PROPOSAL: An application for a new Specific Use Permit for the sale of alcoholic beverages in conjunction with a restaurant without drive-in or drive-through service on property zoned RR Regional Retail District with a D-1 Liquor Control Overlay.

SUMMARY: The purpose of this request is to allow the sale of alcoholic beverages in conjunction with a restaurant without drive-in or drive-through service within the existing building.

STAFF RECOMMENDATION: Approval, subject to a site plan and conditions

BACKGROUND INFORMATION:

General Background and Linked Resources

- Pursuant to Chapter 51A-4.503, the D and D-1 Liquor Control Overlays only apply to those districts enacted before June 11, 1987. The D Liquor Control Overlay prohibits sell or serve alcoholic beverages or setups for alcoholic beverages for consumption on or off the premises. The D-1 Liquor Control Overlay requires a Specific Use Permit (SUP) to sell or serve alcoholic beverages, or setups for alcoholic beverages, for consumption on or off the premises.
- The sale of alcoholic beverages is regulated throughout the state of Texas by the Texas Alcoholic Beverage Commission (TABC). The agency was originally created in 1935 when prohibition was repealed and currently requires operators to obtain a license to sell alcohol. The status and types of licenses issued by the agency are accessible online here: <https://apps.tabc.texas.gov/publicinquiry/Default.aspx>.
- Spacing requirements for alcohol sales exist in Chapter 6 of the City Code as enabled by Texas Alcoholic Beverage Code §109.33. Depending on the type of TABC license requested, certain protected uses (hospital, church, school, or day care, when applicable) require a specified spacing distance and measurement. Compliance with spacing requirements is verified with permitting staff with a liquor measurement application. Variances to these spacing requirements are allowed to be considered by City Council, when applicable, and are outlined in Chapter 6-4.

Site Specific Background Information

- Site and Structures: The request site is currently developed with a vacant restaurant without drive-in or drive-through service.
- SUP History: The existing structure housed Furr's Family Dining according to a certificate of occupancy issued on December 23, 2014. However, there is no record of a previously issued SUP.

Zoning History of relevant SUPS:

There has been one zoning case in the area in the last five years.

1. Z234-308 On January 25, 2024, the City Council approved an application for an amendment to Specific Use Permit 2048 for the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 100,000 square feet on property zoned RR-D-1 Regional Retail District with a D-1 Liquor Control Overlay.

STAFF ANALYSIS:**Surrounding Land Uses****Land Use**

	Zoning	Land Use
Site	RR Regional Retail District with a D-1 Liquor Control Overlay	Restaurant without drive-in or drive-through service
North	RR Regional Retail District with a D-1 Liquor Control Overlay	RL Thornton Fwy
East	RR Regional Retail District with a D-1 Liquor Control Overlay	Hotel
West	RR Regional Retail District with a D-1 Liquor Control Overlay	Office uses
South	RR Regional Retail District with a D-1 Liquor Control Overlay with SUP 1907	Shopping mall with retail and restaurants.

Land Use Context

RR Regional Retail District with a D-1 Liquor Control Overlay, surrounded by regional retail uses along a community collector. The current site is being remodeled from a previously hosted Furr's restaurant into a sports restaurant that would sell alcoholic beverages.

In general, the applicant's request is consistent with the existing zoning and the general provisions for a Specific Use Permit, and is not expected to negatively impact surrounding properties, as it is in a Regional Retail District supported by its adjacency to a freeway and a community collector.

Criteria for a Specific Use Permit

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The City Council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Because the sale of alcoholic beverages is regulated by the Texas Alcoholic Beverage Commission, the City is limited in what it can regulate through these SUPs. Generally, development regulations beyond basic aspects such as floor area cannot be applied to an alcohol sales SUP.

Parking

No parking is required for the sale of alcoholic beverages. Rather, parking is required based on land uses for a given occupancy.
