Mission Statement

The mission of the Skillman Corridor Tax Increment Financing District (“TIF District”) is to provide a source of funding for public investments that will assist in creating a more sustainable mix of rental and owner-occupied residential property in the Skillman Corridor. This effort will help encourage the redevelopment of structurally obsolete apartment complexes and retail centers, better trail and recreational connections, and transit-oriented development near the Skillman/Walnut Hill DART light rail station and the existing Skillman/LBJ DART light rail station. The Skillman Corridor TIF District began on January 1, 2006 and will terminate on December 31, 2035 (including collection of the 2035 increment in calendar year 2036 and any related matters to be concluded in 2036).

Skillman Corridor TIF District Accomplishments

City Council established the Skillman Corridor TIF District by Ordinance 26148 on October 26, 2005. In December 2006, the TIF District’s boundaries were amended to include several Richardson Independent School District (RISD) campuses to help RISD meet changing campus needs as the area is redeveloped. The RISD Board of Trustees approved contributing the debt service portion of future RISD increment to the TIF District up to \$10 million net present value (or a total amount just over \$16 million). This financial participation marked the first financial participation by a school district in a Dallas TIF district since 1999. The City Council adopted the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan (“TIF District Plan”) on December 13, 2006 by Ordinance 26534.

In 2007, a development agreement with PC LH Land Partners, LP (PC LH) for the TIF District’s catalyst project “Lake Highlands Town Center (LHTC)” was approved by the Skillman Corridor TIF District Board of Directors (“TIF Board”) and the City Council. The project also received funding commitments from Dallas Area Rapid Transit (DART) and the North Central Texas Council of Governments (NCTCOG) for a light rail station and related improvements at Skillman Street and Walnut Hill Lane along the existing DART Blue Line. In addition, the project received funds from Dallas County for infrastructure improvements and City of Dallas bond funds for infrastructure improvements.

Infrastructure and other public improvements as part of the LHTC horizontal site development phase were completed in 2011. An operation and maintenance agreement for non-standard public improvements was executed with PC LH, and the Lake Highlands Public Improvement District (“LHPID”) agreed in 2010 to partial assignment of those responsibilities.

The 20 acres of park land and trails constructed as part of the project were conveyed to the City on March 31, 2011 and named “Watercrest Park.” Maintenance responsibility has been designated to PC LH, future owners, and/or the LHPID. Due to the economic downturn between 2008-2010, vertical development at the LHTC was delayed. In June 2011, the City approved an amended development agreement for LHTC that increased

the TIF District funding dedication for the project from \$23,000,000 to a maximum of \$40,000,000, subject to certain conditions.

In May 2009, the TIF Board adopted a “Skillman Corridor TIF Strategic Implementation Plan” to guide the next phases of development and improvements in the TIF District.

In FY 2011, a development agreement with Audelia WGK, LLC for the White Rock Place development was approved by the TIF Board and the City Council. TIF District funding assisted with reconfiguring the southwest corner of Walnut Hill Lane and Audelia Road into a smaller retail component of 18,000 square feet and infrastructure for 17 residential lots. All homes were completed in late 2013.

A development agreement with the Richardson Independent School District (RISD) was approved in FY 2011 to provide TIF District funding pursuant to the Interlocal Agreement between the City and RISD for stadium facility improvements adjacent to Lake Highlands High School as funds are available.

During FY 2012, the TIF Board approved by-law amendments to reflect changes in state law for TIF Board composition so that only taxing jurisdictions that participate financially can have representation on TIF boards and a change in the TIF design review process to have the function undertaken as part of the City’s Urban Design Peer Review Panel. The TIF Board also approved mixed-income housing guidelines for the TIF District.

During FY 2013, a development agreement with WRT/DK Residential, L.P. for the White Rock Trail Apartments project was approved by the TIF Board and City Council. The development, now called NorthRock Lake Highlands, was completed in late 2014. In FY 2016, the developer terminated the agreement, forgoing the TIF subsidy.

In 2015, Phase I requirements under the LHTC agreement were completed, and the City began disbursement of TIF District funding. In September 2015, PC LH decided to terminate the remainder of the LHTC agreement.

During FY 2016, the TIF Board approved district-wide funding commitments including \$349,800 in local match funding for the Lake Highlands TOD Multimodal Connectivity Project (hike/bike trail extension) and \$35,000 to share in the cost for a Phase I Master Plan to study and prepare schematic design for enhancements to the proposed Lake Highlands Gateway Bridge at the intersection of Skillman Street and IH 635.

During FY 2017, a development agreement with NADG/SHOP Lakeridge LP for the Lakeridge shopping center redevelopment project was approved by the TIF Board and City Council.

In June 2018, the TIF Board recommended district-wide funding up to \$350,000 toward median/gateway improvements along Skillman Street near the hike/bike trail extension project.

During fiscal year 2018-2019, the Lakeridge shopping center redevelopment project was completed, and the \$4,500,630 TIF District funding was paid in full. The 90,476 square feet upgraded retail space has resulted in more than doubling of the project’s taxable value. The project replaced some of the parking lot with 8,000 square feet of public open space. The City of Dallas and SHOP Development were awarded the 2019 Urban Land Institute’s “Next Big Idea” award for three of their local projects, including the Lakeridge shopping center redevelopment project.

In 2021, the TIF Board recommended district-wide funding to support dredging and studying Watercrest Park pond at Lake Highlands Town Center. On March 9, 2022, City Council authorized a construction contract for dredging of Watercrest Park, and dredging work was substantially complete in July 2024. In 2021, the TIF Board also recommended district-wide funding for 26 new City light-emitting diode (LED) streetlights and approximately 5,200 linear feet of fiber optics within the TIF District. The lights are operational, and the fiber optics are pending the final completion of the LBJ East construction project in early 2026.

In March 2023, at the recommendation of the TIF Board, City Council approved amendments to the TIF District Plan (“TIF District Plan Amendment”), expanding the District boundary, and dedicated \$5,551,590 in TIF District funds to support design and construction of a new City park and multi-purpose facility at the northwest corner of Forest Lane and Audelia Road (“Forest/Audelia Project”).

In 2025, the TIF Board recommended TIF District funds up to \$1,100,000 to assist with the construction of streetscape improvements along Skillman Street between Church Road and Sedgwick Street in accordance with the Lake Highlands Public Improvement District (“LHPID”) Skillman Street Master Plan. Another \$500,000 in TIF District funds were recommended for schematic/preliminary engineering for the Church Road bridge located between Skillman Street and White Rock Trail to determine future upgrades to the bridge necessary to accommodate trail and pedestrian improvements. Both projects will be implemented by the City’s Transportation and Public Works Department.

Significant TIF District projects are shown in the following table.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF District funding assistance are subject to the City's and County's established criteria for mixed-income housing. In this TIF District, and as a result of TIF District funding, a total of 217 units have been built to-date, of which 40 are required to be set-aside as affordable. The White Rock Place project involved TIF District funding for infrastructure for 17 single-family lots, and previously, on a case-by-case basis, for-sale housing was not subject to specific affordability requirements.

TIF District Initiatives

In addition to TIF District funding, there have been other public funding commitments in support of the LHTC and improvements to trails and gateways as shown in the TIF District Initiatives table below. A unique partnership was formed with PC LH and several public agencies (City, Dallas County, DART, and NCTCOG) as a result of the interdependent layering of funding for infrastructure and public improvements requiring coordination in support of the LHTC.

In June 2010, NCTCOG Regional Transportation Council ("RTC") awarded funding for two Sustainable Development Projects in the Skillman Corridor TIF District including the LBJ/Skillman Urban Planning Initiative (planning study) and the Lake Highlands TOD Sustainable Development Infrastructure Project.

The LBJ/Skillman Urban Planning Initiative included evaluating the best land use and development mix in the LBJ/Skillman DART Station area and strategies to encourage transit-oriented development (TOD) and supporting pedestrian/bike improvements. In August 2009, the TIF Board approved a pledge of TIF District funding in the amount of \$25,000 as matching funds for the project. NCTCOG funding includes \$100,000 with a required local 20% match of \$25,000 for a total study amount of \$125,000. The completed study was adopted by City Council in October 2014.

The Lake Highlands TOD Sustainable Development Infrastructure Project, with Dallas County and PC LH as partners, was selected for funding as an infrastructure project totaling \$3,243,000 to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman Street, north of Abrams Road). In late 2015, the City took the lead on managing the project with the TIF District providing \$346,800 in local match support and Dallas County committing up to \$271,000 (net project management costs). The trail extension construction was completed in 2021.

In June 2018, the TIF Board recommended up to \$350,000 in TIF District funding toward the construction costs of median/gateway improvements along Skillman Street between Merriman Parkway and Abrams Road. The Lake Highlands Public Improvement District funded the design work. Construction was implemented in conjunction with the

construction of the trail extension project. The median improvements were completed in 2022.

During fiscal year 2020-2021, the TIF Board recommended dedicating \$1,600,000 in TIF District funds to match \$1,600,000 available in 2017 proposition D (flood protection and storm drainage) bond funds for dredging of the Watercrest Park pond at Lake Highlands Town Center with the following conditions: (1) that the dredging is consistent with Alternative 7A as presented in Garver's Technical Memorandum dated April 1, 2021 (partial dredge of the whole pond to a shallow 1.5 foot depth to remove all sediment above the normal water surface elevation and dredging of the southern "bowl" portion of the pond to full design depth to provide additional volume), with additional focus that the northern portion of the waterway receive a light dredge so as to preserve natural habitat, (2) that the TIF Board will not entertain future dredging funding requests, and (3) that the findings as presented in the recommended action are accepted. At the same TIF Board meeting, the TIF Board also recommended dedicating up to \$60,000 to supplement the professional services contract with Garver for Watercrest Park pond dredging improvements to provide engineering evaluations and cost estimates for up to three beautification and maintenance-reducing concepts of Watercrest Park pond. The Watercrest Park Pond study was completed in 2022. On March 9, 2022, City Council approved the construction contract to dredge Watercrest Park pond which included \$1,200,700 of the TIF District's \$1,600,000 commitment. A subsequent change order approved by City Council on April 12, 2023 that compensated the contractor for additional work required for an agreed-upon alternative construction entrance and staging area increased the TIF District funds by \$399,300, thereby utilizing the full Skillman Corridor TIF District dedication amount of \$1,600,000. The dredging project was substantially completed in July 2024.

On December 3, 2021, the TIF Board recommended a request by the City of Dallas Department of Transportation for TIF District funding of public street lighting improvements including (a) installation of approximately 26 new City LED street lights in the amount of \$286,000 and (b) approximately 5,200 linear feet of fiber optics in the amount of \$286,000, for a total amount not to exceed \$572,000, along the following locations: (1) West and East Ferris Branch Boulevard: 3 street light poles, (2) Ferris Branch Boulevard from West/East Ferris Branch Boulevard to Whitehurst Drive: 5 street light poles, (3) Fair Oaks Crossing from Royal Lane to Whitehurst Drive: 12 street light poles, and (4) Fair Oaks Crossing from Royal Lane to Skillman Street: 6 street light poles. On March 9, 2022, the City Council approved Resolution 22-0456, authorizing \$572,000 to be transferred from the Skillman Corridor TIF District Fund to the Transportation Special Projects Fund to implement the public street lighting improvement project. The new streetlights became operational in 2023, and the fiber optic installation will be completed after the LBJ East construction is completed in early 2026 (one of the termination points for the fiber).

On April 13, 2022, City Council approved Resolution No. 22-0583 authorizing a construction services contract for the construction of the Lake Highlands Trail - Phase 2A/2B, Northern Extension Project from Harry S Moss Park located at 7601 Greenville

Avenue, a portion of which falls within the Skillman Corridor TIF District. Funding for the contract awarded to RoeschCo Construction, Inc. totals an amount not to exceed \$4,392,297 (no TIF District funding). Phase 2A connects Arbor Park to the existing White Rock Creek Trail at Harry Moss Park; Phase 2B connects Arbor Park to the existing Lake Highlands Trail Phase 1. The Lake Highlands Trail Northern extension, which is substantially complete, provides a safe route to schools and connects the Lake Highlands Trail Phase 1 at Lake Highlands High School to the Lake Highlands DART Station at Walnut Hill Lane.

On December 2, 2022, the TIF Board recommended transferring \$5,551,590 in Skillman Corridor TIF District funds to the Park and Recreation Department (PKR) to support the design and construction of the Forest/Audelia Project, and, on March 8, 2023, City Council approved the transfer of funds by No. Resolution 23-0372. Demolition and design have been completed. PKR was in the process of reviewing construction bids at the end of FY 2024-2025. The construction scope included the renovation of an existing retail building into a new 10,000 square foot recreation center to include three multi-purpose rooms, a kitchen, public safety office, a tech center, fitness room and boxing gym. A construction contract was anticipated for award by City Council in early 2026.

TIF District Development Project Map

Value and Increment Revenue Summary

The Skillman Corridor TIF District’s assessed 2025 taxable value was \$1,661,613,385 (and varies for other participating taxing jurisdictions due to exemption levels). This represents an increase of \$1,299,798,714 (359.2%) over the adjusted base year taxable value and an increase of \$61,567,515 (3.8%) over last year’s final taxable value. The TIF District anticipates collecting approximately \$9,269,941 in incremental tax revenue for tax year 2025 (collected in 2026), of which \$7,720,544 is the City’s estimated contribution and approximately \$1,549,396 is the County’s estimated contribution. RISD’s participation reached its budget cap in tax year 2024, and the final collection occurred in 2025.

Objectives, Programs, and Success Indicators

Among the goals of the Plan are:

- To create additional taxable value attributed to new private investment in projects in the Skillman Corridor TIF District totaling approximately \$592 million.
Over \$750.7 million in new investment is complete or underway (127% of the goal).
- To attract new private development in the Skillman Corridor TIF District totaling approximately 740,000 square feet of new or upgraded retail space and 6.4 million square feet of new or upgraded residential development including town home, multi-family, and single-family projects.
1,211,369 square feet of new and upgraded retail space has been completed (164% of the goal). 1,870 residential units have been completed and 70 units are under construction, approximately 2,351,800 square feet total (calculated by using estimated average size by unit type; includes units only) (37% of the goal).

A variety of housing types at Lake Highlands Town Center including the Haven Apartments (left) and Enclave townhomes (right)

- To focus on encouraging the redevelopment of properties on the Skillman Street corridor and the existing DART Light Rail Station at LBJ and Skillman to increase density and provide enhanced urban design for the District.

In 2009, the TIF Board adopted a TIF District Strategic Implementation Plan to focus redevelopment activities and TIF expenditures including supporting the Skillman/LBJ Gateway planning effort to promote TOD development at the LBJ/Skillman DART Station area. A NCTCOG Regional Transportation Council (RTC) funded planning study was completed in 2014 to explore development options and public improvements needed to facilitate TOD development around the LBJ DART station.

The Lake Highlands Gateway Bridge project (“Skillman Bridge”), a \$64 million interchange reconfiguration for Skillman Street (incorporating the extensive efforts made by community leaders to present an alternative to an original flyover bridge design) and the LBJ East project were implemented as one project. The TIF Board funded \$35,000 to share in the cost with the Lake Highlands Public Improvement District for a Phase I Master Plan that studied and prepared schematic design for bridge enhancements (completed in 2017). The Skillman Bridge opened in September 2025.

- To maintain the stability of local schools as redevelopment occurs in the housing market.

In May 2007, the TIF Board adopted “Skillman Corridor TIF District Relocation Assistance/Student Retention Program Guidelines” with substantial input from the Richardson Independent School District (RISD) and private partners as part of negotiating the LHTC development agreement. A concerted effort was made at the start of the LHTC redevelopment to relocate remaining tenants to other apartment complexes within the RISD. Occupancy levels were low at the time and, of the 110 unit relocations specifically tracked in August 2007, 78% relocated to another complex within RISD.

Current RISD enrollment data for FY 2024-2025 indicates that overall enrollment for the ten RISD campuses within the TIF District (includes new Lake Highlands Middle School; excludes Thurgood Marshall due to consolidation) is up 38% compared to the 2006-07 school year when tracking for the potential impact of TIF related redevelopment began. Over the eighteen-year period, all RISD schools gained students, and Lake Highlands High School enrollment has increased 67.4% since the 2006-2007 school year.

- To reach ridership at existing and future DART light rail stations in the District averaging over 3,000 riders per weekday by 2015.

The annualized ridership for FY 2025 for the LBJ/Skillman station is 203,794, according to DART. This represents a decrease of 48.9% over the base year (FY 2005) and 4.7% decrease from last year. The average daily (weekday) ridership level is 629, a 4.7% decrease from last year.

The annualized ridership for FY 2025 for the Lake Highlands station is 120,537 which represents a 17.7% increase over the base year (FY 2011) and a 3.2% increase over last year. The average daily (weekday) ridership level is 375, a 3% increase from last year.

- To improve access and connections to the DART light rail system within the District.

The Lake Highlands DART light rail station opened December 6, 2010. The station is the first infill station constructed while DART Rail is in operation. The station area was intended to be incorporated with the development of the Lake Highlands Town Center (LHTC).

- To increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the District.

The 20 acres of park and trails as part of the LHTC was completed and conveyed to the City in March 2011. Maintenance of this recreational space is handled privately and/or by the Lake Highlands Public Improvement District (PID).

In 2010, the NCTCOG Regional Transportation Council (RTC) committed funding to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman, north of Abrams). The project was completed in 2021.

Trail at Lake Highlands Town Center with public art

- To generate approximately \$49.7 million net present value (NPV) in increment over 20 years of collections.

The TIF District's 2025 total taxable value is \$1,661,613,385. The total NPV of collections to-date is \$39.8 million (80% of the goal).

- To diversify retail and commercial uses in the TIF District.
Upgrades were made at the Kingsley Square and Medallion Center. Timbercreek Crossing development is complete with Wal Mart/Sam's Club as an anchor. The White Rock Place project included upgraded signage and site improvements as part of consolidating viable retail space that attracted new tenants. The Shops at Lake Highlands Town Center includes a Sprouts grocery anchor along with new restaurants and retail. An additional 181,993 square feet in retail space, including a Marshalls, Burlington and Academy, was added to the TIF District with the development of Highpoint Crossing in 2018.

The 2023 TIF District Plan Amendment added the two following development goals and objectives:

- To create a public park and public multipurpose facility which may include a cultural center, library, recreation center and/or police sub-station to provide needed amenities in the Forest-Audelia area.
The City's Park and Recreation Department has completed design and is in the construction procurement process for the facility.
- To encourage development and redevelopment of the property north of LBJ Freeway, along Audelia, in conjunction with the LBJ East improvements and the enhanced Skillman bridge along the new alignment.
With the opening of the Skillman Bridge in September 2025 and the LBJ East improvements nearing completion, the area is in a better position to attract new development with improved access.

Year-End Summary of Meetings

The Skillman Corridor TIF District Board of Directors met three times during the fiscal year from October 1, 2024 to September 30, 2025.

The TIF Board, based on amended composition, can consist of up to nine members, including seven City of Dallas appointees, one Richardson Independent School District appointee, and one Dallas County appointee. During FY 2024-2025, the Board members were (FY 2024-2025 Board meetings attended):

Susan Morgan, Chair – City Representative (3 of 3 meetings)
 Bill Boyd, Vice-Chair – City Representative (3 of 3 meetings)
 Shannon McCord – City Representative (3 of 3 meetings)
 Marcus Walther – City Representative (2 of 3 meetings)
 Asheya Warren - City Representative (2 of 3 meetings)
 Allan Zreet - City Representative (1 of 3 meetings)
 Luis Tamayo – Dallas County Representative (3 of 3 meetings)
 Rachel McGowan – RISD Representative (3 of 3 meeting)

During the fiscal year, the City Council approved one item directly associated with the Skillman Corridor TIF District:

- On February 26, 2025, City Council approved Resolution No. 25-0367 accepting the FY 2023-2024 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Fourteen (Skillman Corridor TIF District or District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

Pending City Council TIF District Items

- Consideration of the FY 2024-2025 TIF District Annual Report and a recommendation to the City Council for approval.

Budget and Spending Status

Each TIF district establishes a budget for the public investment necessary to support private investment in the district in the Project Plan and Reinvestment Zone Financing Plan. The current budget for the TIF District is below.

Prior to June 2025, all TIF District-funded projects were required to follow the City’s adopted Business Inclusion and Development (BID) Policy and make good faith efforts to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-supported projects. The initial BID Plan goal for the projects listed below was 25 percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent (32%). On June 25, 2025, the City of Dallas ceased enforcing its BID Policy, including M/WBE subcontracting goals, by City Council Resolution No. 25-1081. The chart below captures projects that completed construction or were approved by City Council and started construction prior to June 2025.

FY 2025-2026 Work Program

The FY 2025-2026 work program includes:

- Continuing work to support the efforts of the Skillman Street Corridor Master Plan and other public improvements that enhance walkability and vehicular safety throughout the corridor.
- Promoting development within the newly added TIF District boundary as LBJ East construction approaches completion.
- Continuing coordination efforts for the LHTC and other development projects.
- Supporting the Park and Recreation Department in the design and construction of the new City park and multipurpose facility located at the northwest quadrant of Forest and Audelia.
- Continuing work to support the efforts of the LBJ/Skillman Gateway Plan.
- Continuing work on improved connections to the City of Dallas trails and open space system in the TIF District and enhancing TIF District open space amenities.
- Monitoring the impact of redevelopment on RISD student enrollment.

City of Dallas, Texas
Skillman Corridor Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2025

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$6,059,366 (in current dollars) over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$360,395 on September 30, 2025 represents the Zone's administration expenses for FY 2020-2021 (\$69,976), FY 2021-2022 (\$52,961), FY 2022-2023 (\$82,063), FY 2023-2024 (\$61,963), and FY 2024-2025 (\$93,432) that have been earned but will be reimbursed to the City's General Fund based on the availability of future Zone funds.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The TIF District currently has one outstanding developer obligation:

- Lake Highlands Town Center, Phase I has an outstanding obligation of \$1,662,252. An available payment of this final amount is pending verification of compliance.

Appendix C – District-Wide Set-Aside Funds

The Increment Allocation Policy for the TIF District allows the TIF Board discretion to set aside increment for “district-wide improvements” such as gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks. The intent of these funds is to leverage TIF District funds as a match for other funding.

Below are district-wide funding commitments to date:

- In 2009, TIF District funding of \$25,000 was paid toward the required 20% local match for the LBJ/Skillman Urban Planning Initiative that evaluated the best land use and development mix in the LBJ/Skillman DART Station area and strategies to encourage transit-oriented development (TOD) and supporting pedestrian/bike improvements. NCTCOG funded \$100,000 toward the total study amount of \$125,000.
- In 2016, a TIF District funding commitment of \$346,800 was recommended towards the local match for the NCTCOG “Lake Highlands TOD Sustainable Development Infrastructure” Project, to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman Street, north of Abrams Road). The \$3.4 million project is complete.
- In 2016, a TIF District funding commitment of \$35,000 was recommended to share in the cost for a Phase I Master Plan to study and prepare schematic design for enhancements to the proposed Lake Highlands Gateway Bridge at the intersection of Skillman Street and IH 635. The Lake Highlands Public Improvement District (LHPID) also committed at least \$25,000 toward the cost and managing the process. TIF District funds have been used to reimburse the LHPID for the completed study and schematic designs.
- In 2018, a TIF District funding commitment of \$350,000 was recommended towards the construction costs of median/gateway improvements along Skillman Street between Merriman Parkway and Abrams Road. The Lake Highlands Public Improvement District funded the design work. Construction was implemented in conjunction with the construction of the trail extension project.
- In 2021, a TIF District funding commitment of \$1,600,000 was recommended to match the \$1,600,000 available in 2017 Proposition D bond funds for dredging of the Watercrest Park pond at Lake Highlands Town Center. Funds were transferred to Dallas Water Utilities to implement the project and the project is complete.
- In 2021, a TIF District funding commitment of \$60,000 was recommended to supplement the professional services contract with Garver for Watercrest Park pond at Lake Highlands Town Center dredging improvements to provide engineering evaluations and cost estimates for up to three beautification and maintenance-reducing concepts of Watercrest Park pond. Funds were transferred to Dallas Water Utilities to implement the project.

- In 2021, a TIF District funding commitment of \$572,000 was recommended to provide 26 new City LED street lights and approximately 5,200 linear feet of fiber optics in the Skillman Corridor TIF District. Funds were transferred to the Transportation Department to implement the project, and \$105,396.78 is unspent as of fiscal year-end 2024-2025.
- In 2022, a TIF District funding commitment of \$5,551,590 was recommended to support design and construction of the Forest/Audelia Project. The funds were transferred to the Department of Parks and Recreation to implement the project (City Council approved 2023) and \$4,132,293.02 is unspent as of fiscal year-end 2024-2025.
- In 2025, a TIF District funding commitment of \$1,100,000 was recommended to support the construction of median improvements and parkway edge landscaping on Skillman Street between Church Road and Sedgwick Street in accordance with the Lake Highlands Public Improvement District (“LHPID”) Skillman Street Master Plan. The funds will be transferred to the City’s Transportation and Public Works Department once a contract is ready to be awarded.
- In 2025, a TIF District funding commitment of \$500,000 was recommended to support Schematic/preliminary engineering for the Church Road bridge located between Skillman Street and White Rock Trail to determine future upgrades to the bridge necessary to accommodate trail and pedestrian improvements. The funds will be transferred to the City’s Transportation and Public Works Department once a contract is ready to be awarded.
