**REPRESENTATIVE:** Jose C. Garcia, XG Drafting

**OWNER/APPLICANT:** Jose M. Martinez [Sole Owner]

**REQUEST:** An application for an amendment to deed restrictions [Z978-150 and Z190-168] on property zoned a CS Commercial Service District.

**SUMMARY:** The purpose of the request is to amend the existing deed restrictions to allow additional commercial uses.

**STAFF RECOMMENDATION:** Approval of an amendment to deed restrictions [Z978-150 and Z190-168] as volunteered by the applicant.

**BACKGROUND INFORMATION:**

- The area of request is currently zoned a CS Commercial Service District with deed restrictions [Z978-150 and Z190-168]. The applicant proposes vehicle or engine repair or maintenance on the site.
- Deed restrictions [Z978-150] were originally approved on September 8, 1999 and restricted uses to those permitted in a CR Community Retail District, plus a machinery, heavy equipment, or truck sales and service use with operating hours between 7:00 a.m. and 7:00 p.m. All other uses permitted in a standard CS District were prohibited by these deed restrictions.
- Deed restrictions [Z190-168] were approved on May 27, 2020 to terminate one of the conditions from Z978-150, which was the removal of the 40-foot setback from the northeastern property line.
- The applicant requests an amendment to the existing deed restrictions [Z978-150 and Z190-168] to permit two additional uses that would otherwise be permitted in the underlying CS District: vehicle or engine repair or maintenance and vehicle display, sales, and service.
- They also propose to adjust the hours of operation for the currently permitted machinery, heavy equipment, or truck sales and service use and the two additional permitted uses to between 9:00 a.m. and 6:00 p.m.

**Zoning History:**

There have been two zoning cases in the area in the last five years.

1. **Z223-245:** On February 1, 2024, City Plan Commission recommended denial without prejudice of the termination of deed restrictions [Z978-150 and Z190-168] on property zoned a CS Commercial Service District on the north corner of South Fitzhugh Avenue and Haskell Avenue. [Subject Site]
2. **Z190-168:** On May 27, 2020, City Council approved an application for an amendment to existing deed restrictions [Z978-150] on property zoned a CS Commercial Service District on the northeast side of South Fitzhugh Avenue, north of South Haskell Avenue. [Subject Site]

**Thoroughfares/Streets:**

<b>Thoroughfare/Street</b>	<b>Type</b>	<b>Existing/Proposed ROW</b>
South Fitzhugh Avenue	Local Street	-
South Haskell Avenue	Principal Arterial	90 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant’s request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES**

A goal of the forwardDallas! Vision is to create a healthy balance between jobs and households throughout Dallas by adding about 220,000 households and about 400,000 jobs between the years 2000 and 2030. The City should facilitate balanced growth with the goal of achieving and maintaining a sustainable tax base. Tools and strategies for achieving the City’s economic development land use goals should direct public investment and encourage private partnerships.

**ECONOMIC ELEMENT**

**GOAL 2.1 PROMOTE BALANCED GROWTH**

The City must promote a healthy balance of jobs and households in Dallas. It is important that the City establish and maintain land use policies that support its economic goals. These policies should encourage continued development and expansion of employment

and housing opportunities throughout the city to achieve a growth target of 400,000 new jobs and 220,000 new households between the years 2000 and 2030.

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	CS	Commercial & business service
<b>North</b>	R-5(A)	Single Family
<b>East</b>	CS	Commercial & business service
<b>South</b>	MF-2(A)	Multifamily
<b>West</b>	CS	Commercial & business service

**Land Use Compatibility:**

The area of request is predominantly surrounded by a mix of single family, multifamily and a few commercial properties. To the north and south there are single-family houses, with multifamily to the south as well. To the east and west there are a variety of commercial services. Staff assesses the applicant’s proposal for terminating the deed restrictions to allow operation within standard CS District uses to be compatible with surrounding uses in the area.

The area of request is currently zoned a CS District. The applicant proposes to amend the existing deed restrictions to permit two additional uses that would otherwise be permitted in the underlying CS District. They also propose to adjust the hours of operation for the currently permitted machinery, heavy equipment, or truck sales and service use and the two additional permitted uses to between 9:00 a.m. and 6:00 p.m. As these uses are permitted in a standard CS District, staff is in support of the proposed amendment to the deed restrictions that would allow these uses.

### Land Use Comparison

Following is a comparison table showing differences in permitted uses between the existing CS District with deed restrictions and a CS District with the amended deed restrictions. Uses of note are highlighted in yellow.

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

**Parking:**

Pursuant to the Dallas Development Code, the off-street parking requirement for vehicle or engine repair or maintenance use is one space per 500 square feet of floor area; a minimum of five spaces is required. Parking spaces that are used to repair vehicles and located in a structure are not counted in determining the required parking.

The off-street parking requirement for a machinery, heavy equipment, or truck sales and service use is one space per 1,000 square feet of sales area (whether inside or outside). The off-street parking requirement for a vehicle display, sales and service use is one space per 500 square feet of floor and site area exclusive of parking area. The applicant will be required to comply with standard parking ratios at permitting.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently within an “I” MVA area.
