Land Use:

	Zoning	Land Use
Site	Tract A, PDD No. 269	Bar, lounge, tavern
North	Tract A, PDD No. 269	General merchandise or food store less than 3500 sq. ft. and commercial amusement
Northeast	Tract A, PDD No. 269	Surface parking lot
Southeast	Tract A, PDD No. 269	Office
Southwest	Tract A, PDD No. 269	General merchandise or food store less than 3500 sq. ft. and surface parking
Northwest	Tract A, PDD No. 269	Personal service use

Land Use Compatibility:

The site is developed with an 1,803-square-foot building and a 395-square-foot uncovered patio and is currently zoned Tract A within Planned Development District No. 269, the Deep Ellum/Near East Side District. The applicant's request is for the renewal of Specific Use Permit No. 2068 to continue operation of the existing bar, lounge, or tavern. Other than the time limit, no changes to the current SUP conditions or site plan are requested.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The use is surrounded by other retail uses and various surface parking lots. The renewal is consistent with the established development pattern of PD No. 269, the Deep Ellum/Near East Side District. Therefore, staff recommends renewing this SUP for an additional five-year period.

Landscaping:

Landscaping of any development will be in accordance with the landscaping requirements in Article X, as amended. The request site will not trigger any landscaping because there is no increase in the total floor area.

Parking:

As per Planned Development District No. 269, bar, lounge, or tavern and private club uses require no off-street parking spaces for the first 2,500 square feet of floor area in a ground level use that has a separate certificate of occupancy if the use is located in an original building. As a result, no off-street parking spaces are required.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently within a “C” MVA area. To the north is an “F” MVA area.
