (14.6%) from the previous year's final value (\$785,836,932). This increase in TIF District value will result in the collection in 2023 of approximately \$5,399,651 (City \$4,542,003; County \$857,648) in incremental revenue for the TIF District.

Objectives, Programs, and Success Indicators

The Maple/Mockingbird Project Plan and Reinvestment Zone Financing Plan was adopted in September 2009. The goals of the Plan are summarized below:

- Create additional taxable value in the Maple/Mockingbird TIF District of a minimum of \$374.2 million over the term of the TIF District.

The TIF District's taxable value in 2022 was \$716,483,318 over the base year value (191.4% of the goal).

- Attract new private development adding approximately 2,500 new residential units and 650,000 square feet of retail space to increase the area's population density

and shopping options, adding approximately 1.2 million square feet of new retail, office and medical.

In total 3,127 residential units have completed construction or are currently under construction (125% of the goal). Additionally, 232 hotel rooms have been added to the TIF District.

- Generate an NPV of \$27.8 million or approximately \$52.6 million in total dollars in TIF District revenues over 25 years of collections.

As of the end of the FY 2021-2022, approximately \$24.3 million in TIF District revenue has been collected (46.2% of total dollars goal) in 14 years of collections.

Year-End Summary of Meetings

FY 2022-2023 Work Program

The FY 2022-2023 work program for the Maple/Mockingbird TIF District is as follows:

- Promote new development projects in the TIF District, including development sites along Mockingbird.
- Execute development agreement for Oaklawn Place senior affordable housing project and coordinate during construction.
- Identify additional redevelopment sites including the Inwood DART Station area, work with developers of anticipated development projects within the TIF District to bring them to fruition and continue to seek growth in the TIF District through the attraction of mixed-use, high-density development.

City of Dallas, Texas
Maple/Mockingbird Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,830,683 over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund in fiscal year 2010-11. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$166,954 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$39,539), fiscal year 2019-2020 (\$37,018), fiscal year 2020-2021 (\$42,004), and fiscal year 2021-2022 (\$48,393) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

On September 28, 2022, City Council approved Resolution No. 22-1462 approving a TIF District development agreement for funding up to \$5,414,006 in support of the Oaklawn Place senior affordable multi-family development project. The project is anticipated to be complete in 2024. Based on current projections, sufficient tax increment from the overall TIF District is anticipated to be available when the project is complete and eligible for payment.

Appendix C – TIF District-Wide Set-Aside Funds

The TIF District Increment Allocation Policy adopted by the TIF District Board for the Maple/Mockingbird TIF District currently provides for 5% of any shared increment for TIF District-Wide Improvements after administrative expenses. Specific improvement projects are to be determined and the amount of this set-aside will be reviewed annually based on updated financial projections and TIF District needs. The TIF District Board shall also have the discretion to release all or part of TIF District-Wide Set-Aside funds towards disbursement of payments to one or more TIF District eligible projects.

The balance for the TIF District-Wide Set-Aside as of the end of FY 2021-2022 is \$1,213,866. There are no commitments of these funds.

Potential uses as defined by the Increment Allocation Policy include:

- Gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks.

The intent is to leverage TIF District-Wide Set-Aside funds as a match for other funding.
