STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas!* Comprehensive Plan was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request is an accessory use in nature and does not standalone support the goals and policies of the comprehensive plan; therefore, a goal was not selected to convey compliance or lack thereof.

Land Use:

	Zoning	Land Use
Site	CR Community Retail District with a D-1 Liquor Control Overlay	General merchandise or food store 3,500 square feet or less; motor vehicle fueling station
North	R-7.5(A) Single Family District	Single-family
East	CR Community Retail District	Undeveloped
South	CR Community Retail District with a D-1 Liquor Control Overlay	General merchandise or food store 3,500 square feet or less

	Zoning	Land Use
West	RR Regional Retail District with a D Liquor Control Overlay	Auto service center

Land Use Compatibility:

The approximately 0.40-acre area of request is currently developed with an approximately 2,000-square-foot general merchandise or food store (a convenience store). A fuel canopy structure is situated closer to the corner of the property at the intersection of Holcomb Road and Lake June Road.

The general merchandise or food store 3,500 square feet or less is permitted by right per Section 51A-4.122(b)(2)(J); however, the sale of alcoholic beverages requires a Specific Use Permit within a D-1 Liquor Control Overlay.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request due to the compatibility with surrounding land uses, including similar SUPs on the southeast and southwest corners of the intersection of Lake June Road and Holcomb Road.

Landscaping:

Landscaping must be provided in accordance with Article X of the Dallas Development Code, as amended.

Parking:

12B and TABC

The general merchandise use is also regulated by Chapter 12B of the Dallas City Code, Convenience Stores. This chapter applies to all convenience stores, which is defined as

any business that is primarily engaged in the retail sale of convenience goods, or both convenience goods and gasoline, and has less than 10,000 square feet of retail floor space; the term does not include any business that has no retail floor space accessible to the public. The purpose of Chapter 12B is to protect the health, safety, and welfare of the citizens of the city of Dallas by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores in the city. This chapter establishes a registration program for convenience stores and provides requirements relating to:

- surveillance camera systems,
- video recording and storage systems,
- alarm systems,
- drop safes,
- security signs,
- height markers,
- store visibility,
- safety training programs, and
- trespass affidavits.

A separate certificate of registration to comply with Chapter 12B is required for each physically separate convenience store. A certificate of registration for a convenience store expires one year after the date of issuance and must be renewed annually.

No information on the status of the 12B compliance nor TABC licensing requirements at the time of this report.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in an “H” MVA area.
