

CITY PLAN COMMISSION**THURSDAY, AUGUST 7, 2025****Planner: Martin Bate**

FILE NUMBER: Z245-203(MB)/Z-25-000006(MB) **DATE FILED:**
April 14, 2025

LOCATION: West line of Algonquin Drive, between Lake June Road and
San Leon Avenue

COUNCIL DISTRICT: 5

SIZE OF REQUEST: Approx. 22 ac **CENSUS TRACT:** 48113011802

REPRESENTATIVE: Rob Baldwin

APPLICANT/OWNER: City of Dallas

REQUEST: An application for an amendment to Specific Use Permit No. 145 for a government installation other than listed on property zoned an R-7.5(A) Single Family District and a CR Community Retail District with a D Liquor Control Overlay.

SUMMARY: The purpose of the request is to amend SUP No. 145 to allow construction of a new City water utility facility.

STAFF RECOMMENDATION: **Approval**, subject to an amended site plan and conditions.

PRIOR CPC ACTION: On June 26, 2025, CPC held this item until August 7, 2025.

BACKGROUND INFORMATION:

- The area of request is currently zoned an R-7.5(A) Single Family District and a CR Community Retail District with a D Liquor Control Overlay. SUP No. 145 is an SUP for a government installation other than listed, specifically a Dallas Water Utilities facility.
- The applicant intends to build a new water pumping station and associated facilities. As such, they are requesting an amendment to SUP No. 145 to increase the maximum height allowed in the SUP conditions and an amendment to the site plan to show the future structures.
- SUP No. 145 was originally approved by City Council on July 20, 1959, for a permanent time period. The SUP was subsequently amended on January 24, 1990.
- This item was held until August 7, 2025 in order to allow time for the applicant to update the landscape plan.

Zoning History:

There have been 4 zoning cases in the area in the last five years.

1. Z234-150: On September 25, 2024, City Council approved an application for a Planned Development District for TH-3(A) Townhouse District uses and LO-1 Limited Office District uses on property zoned an MF-2(A) Multifamily District and an R-7.5(A) Single Family District on the north line of Lake June Road, east of Saint Augustine Drive.
2. Z223-158: On June 26, 2024, City Council approved an application for a CR Community Retail District on property zoned an R-7.5(A) Single Family District on the north line of Lake June Road, west of North Masters Drive.
3. Z223-197: On December 13, 2023, City Council approved an application for a D-1 Liquor Control Overlay and a Specific Use Permit for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less, on property located within a CR Community Retail District with a D Liquor Control Overlay, on the south line of Lake June Road, east of North St Augustine Road.
4. Z212-330: On April 12, 2023, City Council approved an application for the renewal of Specific Use Permit No. 2398 for the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 3,500 square feet on property zoned a CR Community Retail District with a D-1 Liquor Control Overlay at the northwest corner of Lake June Road and North Masters Drive.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Lake June Road	Principal Arterial	100 feet
Algonquin Drive	Local street	40 feet
San Leon Avenue	Local street	50 feet

Traffic:

The Transportation Development Services Division of the Planning and Development Department, in coordination with the Transportation and Public Works Department, reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:**Comprehensive Plan:**

ForwardDallas 2.0 is the citywide Comprehensive Plan for future land use in the City of Dallas. Adopted by City Council in September 2024, the plan includes a future land use map and guidance for a future vision of the City of Dallas. It also establishes goals and guidelines for land use and other decisions by the City. According to the City of Dallas's Development Code, the comprehensive plan serves merely as a guide for rezoning requests, but does not establish zoning boundaries nor does it restrict the City's authority to regulate land use.

The proposed zoning change is generally **consistent** with Forward Dallas 2.0. Utilities and government installations are secondary uses within the placetype and should be located along major thoroughfares and/or with access to public transit.

Placetype Summary

Placetypes describe the long-term vision and desired building and preservation characteristics for different places within the city including neighborhoods, mixed-use areas, employment and industry centers, and open spaces. They provide a high-level guide for the desired mix of land uses, design and the recommended intensity and scale of the different uses. Due to the macro scale of the plan, not all uses or design considerations described within the placetypes may be suitable for every individual property.

The Community Residential placetype encompasses the largest percentage of land within Dallas and is primarily made up of single-family homes. Parks, schools, and places of worship are interspersed throughout, providing focal points for community activity. Sensitively integrated housing types, such as duplexes and smaller-scaled multiplexes, can be found in many of these areas. Local commercial and office uses, as well as neighborhood-scaled apartments, may also be found, generally along main streets and at intersections, offering convenient access to goods and services, promoting a greater mix of uses, and supporting active, walkable environments.

Land Use:

	Zoning	Land Use
Site	R-7.5(A) Single Family and CR Community Retail with D Liquor Control Overlay	Government installation other than listed
North	CR Community Retail, PD No. 1117, NS(A) Neighborhood Service, R-7.5(A)	Restaurant, single family, various retail
South	R-5(A) Single Family	Single family
East	R-7.5(A) Single Family	Single family
West	MF-2(A) Multifamily, PD 959, CR Community Retail	Multifamily, school, church

Land Use Compatibility:

The request site consists of an existing government installation other than listed. The site is developed with a building for the pump station as well as a large concrete pad to the north.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established

in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The proposed amendments to the SUP will be consistent with the character of the neighborhood. While the height is proposed to increase, the largest massing on the site occurs at the center of the site, rather than on the periphery closer to residential uses. The use itself is not foreseen to have a deleterious impact on the surrounding area nor be detrimental to the public health, safety, or general welfare. As such, staff finds that the proposed amendments are compatible with the surrounding land uses.

Landscaping:

Landscaping must be provided in accordance with the approved landscape plan for SUP No. 145. The applicant has provided an updated landscape plan with residential buffer zones utilizing the one large/medium tree and three large evergreen shrub planting group option.

Parking:

The current SUP conditions require 23 off-street parking spaces. The applicant requests removing this requirement. Under Chapter 51A, for a utility or government installation other than listed, the building official may determine the appropriate parking ratio based on a use most equivalent to the proposed use in terms of function. As such, parking would be provisioned at the permitting stage. Staff supports this change as it allows flexibility in design of the site, and staff does not foresee large amounts of vehicular traffic being generated by this use.

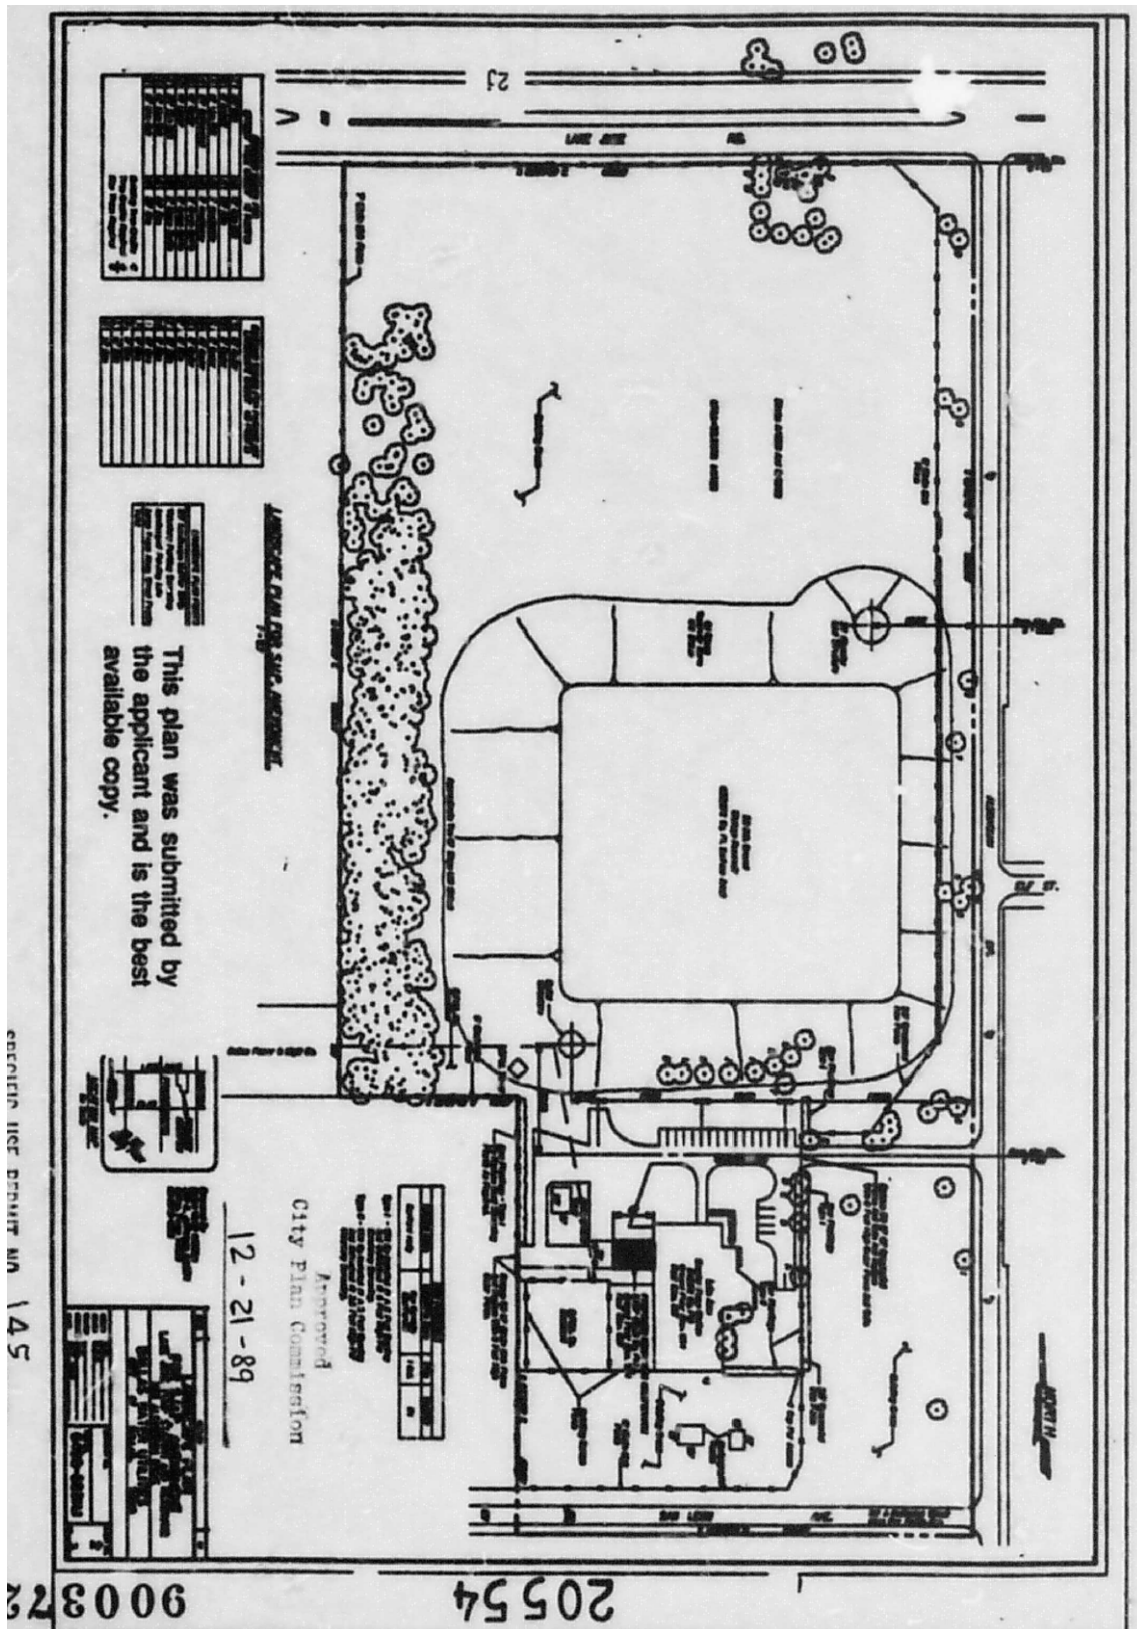

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is within an "H" MVA area.

PROPOSED CONDITIONS

1. USE: The only use authorized by this specific use permit is a government installation other than listed.
2. TIME LIMIT: This specific use permit has no expiration date.
3. SITE PLAN: Use and development [Utilization] of the Property must comply with [conform to] the attached site plan [attached to and made part of this ordinance].
- 4[2]. LANDSCAPING:
 - (A) Landscaping must be provided as shown on [conform to] the attached landscape plan [and must be installed within six months of the issuance of a certificate of occupancy for the use authorized by this specific use permit].
 - (B) [All] Landscaping must be maintained in a healthy, growing condition [at all times].
- 5[3]. HEIGHT: Maximum structure height is 66 feet. [USE: The only use authorized by this specific use permit is a government installation other than listed.]
- 6[4]. PARKING: A minimum of 23 off-street parking spaces must be provided in the locations [as] shown on the attached site plan.
- 7.[5]. HEIGHT: The maximum height for all structures on the Property is 25 feet.
6. SIGNS: All signs must comply with the provisions for non-business zoning districts [contained] in Article VII [the Dallas Development Code, as amended].
- [7. TIME PERIOD: This specific use permit has no expiration date.]
7. MAINTENANCE: The Property [entire premises] must be properly maintained in a state of good repair and neat appearance [at all times].
8. GENERAL REQUIREMENTS: Use [Utilization] of the Property must comply with [be in compliance with the requirements of] all federal and state laws [applicable codes] and regulations, and with all ordinances, rules, and regulations of the City of Dallas.
