

**CITY PLAN COMMISSION****THURSDAY, APRIL 24, 2025****FILE NUMBER:** S245-140**SENIOR PLANNER:** Sharmila Shrestha**LOCATION:** Chenault Street, west of Buckner Boulevard**DATE FILED:** March 27, 2025**ZONING:** LI**CITY COUNCIL DISTRICT:** 7**SIZE OF REQUEST:** 1.647-acres**APPLICANT/OWNER:** Mohammad Khader Amlallah

**REQUEST:** An application to create one 1.647-acre lot from a tract of land in City Block 7367 on property located on Chenault Street, west of Buckner Boulevard.

**SUBDIVISION HISTORY:** There has been no recent platting activity within close proximity to this request.

**STAFF RECOMMENDATION:** The request complies with the requirements of the LI Light Industrial District; therefore, staff recommends approval of the request subject to compliance with the following conditions:

**General Conditions:**

1. The final plat must conform to all requirements of the Dallas Development Code, Texas Local Government Code, Texas Land Surveying Practices Act and the General Rules and Regulations of the Texas Board of Land Surveying.
2. Department of Development Services, Engineering Division must verify that the plat conforms with the water, wastewater, and easement requirements under the provisions of Chapter 49 of the Dallas City Code.
3. Compliance with all plans, contracts, ordinances, and requirements of the City of Dallas. *Section 51A-8.102(a), (b), (c), and (d)*
4. The number and location of fire hydrants must comply with the Dallas Fire Code.
5. Any new or existing structure may not extend across new property lines. *Section 51A-8.503(e)*
6. On the final plat, all easement abandonments, and ROW abandonments must be by separate instrument with the recording information shown on the face of the plat. A release from the Real Estate Division is required prior to the plat being submitted to the Chairman for signature.
7. On the final plat, include two boundary corners tagged with these coordinates: "Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale and no Projection."
8. On the final plat, monument all set corners per the Monumentation Ordinance. Prior to submittal of the final plat for the Chairman's signature. The monuments must be verified by the Chief City Surveyors Office in the Public Works Department. *Section 51A-8.617*

9. Provide ALL supporting documentation (i.e. deeds, plats, ordinances, easements...etc.) with a completed Final Plat Checklist to the Survey Plat Review Group (**SPRG**) with the Final Plat Submittal **after** City Plan Commission Approval.
10. Prior to the final plat, submit a tree survey to the Arborist. A release from the arborist is required prior to an early release request or the recordation of the plat, whichever occurs first.
11. The number of lots permitted by this plat is one.

**Paving & Drainage Conditions:**

12. Submit a full set of Civil Engineering Plans (drainage, paving, street signage/markings/lighting) prepared per City Standards by a licensed (TX) Professional Engineer to Engineering Division in Room 200, Oak Cliff Municipal Center (i.e. 311T/DP). Additions and alterations to the public infrastructure require approval and may require private development contracts with bonds. 51A-8.102 (c); 8.601(b)(4),(5),(6),(7),(8),(9)
13. Detention may be required if the capacity of available outfall is not adequate to carry the developed runoff. Section 51A-8.611(c).
14. Place a note on the final plat stating "Lot-to-Lot drainage will not be allowed without proper City of Dallas Engineering Division approval" 51A 8.611(e)
15. Existing drainage conveyance within the property is required to be sized in compliance with Section 51A-8.611(a)(1) of the City of Dallas Code.

**Right-of way Requirements Conditions:**

16. On the final plat, dedicate 30 feet of right-of-way (via fee simple) from the established center line of Chenault Street. *Section 51A 8.602(c)*

**Transportation Conditions:**

17. Per Section 51A-8.604, follow the City of Dallas Street Design Manual for sidewalk design. Chenault Street is a commercial street as defined in the Dallas Complete Streets Design Manual (Resolution No. 16-0173). Per the Street Design Manual, these street typologies require the sidewalk to be buffered from travel lanes and to have a preferred minimum of 5 feet for the clear sidewalk zone and 5 feet for the landscaping zone, for a combined pedestrian zone width of 10 feet. If adequate width for the pedestrian zone is not provided in the right-of-way outside of the pavement width required for that thoroughfare, a pedestrian easement should be dedicated.

**Survey (SPRG) Conditions:**

18. Prior to final plat, submit a completed final plat checklist and all supporting documents.
19. On the final, show distances/width across all adjoining rights-of-way.

20. Access easement(s) must be recorded by separate instrument(s) and the recording information must be shown on the
21. On the final plat, show recording information on all existing easements within 150 feet of the property.
22. On the final plat, show all additions or tracts of land within 150 feet of property with recording information.

**Dallas Water Utilities Conditions:**

23. Additional design information is required for assessment. Site plan must be submitted showing proposed development, building finished floor elevation, development, existing mains – including downstream manhole, and proposed water and wastewater service locations. Submit water/wastewater engineering plans to 320 E. Jefferson Blvd., Room 200, Attention: Water and Wastewater Engineering.
24. Wastewater main improvements may be required by Private Development Contract. Submit water/wastewater engineering plans to 320 E. Jefferson Blvd., Room 200, Attention: Water and Wastewater Engineering.

**Streetlight/ GIS, Lot & Block Conditions:**

25. Prior to final plat, compliance with City's Street lighting standards including illumination standards, material, installation, and activation per Street Design Manual.
26. On the final plat, identify the property as Lot 3 in City Block B/7373.
