

**FILE NUMBER:** Z234-105(MB) **DATE FILED:** October 11, 2023

**LOCATION:** Northeast corner of South Buckner Boulevard and Moberly Lane

**COUNCIL DISTRICT:** 7

**SIZE OF REQUEST:** 1.53 acres **CENSUS TRACT:** 48113012207

---

**REPRESENTATIVE:** Tommy Webb

**OWNER:** Invested LLC / Tommy Webb

**APPLICANT:** Pleasant Grove Mortuary

**REQUEST:** An application for a CR-D-1 Community Retail District with a D-1 Liquor Control Overlay on property zoned an LI-D-1 Light Industrial District with a D-1 Liquor Control Overlay.

**SUMMARY:** The purpose of the request is to allow development of a funeral home.

**CPC RECOMMENDATION:** Approval.

**STAFF RECOMMENDATION:** Approval.

**BACKGROUND INFORMATION:**

- The area of request is currently zoned an LI-D-1 Light Industrial District with a D-1 Liquor Control Overlay. The property is currently developed with a single-story building.
- The lot has frontage on South Buckner Boulevard and Moberly Lane.
- The applicant proposes to develop this property with a mortuary, funeral home, or commercial wedding chapel use.
- To accomplish this, they request a CR-D-1 Community Retail District with a D-1 Liquor Control Overlay.

**Zoning History:**

There have been no zoning cases in the area within the last five years.

**Thoroughfares/Streets:**

<b>Thoroughfare/Street</b>	<b>Type</b>	<b>Existing/Proposed ROW</b>
Moberly Lane	Local Street	60 feet
South Buckner Boulevard	Principal Arterial	107 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on traffic.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1** ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

**Policy 1.1.1** Focus on Southern Sector development opportunities.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	LI-D-1 Light Industrial with a D-1 Liquor Control Overlay	Vacant
<b>North</b>	LI-D-1 Light Industrial with a D-1 Liquor Control Overlay	Undeveloped
<b>South</b>	LI-D-1 Light Industrial with a D-1 Liquor Control Overlay	Personal service, Office, General merchandise or food store < 3500 sf
<b>East</b>	LI-D-1 Light Industrial with a D-1 Liquor Control Overlay	Office showroom/warehouse
<b>West</b>	MF-2(A) Multifamily	Multifamily

**Land Use Compatibility:**

The area of request is currently developed with a single-story building previously used for commercial amusement (inside). The site is bordered by an LI-D-1 Light Industrial District with a D-1 Liquor Control Overlay to the north, south, and east. To the north is an undeveloped site; to the east is an office showroom/warehouse. To the south is a retail center with various uses, including personal service use, office, and general merchandise or food store 3,500 square feet or less. To the west, across South Buckner Boulevard, is an MF-2(A) Multifamily District developed with various multifamily properties.

The site is currently zoned an LI-D-1 Light Industrial District with a D-1 Liquor Control Overlay. This district is recognized as suitable for light industrial office, research and development, and commercial uses in an industrial park setting. This district is designed to be located in areas appropriate for industrial development which may be adjacent to residential communities. The applicant proposes a CR-D-1 Community Retail District with a D-1 Liquor Control Overlay to permit development of a mortuary, funeral home, or commercial wedding chapel use, which is currently prohibited by the LI-D-1 District.

Staff finds that the requested district and proposed development are compatible with the surrounding uses. The CR Community Retail District is intended to provide for community-serving retail, personal service, and office uses at a scale and intensity compatible with residential communities. The CR-D-1 District is less intensive than the existing LI-D-1 District, thereby minimizing the impact on the nearby MF-2(A) District. The proposed district would also be compatible with the existing nearby uses.

**Development Standards**

Following is a comparison of the development standards of the current LI Light Industrial District and the proposed CR Community Retail District.

District	Setback		FAR	Height	Lot Cvrg.	Special Standards	Primary Uses
	Front	Side/Rear					
Existing: LI	15'	30' adj to res <sup>1</sup> Other: No min	0.5 retail/personal service 0.75 combination of lodging/office/retail/personal service 1.0 all uses combined	70' <sup>2</sup> 5 stories	80%	Proximity Slope Visual Intrusion	Industrial, wholesale distribution & storage, supporting office & retail
Proposed: CR	15'	20' adj to res <sup>1</sup> Other: No min	0.5 office uses 0.75 all uses combined	54' <sup>2</sup> 4 stories	60%	Proximity Slope Visual Intrusion	Retail, personal service, office uses

<sup>1</sup> 20/30 feet where adjacent to or directly across an alley from an R, R(A), D, D(A), TH, TH(A), CH, MF, or MF(A) district. Otherwise, no minimum.

<sup>2</sup> If any portion of a structure is over 26 feet in height, that portion may not be located above a residential proximity slope.

### Land Use Comparison

Following is a comparison table showing differences in permitted uses between the existing and proposed zoning districts.

**Landscaping:**

Landscaping and tree preservation are required in accordance with the requirements in Article X, as amended.

**Parking:**

Pursuant to the Dallas Development Code, the off-street parking requirement for a mortuary, funeral home, or commercial wedding chapel is one space per 300 square feet of floor area other than the chapel, plus one space for each two seats in the chapel. Up

to 50 percent of the required off-street parking for this use may be tandem spaces. If all spaces provided are non-tandem, the off-street parking requirement is one space per 500 feet of floor area other than the chapel, plus one space for each two seats in the chapel. The applicant will be required to comply with all standard parking ratios at permitting.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an “F” MVA area.
