

FILE NUMBER: Z234-154(MB) **DATE FILED:** January 11, 2024
LOCATION: Southwest corner of West Illinois Avenue and Knoxville Street
COUNCIL DISTRICT: 1
SIZE OF REQUEST: 6.55 acres **CENSUS TRACT:** 48113010808

REPRESENTATIVE: Karl Crawley [Masterplan]
OWNER: Brian Sandoval [Templo de Alabanza]
APPLICANT: Adrian Iglesias [Generation Housing Partners, LLC]
REQUEST: An application for an MF-1(A) Multifamily District on property zoned an R-7.5(A) Single Family District.
SUMMARY: The purpose of the request is to allow development of multifamily housing.
CPC RECOMMENDATION: Approval.
STAFF RECOMMENDATION: Approval.

BACKGROUND INFORMATION:

- The area of request is currently zoned an R-7.5(A) Single Family District. The property is currently developed with a church.
- The lot has frontage on West Illinois Avenue and Knoxville Street.
- The applicant proposes to develop this property with multifamily.
- To accomplish this, they request an MF-1(A) Multifamily District.

Zoning History:

There has been one zoning case in the area within the last five years:

1. **Z201-274:** On October 13, 2021, City Council approved an application for an amendment to Specific Use Permit No. 472 for a college, university, or seminary to be used as a junior college on property zoned an R-7.5(A) Single Family District.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Illinois Avenue	Principal Arterial	80 feet / 100 feet Bike Plan
Knoxville Street	Local Street	-

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on traffic.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.7 Ensure appropriately located capacity to achieve growth targets.

GOAL 1.2 PROMOTE DESIRED DEVELOPMENT

Policy 1.2.1 Use Vision Building Blocks as a general guide for desired development patterns.

GOAL 1.3 PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

Policy 1.3.1 Create housing opportunities throughout Dallas.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

URBAN DESIGN ELEMENT

GOAL 5.3 ESTABLISHING WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Neighborhood Plus Plan

Goal 4 Attract and Retain the Middle Class

Policy 4.3 Enhance neighborhood desirability by improving infrastructure, housing stock, recreation, and safety.

Goal 6 Enhance Rental Housing Options

Policy 6.1 Raise the quality of rental property through better design standards, proactive and systematic code enforcement, and zero tolerance towards chronic offenders.

Policy 6.2 Expand affordable housing options and encourage its distribution throughout the city and region.

Land Use:

	Zoning	Land Use
Site	R-7.5(A) Single Family	Church
North	R-7.5(A) with SUP No. 472	Junior college
South	Planned Development District No. 420	Single family
East	R-7.5(A)	Single family
West	CR Community Retail with Deed Restrictions [Z123-154]	Medical clinic or ambulatory surgical center

Land Use Compatibility:

The area of request is currently developed with a church. The site is bordered by R-7.5(A) Single Family to the north and east. To the north is a junior college, and to the east is single family housing. To the west, the site is bordered by a CR Community Retail District with deed restrictions [Z123-154], currently developed with a medical clinic. To the south is Planned Development District No. 420, which contains single-family housing.

The site is currently zoned an R-7.5(A) Single Family District. This district is recognized as suitable for single family residential. The applicant proposes an MF-1(A) Multifamily District which would allow for the development of multifamily housing, which is prohibited under the existing R-7.5(A) district.

Staff finds that the requested district and proposed development are compatible with the surrounding uses. The MF-1(A) district is the least intensive of the multifamily residential districts, with larger minimum lot sizes compared to MF-2(A) or greater, and a maximum structure height of 36 feet. The neighboring PD No. 420 is an example of higher-density, small lot-size single family development which would be compatible with a neighboring MF-1(A) district, and the proposed district would not conflict with the adjacent CR Community Retail District or the junior college to the north of the site. It should be noted that PD No. 420 also has a maximum structure height of 36 feet.

Additionally, there is an MF-2(A) Multifamily District and an existing MF-1(A) district within the vicinity of the area of request. The site is served by two DART bus routes and is approximately 1.6 miles west of the DART Westmoreland rail station on the Red Line.

The area of request is also identified within the 2006 *forwardDallas! Comprehensive Plan* as being in the urban neighborhood vision building block. As such, staff considers the proposal compatible with the surrounding uses.

Development Standards

Following is a comparison of the development standards of the current R-7.5(A) Single Family District and the proposed MF-1(A) Multifamily District. It should be noted that the MF-1(A) district contains development bonuses available for projects that provide mixed income units under the Mixed Income Housing Development Bonus (MIHDB) program. While the applicant has not indicated an intent to use the MIHDB, it is available by-right in this district.

District	Setback		DU Density / Lot Size	Height	Lot Cvrg.	Special Standards	Primary Uses
	Front	Side/Rear					
Existing: R-7.5(A)	25'	Single Family: 5' Other structures: 10' side / 15' rear	Min. Lot Size 7,500 sf	30 feet	45% res., 25% non-res.	-	Single family
Proposed: MF-1(A)	15'	Single family: 0' Duplex: 5' side, 10' rear Multifamily: 10' side, 15' rear ¹	No max DU density Single family & Duplex: Min. 3,000 sf Multifamily: 1,000 sf no separate bedroom, 1,400 sf one bedroom, 1,800 sf two bedrooms, +200 sf each additional bedroom	36 feet With provision of MIH ³ : 85 feet	60% res, 25% nonres With provision of MIH ³ : 85% res	Residential proximity slope ²	Multifamily

¹ 10' rear yard allowed when backed upon CR district.

² If any portion of a structure is over 26 feet in height, that portion may not be located above a residential proximity slope originating in an R, R(A), D, D(A), TH, or TH(A) district.

³ 5% of units at income band 1 (80-100% Area Median Family Income) based on current "I" MVA area.

Land Use Comparison

Following is a comparison table showing differences in permitted uses between the existing and proposed zoning districts.

Landscaping:

Landscaping and tree preservation are required in accordance with the requirements in Article X, as amended.

Parking:

Pursuant to the Dallas Development Code, the base off-street parking requirement for multifamily use is one space per bedroom with a minimum of one space per dwelling unit. An additional one-quarter space per dwelling unit must be provided for guest parking if

the required parking is restricted to resident parking only. No additional parking is required for accessory uses that are limited principally to residents.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an "I" MVA area.
