

Single Family Development Requirements/Underwriting

A. Eligible Developer Applicants

The City of Dallas will fund developers of affordable single-family homebuyer units, including for-profit developers, non-profit developers, and City of Dallas-designated CHDOs, with City of Dallas HOME single-family development program funds. Developers must demonstrate the capacity and previous experience developing projects of the type presented in their proposals. Prior to committing funds, the City of Dallas will review the status of any organization seeking funds from the CHDO set-aside to ensure that it meets all HOME requirements and that it has sufficient staff and financial capacity to carry out the project.

Project Location

Projects must be located within the city limits of Dallas.

Project Types

Funds will be provided for new construction projects. In general, the City of Dallas will require that all homes constructed have a minimum square footage of 1,200 square ft, at least 3 bedrooms, and at least 1.5 bathrooms. RFPs issued by the City of Dallas may further specify or provide priority for eligible project types.

Parameters of HOME Investment

Applications must include an investment of \$1,000 in HOME funds per HOME unit. In no case will the City of Dallas investment exceed the maximum HOME investment allowed under 24 CFR 92.250.

Additionally, for projects involving both City of Dallas other HOME funds, the combined HOME funding investment shall not exceed the total maximum HOME investment allowed under 24 CFR 92.250.

Typically, the City of Dallas will also establish a maximum cap on its investment in a single home. Such a limit will be based on the availability of funding and other City of Dallas priorities and will be addressed in any NOFA or Request for Applications (RFA) process issued by the City of Dallas.

B. Eligible Costs

Costs funded with the City of Dallas HOME funds must be eligible according to HOME Final Rule 24 CFR 92.206. The following additional limitations also apply:

- HOME funds shall not be used for luxury improvements according to 24 CFR 92.205.
- Acquisition costs shall be supported by an independent appraisal of the property. Acquisition costs exceeding the appraised value of the property will be ineligible for HOME funding reimbursement.
- HOME funds shall not be used for non-residential accessory structures such as free-standing garages, carports, or storage structures. Applicants must delineate project costs in a manner that allows free-standing structures to be clearly paid for using other project funds.

City of Dallas Eligible Project Soft Costs

The HOME program allows the City of Dallas to include, as project costs, its internal soft costs specifically attributable to a HOME project. These may include consulting, legal, inspection, and staff costs associated with reviewing, processing, and overseeing the award of funds to the project. Projects must provide budget allowances for “City of Dallas-Lender Due Diligence & Legal Costs” in the project’s sources and uses.

Cost Reasonableness

Per the requirements of 92.250(b) and 2 CFR 200 Subpart E (formerly known as OMB Circular A-87), all project costs must be reasonable, whether paid directly with HOME funds or not. The City of Dallas will review project costs, including hard and soft costs, to evaluate their reasonableness and may, at its option, require applicants to obtain additional quotes, bids, or estimates of costs.

Identity of Interest

Developers must disclose any identity of interest situations that may occur when contracting with related companies during either the development or ongoing operation of the project. City of Dallas staff must be allowed the opportunity to conduct a cost analysis to determine costs reasonableness. Applications may be determined ineligible if access is not granted or costs are determined to be unreasonable.

C. Property Standards

To meet both HOME regulations and City of Dallas goals, all HOME-funded projects must meet certain physical standards intended to provide quality affordable housing that is durable and energy efficient.

Construction must meet all local codes. The City of Dallas regularly adopts and enforces various codes from the International Code Council, as amended. Applicants are responsible for maintaining familiarity with the City’s adopted building codes available here:

https://dallascityhall.com/departments/sustainabledevelopment/buildinginspection/Pages/construction_codes.aspx

All HOME projects must meet applicable Section 504/UFAS requirements. Pursuant to 24 CFR 8.29, single-family housing developed with Federal funds must be made accessible upon the request of the prospective buyer if the nature of the prospective occupant’s disability so requires. Developers must ensure that projects are designed in a way that can accommodate such a request. Should a prospective buyer request a modification to make a unit accessible, Developer must work with the homebuyer to provide the specific features that meet the need(s) of the prospective homebuyer or occupant. If the design features that are needed for the buyer are design features that are covered in UFAS, those features must comply with the UFAS standard. Developers shall be permitted to depart from the standard in order to have the homebuyer/occupant’s needs met.

Site shall be served by public sewer, public water, and public road. Sites should have ready access to recreational opportunities such as parks, playgrounds, etc., nearby shopping and services including transportation, grocery, banking, and medical facilities, and otherwise be located in neighborhoods that provide amenities that support residential development. The City of Dallas also generally prefers that sites have safe, walkable connections—including sidewalks—to the surrounding neighborhood.

Site shall be in a designated Fire District or served by a Fire Department.

Units must be equipped with the following appliances: Refrigerator, range/oven, dishwasher, and garbage disposal. Developers may also propose to include in-unit clothes washers and dryers, microwave/vent fan combination units, as appropriate. If the Energy Star program rates the type of appliances being installed, the developer must furnish the units with Energy Star rated appliances. Note however that not all appliances are rated by the Energy Star program.

D. Sales Price

The sales/purchase prices for homes developed under this program cannot exceed the HOME Homeownership Value Limits published by HUD in effect at the time of project commitment. The City of Dallas will identify the applicable limits in any NOFA or Request for Applications (RFA) process issued.

Units produced under the City of Dallas' single-family development program must be sold at the fair market value as determined by an "as-completed" or "subject to completion" appraisal completed by an independent state licensed appraiser. Developers shall submit such an appraisal prior to project commitment, and the City of Dallas may require an updated appraisal prior to construction completion if the appraisal is more than 9 months old at that point. Any reductions in list or sales price below the City of Dallas-approved appraised value must be approved in writing by the City of Dallas and will generally require updated market information.

E. Eligible Homebuyers

Homebuyers for units produced under the City of Dallas single-family development program must meet the income eligibility guidelines associated with the funding for the development.

F. Environmental Review Requirements

Federally-assisted projects are subject to a variety of environmental requirements. Developers should be familiar with these requirements and are strongly encouraged to discuss any questions they have with City of Dallas staff prior to entering into a purchase agreement or submitting an application.

All projects shall be implemented in accordance with environmental review regulations as defined 24 CFR Part 58.

The City of Dallas shall be responsible for conducting the environmental review and completing all necessary public notifications, and the request for release of funds (RROF) from HUD. The applicant is responsible for cooperating with the City of Dallas in the environmental review process and providing information necessary for the City of Dallas to fulfill its responsibilities under Part 58 and other applicable regulations.

Submitting an application for HOME funds triggers environmental review requirements under 24 CFR 58, including the National Environmental Policy Act (NEPA). Once an application for federal funds is submitted, a development proposal is now subject to the environmental review requirements and requires an environmental clearance and issuance of a Release of Funds (ROF) by the US Department of Housing and Urban Development.

Developers are prohibited from undertaking or committing or expending any funds to (including non-federal funds) any physical or choice-limiting actions on the site prior to an environmental clearance as required by Part 58. Physical and choice limiting actions include, but are not limited to, property acquisition, demolition, movement, rehabilitation, conversion, repair or construction. This prohibition applies regardless of whether federal or non-federal funds are used, and taking

a choice limiting action prior to completion of the required environmental clearance process will result in the denial of any HOME funds from the City of Dallas.

The following federal nondiscrimination and equal opportunity guidelines apply to all projects and affect both development and sales of assisted housing:

All projects fall under requirements of the URA. Any project resulting in permanent relocation/displacement of households will not be funded by the City of Dallas. Applicants must further document that any purchase of property meets the requirements of URA, including provision of notices to the seller identifying the transaction as a voluntary sale not under the threat of eminent domain. To ensure compliance with URA, applicants should consult the City of Dallas to understand the requirements of URA and reference the URA forms included in the RFP prior to submitting an application involving an occupied property.

Davis Bacon

Davis Bacon federal prevailing wage requirements shall apply to all projects with 12 or more units assisted with HOME funds.

Excluded Parties

The City of Dallas will not fund projects owned, developed, or otherwise sponsored by any individual, corporation, or other entity that is suspended, debarred, or otherwise precluded from receiving federal awards. Nor may the developer contract with any other entity (including but not limited to builders/general contractors, property management companies, or other members of the development team) that are suspended, debarred, or otherwise so precluded. Similarly, the general contractor will be required to determine that subcontractors are not so precluded.

H. Ongoing Project Requirements

Deadlines

Construction Start- If construction is not started within 12 months of the date the City of Dallas commits funds to a project, the commitment will be subject to cancellation. If the project is cancelled as a result of failure to meet this deadline, the Developer must repay to the City of Dallas any HOME funds disbursed for the project.

Completion Deadline- Project completion occurs when construction is complete, all HOME funds have been disbursed by the City of Dallas and drawn from the US Treasury, title to the property has transferred to an eligible buyer, and required completion data has been entered in HUD's IDIS system. Project completion must occur within 2 years of the date of commitment of funds to the project. If the Developer fails to meet this 2-year deadline, it must repay to the City of Dallas any HOME funds disbursed for the project.

Sales Deadline- Pursuant to 24 CFR 92.254(a)(3), Developers must have a ratified sales contract with an eligible buyer for each HOME-funded unit within nine (9) months of completion of construction or the unsold units must be converted to rental housing or the project will be deemed ineligible and all HOME funds drawn must be repaid to HUD.

If a unit is unsold after six (6) months, the Developer must present an updated sales and marketing plan to the City of Dallas outlining steps being taken to identify buyers. At the City of Dallas option, the Developer may be required to i) take further steps--such as listing the home with a licensed realtor, adjusting the sales price, etc.—as the City of Dallas may require to facilitate the sale of the home or ii) to transfer title to the City of Dallas or to another entity selected by the City of Dallas that can otherwise identify buyers prior to the regulatory deadline.

At the City of Dallas option, if a unit remains unsold after nine (9) months, the developer shall be required i) to repay the entire HOME investment, including any City of Dallas project soft costs; ii) to convert the project to rental housing in accordance with 24 CFR 92.252; or iii) to transfer title to the City of Dallas or to another entity selected by the City of Dallas for conversion to rental housing.

Units converted to rental housing must be rented to eligible tenants in accordance with 24 CFR 92.252, which includes tenant income eligibility and rent limit requirements. Further, any units converted to rental properties shall be operated in compliance with the City of Dallas Rental Housing Program guidelines.

I. Reporting and Record Keeping

To allow effective oversight of funded projects and document compliance with applicable HOME requirements, all projects must submit periodic reports to the City of Dallas. While this section outlines standard reporting requirements, the City of Dallas reserves the right to require additional reporting or to alter the reporting format or frequency based on future changes to HOME

requirements or City of Dallas policy. Additionally, the City of Dallas reserves the right to require additional or more frequent reporting for projects with compliance deficiencies.

- Developers are required to report monthly during the development phase and sales phase. During the construction phase, developers must provide monthly reports detailing construction progress and barriers to progress, copies of invoices being paid, and evidence of appropriate lien waivers.
 - During the sales phase, developers are required to provide monthly reports detailing the number of additional sales, total sales, and marketing activity. These reports are required until all units are sold.
 - The City of Dallas may require more frequent reporting due to findings identified during the development and sales phases.
 - At the City of Dallas option, Developers may be required to obtain and submit an audit of project costs (i.e. cost certification) prepared by an independent Certified Public Account.
 - Developers shall allow City of Dallas, HUD, State of Texas, the Comptroller General of the United States (aka the GAO), and all other pertinent Federal or State agencies or their designated representative the right to inspect records and property.
- Conflict of Interest

To comply with HOME requirements and to maintain a high standard of accountability to the public, conflicts of interest and perceived conflicts of interest must be avoided. Developers shall maintain compliance with all HUD conflict of interest provisions as stated in 92.356(f).

Developers with officers, employees, family members, consultants, or agents that are otherwise eligible to purchase HOME-funded units must receive waiver/approval from City of Dallas staff before entering into a sales agreement with HOME eligible employees. 92.356(f) provisions apply to all HOME projects.

The HOME agreement will identify requirements for compliance with the HOME regulations and the City of Dallas Single-Family Development. Program requirements and will remain in effect in the event of any prepayment of the HOME loan.

K. Underwriting & Subsidy Layering Reviews

Market Demand

Developers must, as part of their application, provide evidence of sufficient demand for the proposed units. Developers shall provide information from the multiple listing service pertaining to recent sales in the neighborhood, average time on the market for recent sales, availability of other product and average “months of supply” currently available, and any known or planned projects.

Additionally, Developers must complete the HOME Sales and Marketing Plan, identifying among other items the profile of typical buyers, relationships with homeownership counseling agencies or other sources of buyer referrals, and plans for marketing the homes.

In some cases, the City of Dallas may only commit to a specific project (or may limit the number of projects under construction by a given developer) upon demonstration that a home has been pre-sold to an identified low-income buyer who has, at least, executed a reservation or initial purchase agreement with the Developer.

Project Underwriting

All HOME applications must include financial statements from all underlying owners and guarantors. Developers must have a net worth equal to 10% of the total development cost with net liquid assets equal to 3% of the total development cost.

Applicant must provide the amounts and terms for any other financing being provided to the project.

Proforma Requirements

The proforma must explicitly show:

- An itemized breakdown of development hard and soft costs by unit including any allowances for soft costs such as architectural fees, carrying costs, etc.
- The hard costs of any stand-alone accessory buildings, including free-standing garages, carports, or storage structures should be specifically itemized in the Development Sources and Uses so that the City of Dallas can complete preliminary HOME cost allocation calculations. (Stand-alone accessory structures like a detached garage may be included in the project but are not HOME-eligible and must be paid for with another funding source.)
- Costs and fees to be paid to the City of Dallas as permitted by the HOME program. The HOME program allows the City of Dallas to include, as project costs, its internal soft costs specifically attributable to the project. These may include consulting, legal, inspection, and staff costs associated with reviewing, processing, and monitoring award of funds to a project. The City of Dallas will notify Developers of the amounts to include in their Development Sources and Uses for City of Dallas-Lender Due Diligence & Legal Costs.
- Estimates of the sales transaction to an eligible homebuyer, including a calculation of the proposed buyer's ability to qualify for a mortgage meeting City of Dallas requirements, the anticipated need to provide direct HOME assistance (e.g. down payment and closing cost assistance) to the buyer, projected sales costs (e.g. realtor's commissions), and the distribution of sales proceeds (including toward repayment of private construction financing)

Cost Limitations

All project costs must be reasonable and customary. The City of Dallas reserves the right to review any line-item cost to ensure that total project costs are not excessive. Additionally, HOME projects will be subject to the following specific cost limitations:

- ~~The maximum allowable developer fee is 15% of total development costs less the developer fee itself and seller's closing costs.~~
- Acquisition costs are limited to fair market value as determined by a third-party appraisal.
- Unless prior approval has been obtained from the City of Dallas. All project hard costs and all project professional fees should be the result of a competitive bidding process. While developers are not subject to federal procurement rules and may use less formal bid processes, the City of Dallas generally expects developers to seek multiple bids and identify the most advantageous bidder based on cost, track record, and other pertinent factors.

Other Funding Sources

Developers must disclose all other public and private sources or applications for funding with their initial HOME Single-Family Development application to the City of Dallas at the time of application and upon receiving any additional commitments of public source funding. The City of Dallas will conduct a subsidy layering review as part of the underwriting process for all projects. Using its underwriting criteria, the City of Dallas will assess the project and may require changes to the transaction to ensure that return to the owner/developer are not excessive. Changes may include a reduction in HOME funds awarded.

The City of Dallas will consider adjusting its underwriting in consultation with other public funders, if applicable, to the project. The City of Dallas retains, at its sole discretion, the power to decide whether to accept alternative standards.

L. Construction Process

City of Dallas Construction Inspections

The City of Dallas must be provided with copies of all contractor invoices and provided reasonable notice of monthly draw inspections during the construction period. City of Dallas staff will participate in all draw reviews whether or not the specific draw is being funded with HOME or other project funds and conduct inspections to ensure that the project is progressing and that work completed is consistent with all applicable HOME requirements.

Davis Bacon

When Davis Bacon applies to a project, the City of Dallas must be provided with compliance documentation throughout the construction period. Prior to commencing construction, the City of Dallas must approve current wage determinations applicable to the project. The contractor will be required to provide weekly payroll forms to the City of Dallas and allow access to the site and workers for the purpose of completing worker interviews.

Drawing City of Dallas HOME Funds

Proceeds of the HOME loan will only be released as reimbursement for eligible project costs following:

- Review and acceptance of appropriate source documentation by the City of Dallas including evidence of appropriate lien waivers and/or title endorsements.
- A determination by the City of Dallas that all HOME requirements pertaining to the development of the Project have been met, including but not limited to monitoring of Davis Bacon compliance.

For nonprofit developers, including CHDOs, the City of Dallas may release payment based upon outstanding invoices for costs incurred and work completed. In such cases, the City of Dallas reserves the right to disburse through a title company, directly to the vendor, or with two-party checks.

Project Closeout

Developers are required to submit homebuyer eligibility packets to the City for approval of the homebuyers. Data shall include elderly status, race, gender, female head of household, number of household members, and income.

The City of Dallas requires a copy of the final project sources and uses statement and, at the City of Dallas option, may require the submission of the project cost certification prepared by an independent Certified Public Accountant following completion of construction and payment of all development costs.
