**STAFF ANALYSIS:**

**Comprehensive Plan:**

ForwardDallas 2.0 is the citywide Comprehensive Plan for future land use in the City of Dallas. Adopted by City Council in September 2024, the plan includes a future land use map and guidance for a future vision of the City of Dallas. It also establishes goals and guidelines for land use and other decisions by the City. According to the City of Dallas's Development Code, the comprehensive plan serves merely as a guide for rezoning requests but does not establish zoning boundaries, nor does it restrict the City's authority to regulate land use.

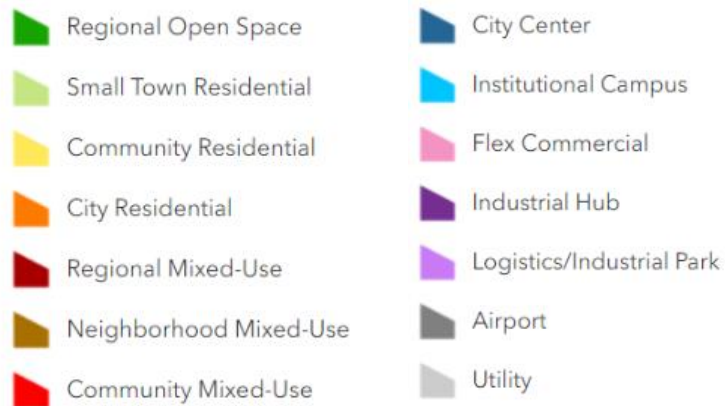

The proposed new Specific Use Permit is generally **consistent** with Forward Dallas 2.0. A convenience store, as a primary use within the Neighborhood Mixed-Use placetype. The site is adjacent to similar uses within CR Community Retail District. The site is within a mile of bus routes 220 and 218. The proposed restaurant and convenience store will provide services to the community. Therefore, the proposed Specific Use Permit aligns with the vision and recommendations of Forward Dallas 2.0.

**Placetype Summary**

Placetypes describe the long-term vision and desired building and preservation characteristics for different places within the city, including neighborhoods, mixed-use areas, employment and industry centers, and open spaces. They provide a high-level guide for the desired mix of land uses, design, and the recommended intensity and scale of the different uses. Due to the macro scale of the plan, not all uses or design considerations described within the placetypes may be suitable for every individual property.

Neighborhood Mixed-Use areas blend residential, retail, and small-scale commercial uses to meet local needs. Found at key intersections or corridors, these areas emphasize

walkability and compatibility with surrounding neighborhoods, fostering a sense of community.

**Land Use:**

Zoning	Land Use
--------	----------

<b>Site</b>	CR w/D-1 Overlay	General merchandise with a fueling station
<b>North</b>	CR w/D-1 Overlay	General merchandise
<b>South</b>	CR w/D-1 Overlay	General merchandise with a fueling station, vehicle-related uses, and various retail uses
<b>East</b>	CR w/D-1 Overlay	General merchandise
<b>West</b>	CR w/D-1 Overlay	Vacant retail/general merchandise store

### **Land Use Compatibility:**

The approximately 0.31-acre site is zoned a CR Community Retail District with a D-1 Liquor Control Overlay and is currently developed with a general merchandise or food store of 3,500 square feet or less and a motor vehicle fueling station. In January 2014, the City Council approved a zoning request to amend the D overlay to D-1 Overlay and granted a Specific Use Permit No. 2059 to sell alcohol for off-premise consumption. This Specific Use Permit was issued for a two-year period and subsequently renewed by the City Council in April 2016 for another two-year period. Finally, on November 28, 2018, the City Council approved a zoning request for a Specific Use Permit No. 2059 to sell alcohol for off-premises consumption. This Specific Use Permit was issued for a five-year term, which expired in 2023.

The proposed Specific Use Permit consists of a general merchandise store to the north, general merchandise uses to the south and east, and a vacant retail/general merchandise store to the west of the site.

The "D-1" Overlay District is a Liquor Control Overlay District that requires an individual to obtain a Specific Use Permit to sell or serve alcoholic beverages, or to set up for their consumption, on or off the premises.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The general merchandise use is also regulated by Chapter 12B of the Dallas City Code, Convenience Stores. This chapter applies to all convenience stores, which is defined as any business that is primarily engaged in the retail sale of convenience goods, or both convenience goods and gasoline, and has less than 10,000 square feet of retail floor space; the term does not include any business that has no retail floor space accessible to the public. The purpose of Chapter 12B is to protect the health, safety, and welfare of the citizens of the city of Dallas by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores in the city. This chapter establishes a registration program for convenience stores and provides requirements relating to:

- surveillance camera systems,
- video recording and storage systems,
- alarm systems,
- drop safes,
- security signs,
- height markers,
- store visibility,
- safety training programs, and
- trespass affidavits.

The applicant provided a certificate of registration for a convenience store issued on April 4, 2025, for a period of one year.

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

**Parking:**

Per the Parking Development Code Reform, this use does not require any on-site parking spaces.

**Market Value Analysis:**

[Market Value Analysis \(MVA\)](#), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies

nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in an “F” MVA area.
