

FILE NUMBER: Z223-284(MB) **DATE FILED:** May 17, 2023
LOCATION: Northeast corner of Fairport Road and Longbranch Lane
COUNCIL DISTRICT: 8
SIZE OF REQUEST: Approx. 10.34 acres **CENSUS TRACT:** 48113011601

APPLICANT: Panna Dipa

OWNER: Pannavasa Meditation Corp.

REQUEST: An application for a Specific Use Permit for a convent or monastery on property zoned an R-7.5(A) Single Family District.

SUMMARY: The purpose of the request is to allow the use of a monastery on the site.

STAFF RECOMMENDATION: Approval for a three-year period, subject to a site plan and conditions.

BACKGROUND INFORMATION:

- The area of request is currently developed with a single-family house.
- The house is occupied by a Buddhist monk (applicant) and used for meditation, spiritual guidance and education, and other related uses.
- Because of the property’s use as a residence for a member of a religious order, applicant is requesting a Specific Use Permit to allow a convent or monastery on the site.

Zoning History:

There have been no zoning cases in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Murdock Road	Principal Arterial	100 feet
Longbranch Lane	Local Street	-
Fairport Road	Local Street	-

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Land Use:

	Zoning	Land Use
Site	R-7.5(A) Single Family District	Single-family (existing)
North	R-7.5(A) Single Family District	Single-family
East	R-7.5(A) Single Family District	Single-family
West	R-7.5(A) Single Family District	Church
South	R-7.5(A) Single Family District	Single-family

Land Use Compatibility:

The area of request is currently surrounded by single-family homes and a church to the west of the property. Staff finds the applicant's proposal compatible with these surrounding uses.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request because the use is not foreseen to be detrimental to surrounding properties. The proposed monastery would be residential in nature, and as such would not create a nuisance for surrounding properties. The substantial lot size and distance from surrounding uses further reduces the impact on the surrounding area. Staff also finds the proposed time limit of three years appropriate for this site.

Landscaping:

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

Parking for a monastery requires one space for each three residents; a minimum of two spaces is required.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective,

data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is located within an “H” MVA cluster. To the north, northeast, and northwest are “G” MVA clusters along Longbranch Lane and Komalty Drive. To the east, southeast and south are “H” MVA clusters along Fairport Road.
