REQUEST: An application for a Specific Use Permit for a bank or savings and loan office with a drive-through on property zoned a GR General Retail Subdistrict within Planned Development District No. 193, the Oak Lawn Special Purpose District.

SUMMARY: The purpose of the request is to allow a bank or savings and loan office to use a drive-through window in the existing building.

CPC RECOMMENDATION: **Approval** for a seven-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: **Approval** for a ten-year period with eligibility for automatic renewals for additional ten-year periods, subject to a site plan and conditions.

BACKGROUND INFORMATION:

- The area of request is currently developed with a bank or savings and loan office.
- The structure was constructed in 2006 and it is approximately 4,121 square feet.
- The property is currently zoned Planned Development No. 193 with a base zone of General Retail (GR).
- Specific use permits are required in Planned Development No. 193 with a base zone of General Retail (GR) to allow a bank or savings and loan office to use a drive-through window in the existing building.
- The proposed drive-through would operate between 8:00 a.m. and 6:00 p.m., Monday through Friday and Saturday 8:00 a.m. and 1:00 p.m.

Zoning History:

There have not been any zoning cases in the area in the last five years.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing ROW
Oak Lawn Avenue	Principal Arterial	80 feet Bike Plan
Avondale Avenue	Minor Arterial	80 feet

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006, outlining several goals and policies which serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Land Use:

	Zoning	Land Use
Site	GR General Retail Subdistrict within PD No. 193	Bank, Savings, Loan office
North	Planned Development Subdistrict 3 within Planned Development No. 193	Personal Service
South	GR General Retail Subdistrict within PD No.193	Retail
East	Light Commercial Subdistrict within Planned Development No. 193 (LC)	Retail
West	P Parking Subdistrict within PD No. 193	Office

Land Use Compatibility:

To the north of the site is personal service, to the south of the site is retail, to the east of the site is retail and to the west of the site is office. Staff finds the applicant's proposal compatible with these surrounding uses.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city. The applicant's request meets the criteria for a specific use permit.

Staff supports the request because the proposed use will complement the surrounding uses and promote the welfare of the area of request and adjacent properties. The structure was constructed in 2006 and the proposed conditions limit the operations of the property. Because of this, staff supports the ten-year period for the specific use permit with eligibility for automatic renewals.

Landscaping:

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

The existing building is 4,034 square feet. Pursuant to Planned Development No.193, the off-street parking requirement for a bank or savings and loan office with a drive-through is one space per 366 square feet of floor area. For 4,034 square feet of floor area, this equates to 11 required parking spaces. As demonstrated on the site plan, the applicant will provide 20 spaces for this use.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is in "D" MVA cluster.
