BACKGROUND INFORMATION:

On June 11, 2003, the Dallas City Council established Planned Development District No. 641 by Ordinance No. 25285.

REQUEST DETAILS:

The applicant is requesting a minor amendment to the existing development plan to allow for modifications to reflect the existing dumpster configuration, the addition of a 927 square foot entry vestibule, and a 685 square foot addition to the service area for the school. No other changes are being requested.

This is not a change in zoning request and no changes to the existing zoning standards can be considered. The only purpose of this hearing is to determine if the proposed plan amendment complies with the standards established for minor amendments. The City code requires that if the plan amendment complies with the standards for a minor amendment, the plan shall be approved

Staff has determined that the request meets the minor amendment criteria for a development plan and does not violate other applicable code requirements.
