**REQUEST:** An application for a Specific Use Permit for an office showroom/warehouse on property zoned Subarea 1 within Planned Development District No. 366, the Buckner Boulevard Special Purpose District.

**SUMMARY:** The purpose of the request is to allow an office showroom/warehouse on the site.

**STAFF RECOMMENDATION:** Approval for a two-year period with eligibility for automatic renewal for additional five-year periods, subject to a site plan and conditions.

**BACKGROUND INFORMATION:**

- The area of the request is within Subarea 1 within PD No. 366.
- The request is to allow for an office showroom/warehouse.
- The lot has frontage on Scyene Road.

**Zoning History:**

There have been three zoning cases in the area in the past five years.

1. **Z190-303:** On November 11, 2020, City Council approved a renewal of Specific Use Permit No. 2160 for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less for a three-year period with eligibility for automatic renewal for additional three-year periods on property zoned Subarea 7 within Planned Development District No. 366, the Buckner Boulevard Special Purpose District, on the northwest corner of South Buckner Boulevard and Scyene Road.
2. **Z201-219:** On August 11, 2021, City Council approved a renewal of Specific Use Permit No. 2219 for the sale of alcoholic beverages in conjunction with a restaurant without drive-in service on property zoned Subarea 6 within Planned Development District No. 366, the Buckner Boulevard Special Purpose District, on the east side of South Buckner Boulevard, between Scyene Road and Bearden Lane.
3. **Z201-350:** On January 5, 2022, staff approved an automatic renewal of Specific Use Permit No. 2034 for the sale of alcoholic beverages in conjunction with a general food or merchandise store greater than 3,500 square feet for a five-year period on property zoned Subarea 6 within Subarea 6 of Planned Development District No. 366, the Buckner Boulevard Special Purpose District, on the east side of South Buckner Boulevard, between Scyene Road and Bearden Lane.

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply with city standards.

**STAFF ANALYSIS:**

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	PD No.366, Subarea 1	Industrial
<b>North</b>	PD No.366, Subarea 1	Mini-Storage
<b>East</b>	RR Regional Retail	Auto Repair
<b>South</b>	PD No.366, Subarea 1	Auto Repair
<b>West</b>	PD No.366, Subarea 1	Retail and Restaurant

**Land Use Compatibility:**

The request site is zoned Subarea 1 within PD No. 366 and is currently developed with a warehouse. The PD allows office showroom/warehouse uses with an SUP.

Other uses surrounding the request area include retail and restaurant uses to the west, a mini-storage use to the north, an auto repair use to the east, and an auto repair use to the south. The planned development of an office showroom/warehouse use on the site is complimentary to the development that has previously occurred along Scyene Road.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the

surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city. An office/warehouse use is allowed through an SUP in PD No. 366. Additionally, this development will complement the prior development along Scyene Road.

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

**Parking:**

Per code, the parking for the office portion of the development is one space per every 333 square feet of floor area, requiring seven parking spaces. Parking for the showroom/warehouse portion of the development is one space per 1000 square feet, requiring two parking spaces. The site is required to have nine parking spaces and is providing nine spaces.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in a “G” MVA area that extends to the north, east, and immediately west. Further west of the site is an “H” MVA area. To the southwest of the site is an “F” MVA area.
