APPLICANT: Off the Cuff / Ross Hines

REPRESENTATIVE: Audra Buckley / Permitted Development LLC

REQUEST: An application for a new Specific Use Permit for a bar, lounge, or tavern on property zoned Planned Development No. 269 Tract A, the Deep Ellum/Near East Side District.

SUMMARY: The purpose of the request is to allow for a bar, lounge, or tavern on the site.

STAFF RECOMMENDATION: Approval, subject to a site plan and staff's recommended conditions.

BACKGROUND INFORMATION:

- The area of the request is zoned Planned Development District No. 269, Tract A, the Deep Ellum/Near East Side District.
- Applicant is requesting a new SUP to allow for a 4,845 sq ft bar, lounge, or tavern on the site per the site plan. DCAD states the structure is 4,000 square feet.
- The site was previously occupied by Kitchen LTO, Labella Cake, Pamper and Me Salon & Spa, and Sweet Endings restaurant.
- According to the City of Dallas' certificate of occupancy, the Off the Cuff restaurant has occupied the property as a restaurant since April 24, 2019.

Zoning History:

There have been two zoning cases in the area over the past five years.

1. **Z-25-000183** – On April 8, 2026, the City Council approved the amendment of Specific Use Permit 2150, a bar, lounge, or tavern and an inside commercial amusement limited to a live music venue on property zoned Tract A within Planned Development District No. 269, on the Southwestern corner of Main St and Malcolm X Blvd.
2. **Z-26-000133** – On August 25, 2026, the City Council will hear a request for an application for a new Specific Use Permit for a bar, lounge, or tavern and inside commercial amusement limited to a live music venue on property zoned Tract A within Planned Development District No. 269, the Deep Ellum/Near East Side District.

STAFF ANALYSIS:

Comprehensive Plan:

ForwardDallas 2.0 is the citywide Comprehensive Plan for future land use in the City of Dallas. Adopted by City Council in September 2024, the plan includes a future land use map and guidance for a future vision of the City of Dallas. It also establishes goals and guidelines for land use and other City decisions. According to the City of Dallas's Development Code, the comprehensive plan serves merely as a guide for rezoning requests but does not establish zoning boundaries, nor does it restrict the City's authority to regulate land use.

The proposed new Specific Use Permit for a lounge is generally **consistent** with Forward Dallas 2.0. A bar, lounge, or tavern is identified as a primary use within the Community Mixed-Use placetype. The site is adjacent to similar uses within PD 269. The site is within a mile of Baylor Station and Deep Ellum Station and several bus routes. The proposed bar, lounge, or tavern provides the community with entertainment and social gathering opportunities. Therefore, the proposed Specific Use Permit aligns with the vision and recommendations of Forward Dallas 2.0.

Placetype Summary

Community Mixed-Use areas combine housing, retail, and office spaces to serve multiple neighborhoods. Located along transit corridors, these areas prioritize walkability, community interaction, and access to essential services, creating vibrant and inclusive spaces.

Land Use:

	Zoning	Land Use
Site	Tract A, Planned Development District 269	Restaurant, Bar, lounge, or tavern
North	Tract A, Planned Development District 269	Parking and multifamily
South	Tract A, Planned Development District 269	Parking, retail, bar, parking, and restaurants
West	Tract A, Planned Development District 269	Parking, retail, bar, and restaurants
East	Tract A, Planned Development District 269	Parking, Retail, bar, and restaurants

Land Use Compatibility:

The request site is zoned No. 269, the Deep Ellum/Near East Side District, and it has been developed as restaurants, personal services, and retail since the 1980s. The new

business is seeking a SUP to allow a bar, lounge, or tavern at this site. Surrounding uses include a parking lot, multifamily uses to the north, and parking, retail, bars, parking, and restaurants to the east, west, and south. Bar, lounge, or tavern uses are compatible with the surrounding uses and with Deep Ellum.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request because the use is not foreseen to be detrimental to surrounding properties. The site plan and conditions limit the size and scope of the use. Staff recommends approval, subject to a site plan and conditions.

Landscaping:

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

PD 269 does not require off-street parking for the first 2,500 square feet of floor area for a bar, lounge, or tavern located within an original building. Otherwise, one space is required for every 100 square feet of floor area.

Market Value Analysis:

Market Value Analysis (MVA) is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies

nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of the request and the immediate surrounding areas are located in an “F” MVA area.
