The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply with city standards.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1** ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

**Policy 1.1.3** Build a dynamic and expanded Downtown.

**ECONOMIC ELEMENT**

**GOAL 2.3** BUILD A DYNAMIC AND EXPANDED DOWNTOWN

**Policy 2.3.1** Restore Downtown Dallas as the economic and cultural heart of North Central Texas.

**Policy 2.3.3** Work with property owners and stakeholders to preserve and enhance the image of Downtown Dallas.

**URBAN DESIGN ELEMENT**

**GOAL 5.1** PROMOTE A SENSE OF PLACE, SAFETY AND WALKABILITY

**Policy 5.1.2** Define urban character in Downtown and urban cores.

**Area Plans:**

**The 360 Plan**

The 360 Plan, adopted by Council in 2017, is an update to the Downtown Dallas 360 Plan adopted in 2011. The Plan, informed by local stakeholders, community leaders, and the City of Dallas, produced a strategic plan for the greater Downtown area. In the six years since the 2011 plan was adopted, the Downtown area has seen significant and rapid growth and has achieved many of the action items identified in the 2011 plan. The 2011 plan identified numerous connectivity needs as well as implementable actions for long-term vibrancy and success, including transit, streets, public spaces, urban design, housing, and parking. The 360 Plan is envisioned to address these and other emergent

needs of the growing residential population, commercial sector, and visitor base. The Plan was developed concurrently with other major planning efforts occurring in and around the City Center, including CityMAP, DART capital projects, high speed rail, and the Arts District Plan.

Staff finds that the applicant's request for continuation of an alcoholic beverage establishment limited to a microbrewery, microdistillery, or winery contributes to the overall vibrancy and commercial base within the Downtown area. This active use contributes to the Downtown area, meeting the 360 Plan's objectives of strengthening the urban fabric.

**The Trinity River Corridor Comprehensive Land Use Plan**

The Trinity River Corridor Comprehensive Land Use Plan, adopted in 2005 and updated in 2009, is an important tool for the individuals and organizations that make decisions affecting the Trinity River Corridor. Its vision describes the character this corridor should have in the future, and establishes the general principles that will direct preparation of detailed plans for smaller parts of the area. The Plan provides guidance about the appropriate land uses and development patterns for the corridor that can be used by citizens, property owners and City officials as they review specific development proposals.

The Plan's Preferred Land Use Plan illustrates the subject area within the Central Business District (CBD) Module, which is primarily intended for a vertical mix of uses ranging from offices to urban residential units. Staff finds that the applicant's request to continue an alcoholic beverage establishment limited to a microbrewery, microdistillery, or winery contributes to the overall vision of the CBD district by providing an active commercial use intended for residents and visitors.

**Land Use:**

	<b>Zoning</b>	<b>Use</b>
<b>Site</b>	PD 619	Alcoholic beverage establishment limited to microbrewery, microdistillery, or winery
<b>North</b>	PD 619	Hotel
<b>East</b>	PD 619	Commercial parking structure
<b>South</b>	PD 619	Misc. personal services, and multifamily
<b>West</b>	PD 619	Office

**Land Use Compatibility:**

The area of request encompasses the ground floor of an existing building, as well as an exterior uncovered patio for additional seating. The property abuts Commerce Street to the north, and a pedestrian-only Browder Street to the west.

No changes to PD No. 619 nor the applicable subdistricts are requested.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city. Staff finds that this application for renewal of SUP 2358 meets the approval criteria for SUPs as established by Section 51A-4.219 of the Dallas Development Code.

Staff supports the request due to the continuity of the existing alcoholic beverage establishment limited to a microbrewery, microdistillery, or winery on-site and proposed compliance with all other applicable provisions of the Dallas Development Code and PD No. 619.

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended, and applicable provisions of PD No. 619.

**Parking:**

Per Section 51A-4.124(a)(5)(B)(ii) of the Dallas Development Code and PD No. 619, no parking is required for ground-floor retail and personal service uses within the Central Area District.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in an “F” MVA area.
