LOCATION: East line of North Bishop Avenue, between West Neely Street and West Davis Street

COUNCIL DISTRICT: 1

SIZE OF REQUEST: ± 7,405 sq. ft. **CENSUS TRACT:** 48113004201

REPRESENTATIVE: Audra Buckley, Permitted Development

OWNER/APPLICANT: 620 N Bishop, LLC

REQUEST: An application for **(1)** a new subdistrict on property zoned Subdistrict 1 within Planned Development District No. 830, the Davis Street Special Purpose District; and **(2)** a Specific Use Permit for a boutique hotel.

SUMMARY: The purpose of the request is to allow for modified development standards to allow for a boutique hotel to operate out of an existing building on the site.

CPC RECOMMENDATION: **Approval** of **(1)** a new subdistrict, subject to conditions; and **(2)** a Specific Use Permit for a four-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: **Approval** of **(1)** a new subdistrict, subject to conditions; and **(2)** a Specific Use Permit for a four-year period, subject to a site plan and conditions.

BACKGROUND INFORMATION:

Existing/Proposed Built Conditions:

- The approximately 0.17-acre area of request encompasses one property addressed as 620 North Bishop Avenue. The site is developed with a three-story, nine-unit multifamily building with seven parking stalls to the rear of the property.
- There are no alterations proposed to the existing structure or site as part of this application.

Figure 1. External Access Balconies

- Access to the rooms is provided via a system of existing multi-story balconies that connect to ground level on the south side of the building, as illustrated in Figure 1.

Existing/Proposed Use Conditions:

- According to the applicant, following its development in 2015, the site has been utilized as multi-lease-type property. Historically, rental duration has been daily, weekly, monthly, and annually. Most recently, the property has been 80% occupied as a daily to 14-day rental. The applicant references these rental patterns as the impetus for the request to transition the use to a boutique hotel.
- The area of request is currently zoned Subdistrict 1 within Planned Development (PD) No. 830, the Davis Street Special Purpose District. Per Section 51P-830.104(9), *Boutique Hotel* is defined as “a lodging facility with 30 or fewer guest rooms that are rented to occupants on a daily basis for not more than 14 consecutive days; provides food that is prepared on-site; and more than 50 percent of the guest rooms are internal entry.” A boutique hotel use is not currently permitted in Subdistrict 1 within PD No. 830.
- The applicant requests a new Subdistrict 1C within PD No. 830. Requested language specifies that:

- A boutique hotel is permitted by Specific Use Permit only within Subdistrict 1C;
- Guests within a boutique hotel may prepare food on-site within the rooms;
- Internal entry to a boutique hotel is not required.
- In addition to the request for a new PD subdistrict, the applicant requests a Specific Use Permit for a boutique hotel with a maximum number of nine guest rooms.
- The applicant requests a Specific Use Permit to reassess the application through the required Specific Use Permit renewal process.

Zoning History:

There have been three zoning cases in the area in the last five years:

1. **Z234-192:** On August 14, 2024, the City Council approved an application for a Specific Use Permit for an alcoholic beverage establishment limited to a bar. Lounge, or tavern on property zoned Conservation District No. 7, the Bishop/Eight Street Conservation District located on the southwest corner of West Davis Street and north Bishop Avenue.
2. **Z201-111:** On February 22, 2023, the City Plan Commission denied an application for an expansion of Subdistrict 6 within Planned Development District No. 830 [to permit office uses], on property zoned Tract 1C within Planned Development District No. 160 located on the east line of Madison Street, between Davis Avenue and Neely Avenue.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
North Bishop Avenue	Community Collector	100 feet

Traffic:

The Transportation Development Services Division of the Planning and Development Department, in coordination with the Transportation and Public Works Department, reviewed the request and determined that it will not significantly impact the surrounding roadway system pending commensurate improvements. The project will be responsible to mitigate development impact as determined through the engineering review process.

North	PD No. 830 (Subdistrict 1)	Office
East	PD No. 160 (Tract 1C)	Single family
South	PD No. 830 (Subdistrict 1)	Office
West	PD No. 830 (Subdistrict 1)	Vacant, multi-tenant building, restaurant, and personal service

Land Use Compatibility:

The approximately 0.17-acre area of request encompasses one property addressed as 620 North Bishop Avenue. The site is developed with a three-story, nine-unit multifamily building with seven parking stalls to the rear of the property. There are no alterations proposed to the existing structure or site as part of this application.

Access to the rooms is provided via a system of existing multi-story balconies that connect to ground level on the south side of the building.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

From a land use perspective, the applicant's request, subject to the attached conditions, is consistent with the intent of the Dallas Development Code. The existing land use intensity on site will not increase based on the transition from multifamily to a boutique hotel use. Likewise, no other changes to the dimensional requirements or design standards of the existing PD subdistrict are proposed.

Landscaping:

Landscaping must be provided in accordance with PD No. 830 and Article X of the Dallas Development Code, as amended.

Parking:

The applicant is requesting that a flat number of six parking spaces be required on site. The structure includes nine units, and there are 12 existing bike parking spaces on site. Six existing parking stalls are accounted for on the proposed site plan in their current configuration.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness.

Z234-121(CR)

As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in a “C” MVA area.
