

Memorandum

CITY OF DALLAS

DATE August 1, 2024

TO Honorable Mayor and Members of the City Council

SUBJECT Discussion Regarding Parking Management at Construction Sites

On construction sites where off-street parking is not available, construction workers often illegally park or park in public spaces but do not adhere to parking regulations including time limitations. The Transportation and Public Works Department, Planning and Development Department, and City Attorney's Office are considering potential amendments to Chapter 52, "Administrative Procedures for the Construction Codes" to address this issue, and would welcome feedback from the committee members on this topic. On Monday, August 5, the committee will have a brief discussion of construction site parking management solutions, led by Ghassan "Gus" Khankarli, Director of Transportation and Public Works and Emily Liu, Director of Planning and Development.

Based on this feedback, staff will work with CAO to draft an amendment for review by this Committee. If you have questions, please contact Emily or Gus at Emily.liu@dallas.gov and Ghassan.khankarli@dallas.gov.

Robin Bentley,
Assistant City Manager (I)
