All lots may revert to the City if the City Manager or his/her designee determines that the Developer has:

**SECTION 2.** (continued)

1. failed to take possession of the land within 90 calendar days after receiving the deed to the parcels of real property;
2. failed to complete construction of all required housing units or other required development on the real property, or failed to ensure occupancy by eligible households within the development timeframe set forth in the development agreement;
3. incurred a lien on the property because of violations of city ordinances and failed to fully pay off the lien within 180 days of the City's recording of the lien; or
4. sold, conveyed, or transferred the land without the consent of the City Council.

Upon determination by the City Manager that a condition described above has occurred, the City Manager is authorized to execute an instrument, approved as to form by the City Attorney, exercising against the parcel of real property the City's possibility of reverter with right to reentry. The City shall file notice of the reverter and reentry of the land by the City in the real property records of the county in which the parcel of real property is located, which notice must specify the reason for the reverter and reentry. The lots noted as surplus in **Exhibit A** are being sold at a discounted price of \$1,000.00 each.

**SECTION 5.** That the City will provide Developer with a 120-day right of entry and due diligence period. During this period, the Developer will identify lots with significant development challenges that may be undevelopable or may require significant remediation. Following the 120-day period, Developer must submit a final list of requested lots.
