

FILE NUMBER: Z223-300(MB) **DATE FILED:** May 31, 2023
LOCATION: North line of Hendricks Avenue, east of South Denley Drive
COUNCIL DISTRICT: 4
SIZE OF REQUEST: 0.165 acres **CENSUS TRACT:** 48113021000

REPRESENTATIVE: Rik Adamski
OWNER: Jack Rowe and Kimberly Borges
APPLICANT: Jack Rowe
REQUEST: An application for a TH-3(A) Townhouse District on property zoned an R-5(A) Single Family District.
SUMMARY: The purpose of the request is to allow development of two new housing units on the lot.
STAFF RECOMMENDATION: Approval.
PREVIOUS CPC ACTION: On January 18, 2024, CPC moved to hold this case under advisement until February 15, 2024.

BACKGROUND INFORMATION:

- The area of request is currently zoned an R-5(A) Single Family District. The property is currently undeveloped.
- The lot has frontage on Hendricks Avenue.
- The applicant proposes to develop this property with a duplex.
- To accomplish this, they request a TH-3(A) Townhouse District.
- No changes have been proposed since the last CPC meeting.

Zoning History:

There have not been any zoning cases in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Hendricks Avenue	Local Street	-
South Denley Drive	Local Street	-
Morrell Avenue	Community Collector	60 feet

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on traffic.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.1 Focus on Southern Sector development opportunities.

HOUSING ELEMENT

GOAL 3.1 ENSURE A SUSTAINABLE AND EFFICIENT LONG-RANGE HOUSING SUPPLY

Policy 3.1.2 Encourage alternatives to single-family housing developments for homeownership.

GOAL 3.2 ANSWER THE NEED FOR HOUSING OPTIONS

Policy 3.2.2 Encourage higher density housing within a quarter-mile of DART stations.

URBAN DESIGN ELEMENT

GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY AND WALKABILITY

Policy 5.1.3 Encourage complementary building height, scale, design, and character.

GOAL 5.2 STRENGTHEN COMMUNITY AND NEIGHBORHOOD IDENTITY

Policy 5.2.1 Maintain neighborhood scale and character.

Neighborhood Plus Plan:

GOAL 5 EXPAND HOMEOWNERSHIP

Policy 5.1 Encourage a wider range of well-designed and affordable housing types as a response to emerging homeownership preferences.

Action 5.1.1 Conduct rezonings in target areas to remove barriers to more diverse and affordable single family homeownership options including small-lot single family, duplexes, townhomes, cottage homes, and courtyard homes.

Land Use:

	Zoning	Land Use
Site	R-5(A) Single Family	Undeveloped
North	CR Community Retail	General Merchandise or Food Store less than 3,500 sf; Multifamily; Church; Personal Service
South	R-5(A) Single Family	Single family
East	R-5(A) Single Family	Single family
West	R-5(A) Single Family	Single family

Land Use Compatibility:

The area of request is currently undeveloped. The site is surrounded by single family housing to the east, west, and south in an R-5(A) Single Family District. Immediately north is undeveloped property in a CR Community Retail District. Within the CR Community Retail District are a number of uses, including a general merchandise or food store less than 3,500 square feet, a multifamily housing development, a church, and a personal service use.

The site is currently zoned an R-5(A) Single Family District. This district is recognized as suitable for single-family homes with a minimum lot size of 5,000 square feet. The applicant proposes a TH-3(A) Townhouse District to permit development of a duplex structure, which is currently prohibited by the R-5(A) Single Family District.

Staff finds that the requested district and proposed development are compatible with the surrounding land uses. While the area is predominantly single-family, the presence of the CR Community Retail District immediately north of the site would make this an appropriate transition from residential to commercial uses. Access to transit further makes this site suitable for more density. Furthermore, blockface continuity requirements would retain the character of the neighborhood while allowing development of a duplex structure. Setback requirements for duplex structures in the proposed TH-3(A) Townhouse District match the setback requirements of single-family structures in the R-5(A) Single Family District. As such, staff supports the requested change to a TH-3(A) Townhouse District.

Development Standards

Following is a comparison of the development standards of the current R-5(A) Single Family District and the proposed TH-3(A) Townhouse District.

District	Setback		Density	Height	Lot Cvrg.	Special Standards	Primary Uses
	Front	Side/Rear					
Existing: R-5(A)	20'	Side/Rear: 5' (single family), 10' (other structures)	5,000 sqft lot / no max du density	30'	45% residential 25% nonresidential		Residential
Proposed: TH-3(A)	No minimum ¹	Single family: no min. Duplex side: 5' Duplex rear: 10' Other permitted side/rear: 10'	12 du / ac ²	36'	60% residential 25% nonresidential		Residential

¹ Due to blockface continuity requirements, a 20-foot front yard setback would apply to this lot.

² The TH-3(A) Townhouse District does not permit more than 12 dwelling units per acre. The existing lot size would result in a maximum of 1.98 dwelling units. However, per Development Services, the minimum lot area for residential use controls over the maximum dwelling unit density. The minimum lot size for duplex structures is 6,000 square feet. As the lot is 7,200 square feet in size, this development would be permitted.

Land Use Comparison

Following is a comparison table showing differences in permitted uses between the existing and proposed zoning districts.

LEGEND

	Use prohibited
•	Use permitted by right
S	Use permitted by Specific Use Permit
D	Use permitted subject to Development Impact Review

Landscaping:

Landscaping and tree preservation are required in accordance with the requirements in Article X, as amended.

Parking:

Pursuant to the Dallas Development Code, the off-street parking requirement for a duplex in a TH-3(A) Townhouse District is two spaces per dwelling unit. The applicant would be required to comply with standard parking minimums at permitting.

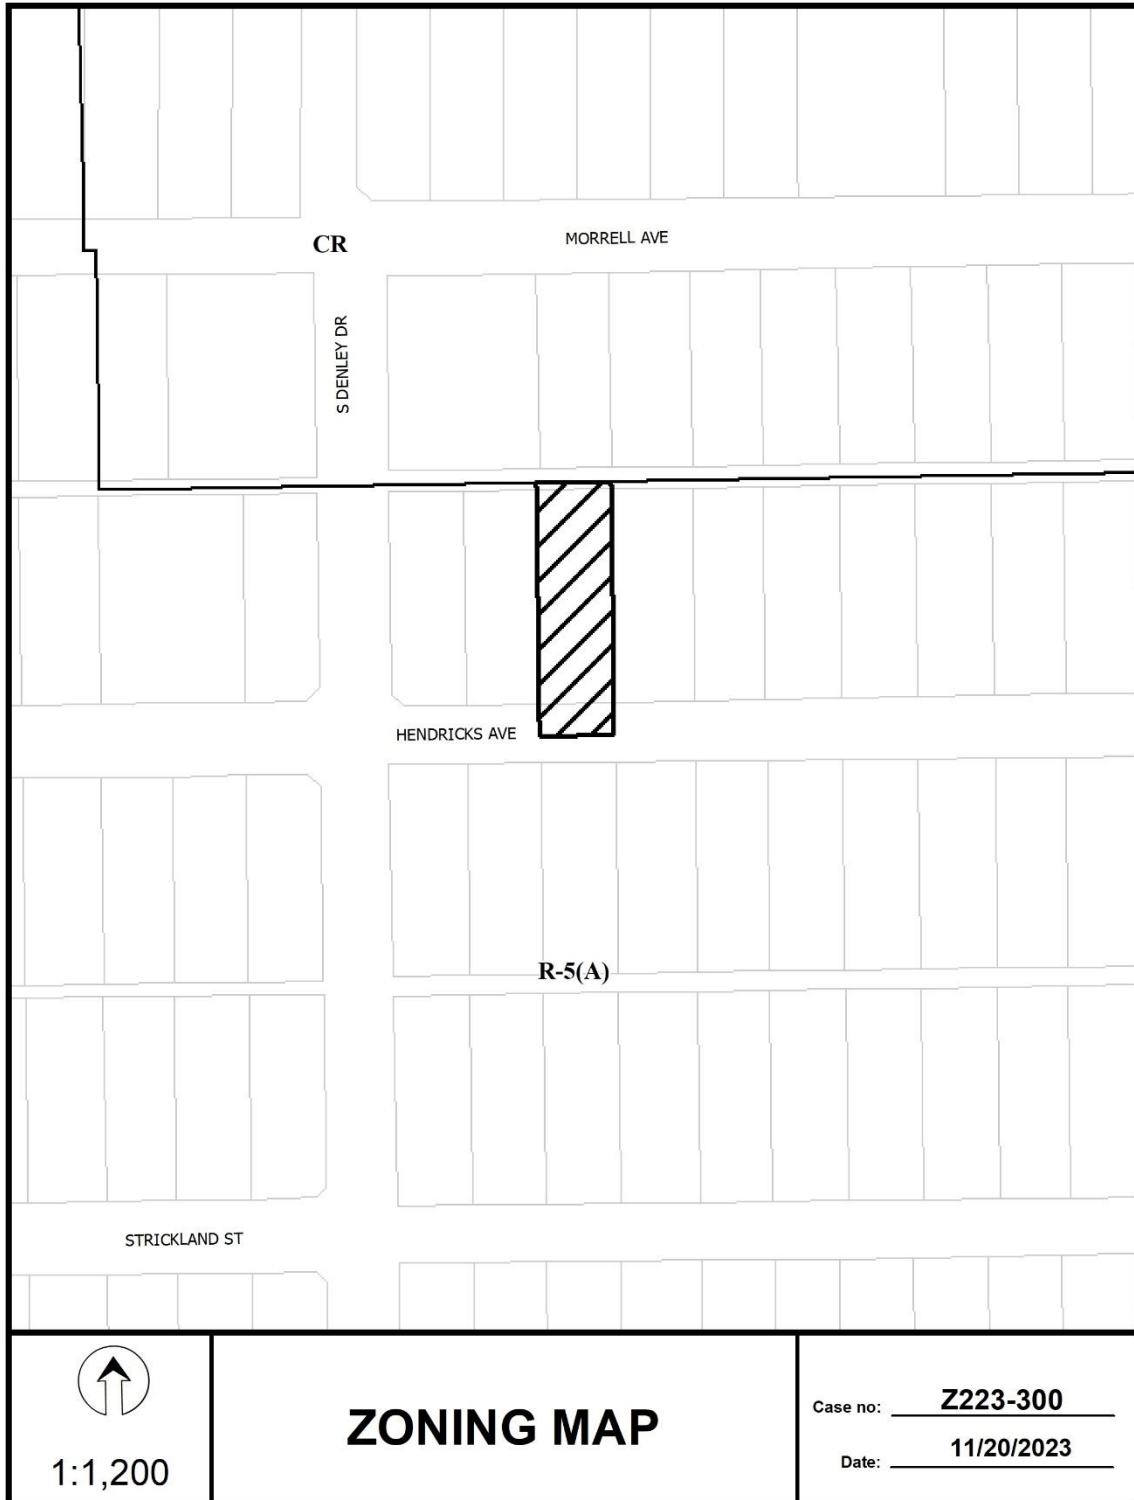

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective,

data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an “H” MVA area.
