Background & Purpose

Background

October 1, 2025, the Office of Homeless Solutions, Department of Housing and Community Development, Office of Community Care Empowerment and the Office of Equity and Inclusion merged to become the Office of Housing and Community Empowerment (OHCE).

Presentation Purpose

Discuss the City's approach to affordable housing and homelessness and outline opportunities to align services with the forthcoming Drivers of Opportunity.

Current Affordable Housing, Homelessness, & Fair Housing Strategies

Affordable Housing

*Dallas Housing Policy 2033
Dallas Housing Resource Catalog
Dallas Housing Action Plan*

Target Areas

- **Goal:** Create rental housing for those making 50% AMI or below to address 39,900-unit supply gap
- **Goal:** Expand homeownership opportunities for households under 80%
 - Household of 1 - \$65,700
 - Household of 4 - \$93,850

Preservation

- **Goal:** Support preservation of existing affordable homes, including single-family, subsidized rentals, and naturally occurring affordable housing
- **Goal:** Prevent involuntary displacement of residents

Production

- **Goal:** Increase the overall supply to meet projected demand

Homelessness

Four Track Strategy

Emergency Shelter Services for Homeless

- **Goal:** Provide safe, low-barrier shelter and quick connection to housing

Supportive Services for Seniors

- **Goal:** Help seniors remain safely housed with tailored supports

Rapid Rehousing

- **Goal:** Quickly move unsheltered households into permanent housing

Homeless Diversion Services

- **Goal:** Prevent shelter entry by resolving housing crises early

Supportive Housing and Recovery

- **Goal:** Provide permanent housing with ongoing supportive services

Fair Housing

*Investigations and Affordable Housing
Development Reviews*

Investigation of Discrimination Complaints

- **Goal:** Timely and thorough investigation of all complaints

Education and Outreach

- **Goal:** Increase public awareness of fair housing rights and responsibilities through consistent community engagement.

Furthering the Purpose of the Fair Housing Act through Housing Policy Oversight

- **Goal:** Ensure City-supported housing aligns with fair housing goals of integration and equal access

Integration

Affordable Housing, Homelessness, and Fair Housing

What We Learned Across The Legacy Systems

Why Realignment Matters

OHCE unifies key affordable housing and homelessness and community functions to create better service delivery.

Aligned department funding creates an opportunity to re-center the system around Vibrant City functions and impact on systems change.

Drivers of Opportunity (DO!) requires integrated services and measurable results.

Current Cycle – *A Fragmented System*

- Affordable housing, homelessness, and fair housing operated in separate silos
- Residents entered through different doors, systems, and processes
- Fragmentation leads to delays, confusion, and uneven support
- The systems eventually converge around shared outcomes: stability, housing access, and resident rights

Process Mapping the City Housing and Homelessness Framework

What Success Looks Like

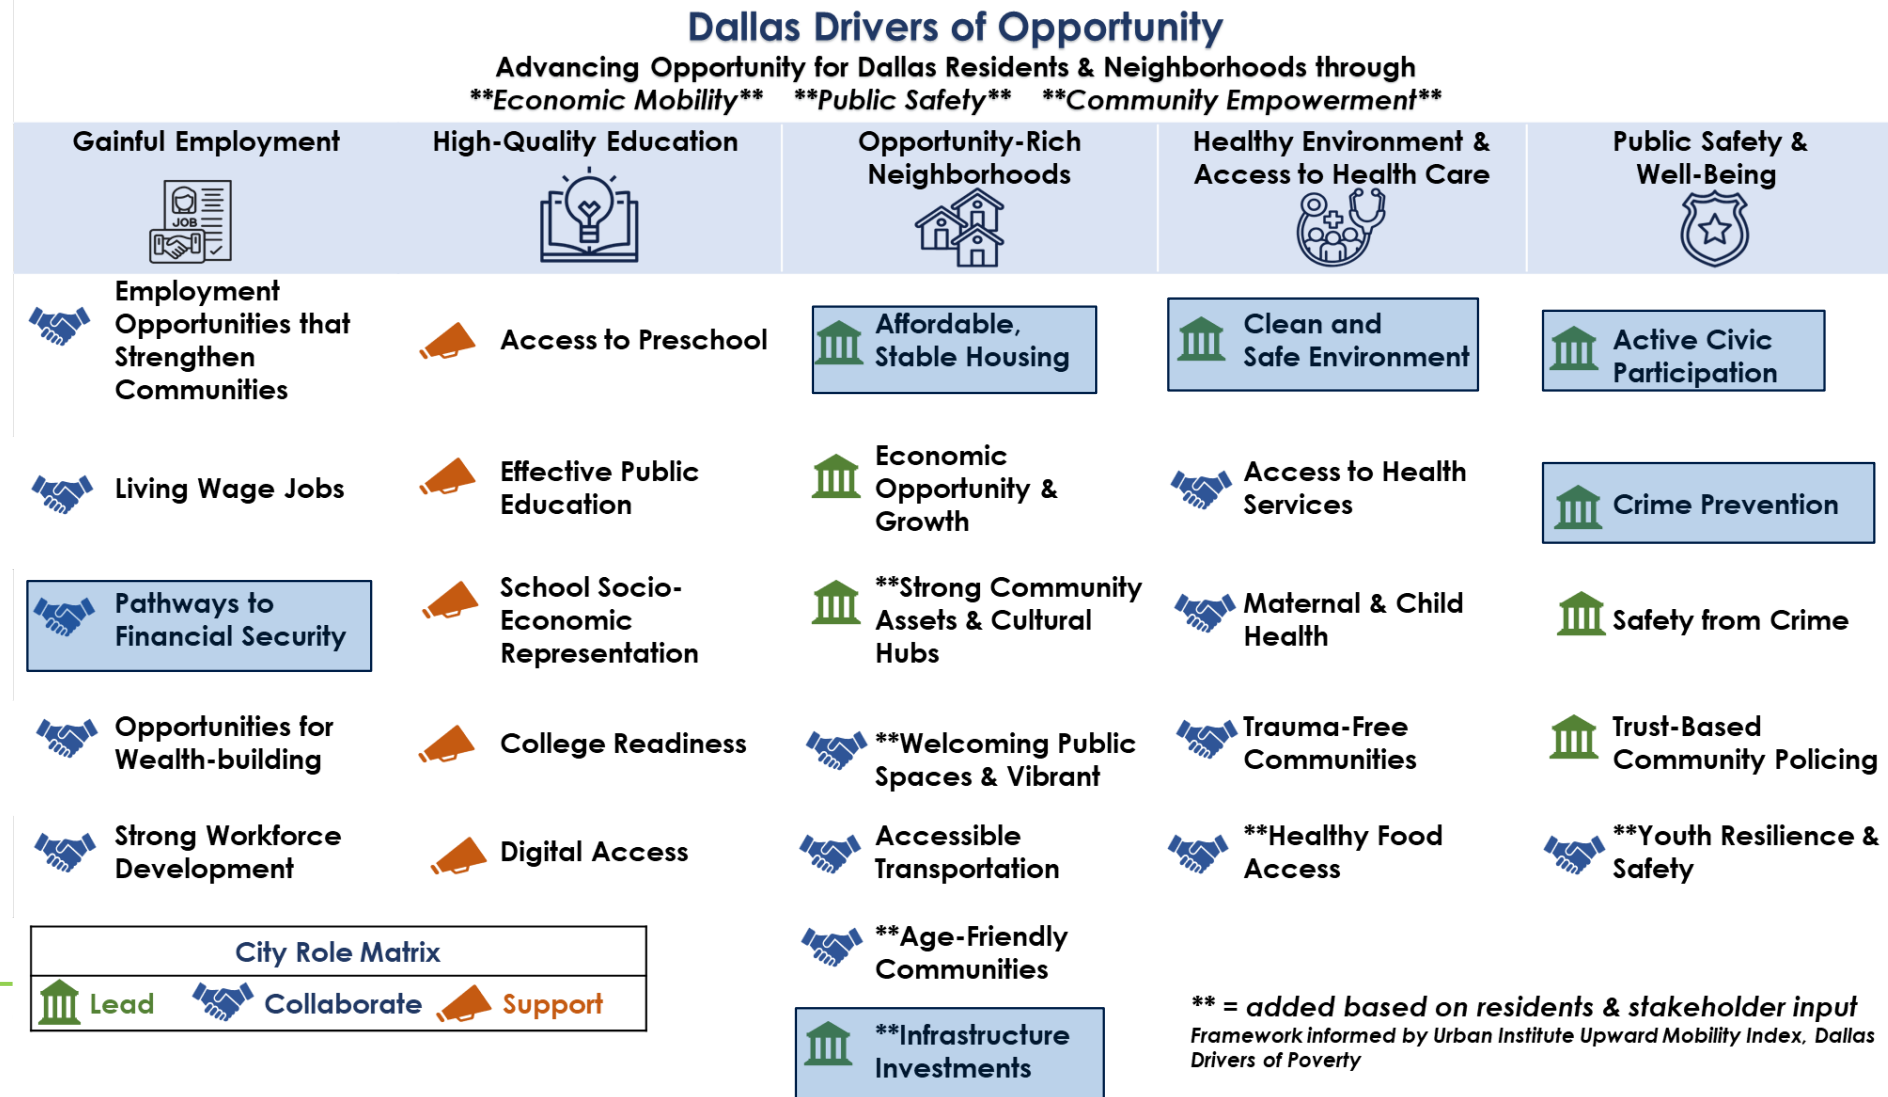

- ✓ Fewer entries into homelessness
- ✓ Increased housing production and preservation
- ✓ Improved fair housing compliance
- ✓ More opportunity-rich neighborhoods
- ✓ Outcome measurement aligned with forthcoming DO!

Approach to Alignment

- Combining processes and measurable outcomes for all housing, homelessness, and fair housing programs
- Shared data, navigation, and case management across departments
- Ability to identify people in one program that may benefit from another more effectively
- Goal is to have consistent compliance, standards, and resident experience across the entire system

Drivers of Opportunity (DO!)

Drivers of Opportunity (DO!)

- Defines a full spectrum of opportunities from stabilization to rehousing, affordable rental, supportive housing, housing related services, homeownership, and fair housing access
- Embeds fair housing protections and representative standards throughout the entire system to ensure consistent, transparent, and representative access for all residents

Current Dallas Housing Policy Pillars

1. **Strategy Target Areas**

Focus investments in neighborhoods with the greatest housing needs and disparities.

2. **Citywide Housing Production**

Increase affordable housing supply across income levels and geographies

3. **Citywide Housing Preservation**

Protect existing affordable units, NOAH properties, and long-term affordability.

4. **Infrastructure**

Align capital improvements and infrastructure to support housing development.

5. **Collaboration & Coordination**

Strengthen cross-departmental and external partnerships to improve outcomes.

6. **Engagement**

Ensure resident voices influence planning, siting, and program design.

7. **Education**

Provide accessible information on resources, rights, and pathways to housing.

Current Homelessness Four Track Strategy Policy

Track 1: Increase Shelter Capacity

Expand capacity of existing providers through contracted shelter overflow programs.

Track 2: Inclement Weather Shelters*

Allow entities with Chapter 45 Temporary Inclement Weather Shelter Permits to provide shelter on days when the actual temperature is less than 36 degrees (in winter months) or above 100 degrees during the day with an evening temperature higher than 80 degrees (in summer months) as led by the City.

*Track 2 moved to Emergency Management and Crisis Response in 2025

Track 3: Subsidized Supportive Housing

Provide security deposits, rent, utilities, incentives, and supportive services to further the alleviation of poverty to tenants, as well as incentives and risk mitigation to participating landlords.

Track 4: Investments in Facilities Combatting Homelessness

Funding for low barrier housing types, to include permanent supportive housing, targeting chronic homelessness; rapid rehousing addressing the elderly, disabled, families with children, and young adults; ensuring that program participants are in compliance with the requirements of their housing applications; and Day Centers, for seamless wrap-around services.

Competing Housing Needs in Dallas

- **Rental Housing**

- Dallas currently faces a shortage of approximately 39,900 affordable rental units for households earning 50% or less of the Area Median Income (AMI).
 - Without intervention, this gap is projected to grow to over 70,000 units by 2033.
- 7,700 units will have expiring Deed Restrictions by 2033

- **Homeownership Housing**

- To achieve a goal of 50% homeownership in Dallas, about 42,100 households would need to transition from renting to owning. This would require adding approximately 3,400 new housing units per year to keep pace.
- Average Dallas home price of \$405k can not be bought by a 100%AMI household without subsidy. Household needs \$135k income to qualify and not have payments that exceed 30% of income.

- **Homelessness**

- There are on average 3,500 individuals experiencing homelessness in the Dallas and Collin County area, roughly 9 people per 10,000 residents.
- Dallas has ~3,309 Emergency Shelter Beds at or near capacity.

Proposed Housing & Homelessness Policy Pillars

1. Citywide Production

- Strategies to produce affordable housing for 0-80% AMI incomes
- Includes shelters and permanent housing

2. Citywide Preservation

- Strategies to preserve existing affordable including deed restricted and at risk naturally occurring affordable housing

3. Housing Services & Programs

- A catalog of existing programs and services that serve unhoused neighbors to low-to-moderate income homeowners and developers

4. Fair Housing System

- Advance a coordinated housing system that addresses homelessness, expands stable housing options, and upholds accessible and fair housing protection

5. Priority Areas

- Focus resources in neighborhoods with the greatest housing needs and alignment with forthcoming DO!

6. Infrastructure

- Align capital improvements and infrastructure to support housing development

7. Collaboration & Coordination

- Strengthen cross-departmental and external partnerships to improve outcomes
- Includes Continuum of Care and Philanthropy

8. Engagement & Education

- Ensure resident voices influence planning, siting, and program design Provide accessible information on resources, rights, and housing inform

What the refined Housing and Homelessness Policy Framework will Enable

System Benefits

- Easier Program understanding
- Shared data and performance metrics
- More efficient use of funding
- Stronger cross-provider partnerships
- Greater transparency and improved resident experience
- Aligns services to populations

Alignment With Drivers of Opportunity

- Economic Mobility
- Public Safety & Wellbeing
- Community Empowerment

Enables staff to analyze and create the new pillars:

- Align funding, services and housing needs
- Codify approach to address homelessness and affordable housing needs
- State city purpose in advancing this work
- Create measurable indicators aligned with Drivers of Opportunity
- Map and analyze existing providers for capacity and opportunity to scale
- Develop partnerships based on service needs
- Serve people through different programs
- Listen and respond to stakeholders needs

Affordable Housing, Homelessness, & Fair Housing: *Partnerships*

Cross-sector collaboration strengthens pathways to stability, safety, and opportunity.

Community Engagement and Data Refinement

Community Engagement

- Dallas Housing Coalition 2nd Annual Housing Summit
 - November 21, 2025
 - Policy Survey – QR Code to Right
- Housing and Homelessness Solutions Committee
 - December 9, 2025
 - Briefing and Committee Feedback
- Strategic Focus Groups and Community Meetings
 - Resident and stakeholder engagement
 - Deploy surveys and engage communities at upcoming OHCE events

Data Refinement

- Use Dallas Housing Action Plan and Data from HMIS through Housing Forward to inform on most pressing housing needs in Dallas.
- Update measurable goals and combined Action Plan

Next Steps: *Housing and Homelessness Policy update*

Finalization and Integration

Iterate and refine the framework,

Integrate framework into FY26 budget and bond deployment

Development

Develop shared dashboards and performance metrics, refine goals based on measurable data

Coordination

Deepen coordination with providers and residents.

Map and analyze existing providers for capacity and opportunity to scale

Launch

Launch DO!-aligned Action plan.

Codify approach to address homelessness and affordable housing needs

Affordable Housing

Affordable Housing: *DHP33 & DHRC Policy Initiatives*

DHP33 – Dallas Housing Policy 33

Adopted in 2018, DHP33 established a citywide roadmap for producing and preserving affordable housing. It set targets, identified priority areas, and defined tools the City could use to expand housing options and address displacement.

DHRC – Dallas Housing Resource Catalog

Established to centralize and track City-supported housing activities, DHRC collects data on production, preservation, funding sources, corporation projects, and home repair programs, enabling more transparent reporting and planning.

Affordable Housing: *Housing Action Plan*

Housing Action Plan

- Guide uses of limited department resources to focus on highest priorities for affordable housing
- Measure accomplishments while tracking ongoing needs

Housing Action Plan Priorities

Create	Expand	Support	Prevent	Increase
Create more rental housing for those making 50% AMI or below to address the 39,900-unit supply gap at this income level	Expand homeowner ship opportunities to make home ownership more accessible for households making under 80% AMI	Support preservation of existing affordable homes, including single-family homes, subsidized rental housing, and naturally-occurring affordable rental housing	Prevent involuntary displacement of residents due to increased housing cost burden and market pressures	Increase the overall supply of housing to meet projected demand, as more units at all levels of the income spectrum to improve affordability in the market

Homelessness

Continuum of Care: *Housing Pathways Framework*

Prevention & Diversion

Keeps individuals and families from entering homelessness

Mediation, short-term financial help, problem-solving, connection to natural supports

Emergency Shelter & Coordinated Access

Immediate safety and stabilization

Coordinated Access System (CAS) assesses needs and connects households to the right intervention

Rapid Re-Housing

Short-term rental assistance + case management

Helps people move quickly into permanent housing and regain stability

Prioritized for households with lower to moderate service needs

Permanent Supportive Housing

Long-term housing with intensive supportive services.
Designed for chronically homeless and high-barrier individuals.
Focus on housing retention and health stabilization.

Other Permanent Housing

Independent housing with light or no ongoing supports.
Includes affordable housing, vouchers, and permanent subsidy programs.

Homelessness: *Foundational Programs*

- **Emergency Shelter Network** – Provides immediate, short-term housing, basic needs, and stabilization service for individuals and families experiencing homelessness
- **Rapid Re-housing and Supportive Services** – A coordinated, data-driven effort to quickly match individuals to available housing units and connect them to supportive services through streamlined system navigation. Offers short- to medium-term financial assistance and case management to help residents exit homelessness and sustain affordable housing

Prop J (2017) and Prop I (2024) Bond Investments

- **Proposition J (2017):** Provided \$20M dedicated to expanding shelter capacity, improving emergency response infrastructure, and supporting capital projects that strengthen the City's homelessness services system.
- **Proposition I (2024):** Approved \$19M for interim and permanent housing solutions, facility improvements, and system-level investments to enhance the City's ability to prevent and reduce homelessness.
