**DATE FILED:** June 23, 2025

**LOCATION:** Northwest corner of South Buckner Boulevard and Scyene Road

**COUNCIL DISTRICT:** 5

**SIZE OF REQUEST:** Approx.8847.036 Sq. Ft

**CENSUS TRACT:** 48113008500

**APPLICANT:** Andrew Ruegg, Masterplan

**OWNER:** Surendra Shrestha

**REQUEST:** An application for an amendment to Specific Use Permit No. 2160 for the sale of alcoholic beverages on property zoned Subarea 7 of Planned Development District No. 366, the Buckner Boulevard Special Purpose District, with a D-1 Liquor Control Overlay.

**SUMMARY:** The purpose of the request is to continue to allow the sale of alcoholic beverages on the site.

**STAFF RECOMMENDATION:** Approval, subject to conditions.

**CPC RECOMMENDATION:** Approval for a five-year period with eligibility for automatic renewals for additional five-year periods, subject to conditions.

## BACKGROUND INFORMATION:

- On November 10, 2015, City Council authorized the request property to be used under Specific Use Permit (SUP) No. 2160 for the sale of alcoholic beverages in conjunction with a general merchandise or food store 3,500 square feet or less, subject to a site plan and conditions, for a two-year period with no eligibility for automatic renewal. On December 12, 2018, City Council granted the renewal of SUP No. 2160, again for a two-year period with no eligibility for automatic renewal. On November 11, 2020, City Council granted the renewal of SUP No. 2160 for a three-year period with eligibility for automatic renewal for additional three-year periods.
- On June 2024, City staff denied the automatic renewal of SUP No. 2160 due to non-compliance with SUP conditions, permit violations, and an arson fire at the store. Instead, Council approved a one-year renewal.
- The store has been remodeled and expanded after the fire and reopened recently.
- The current request is an application for renewal without expiration of SUP No. 2160. No changes are proposed to the property, site plan, or conditions.

## Zoning History:

There have been two zoning cases in the area of notification in the last five years:

The new expiration date is February 22, 2027.

**STAFF ANALYSIS:****Comprehensive Plan:**

The forwardDallas 2.0! Comprehensive Plan was adopted by the City Council in September 2024. ForwardDallas 2.0 is a refreshed guide that takes into account how our City has evolved over the last two decades and how we should plan for what is on the horizon - from our continued economic growth to our long-term social vibrancy. ForwardDallas is a guidance plan; it is not a zoning document. This Comprehensive Plan outlines several goals and policies that can serve as a framework for assisting in evaluating the applicant's request.

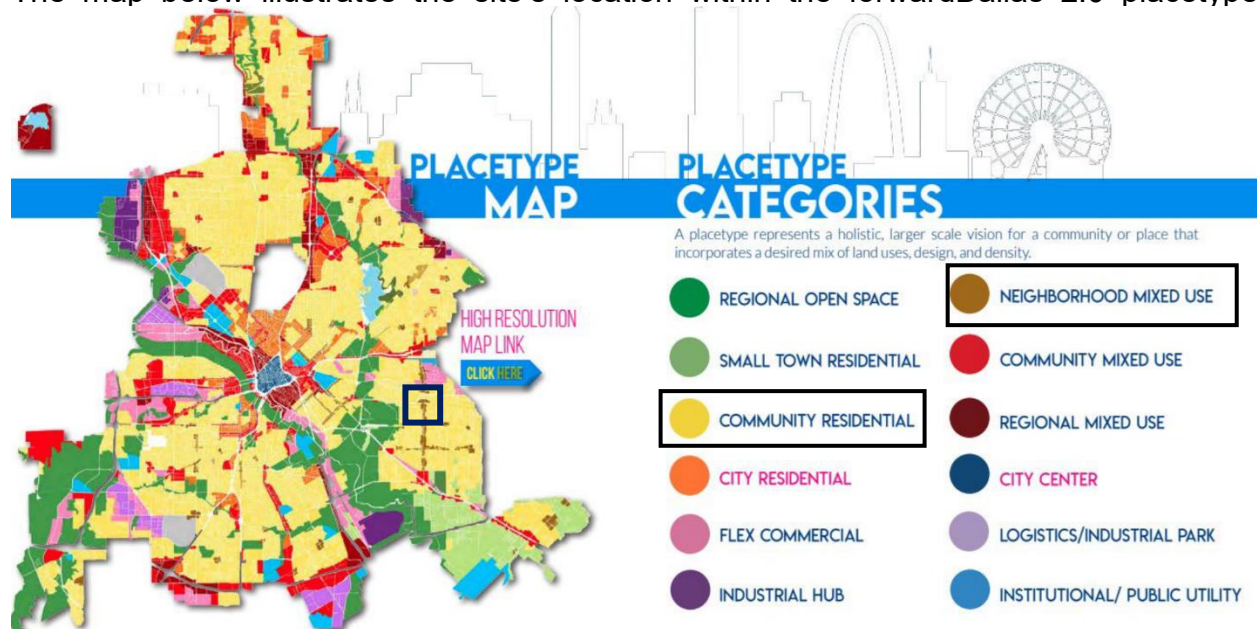

The subject site is located within the Community Residential placetype and is surrounded by the Neighborhood Mixed-Use placetype:

Community Residential areas primarily accommodate single-family detached and single-family attached housing, supported by uses such as agriculture, public and private open space, multiplexes, apartments, mixed-use, commercial, office, civic/institutional, and utility facilities. These neighborhoods form the backbone of Dallas' housing landscape, integrating parks, schools, and community services. The plan emphasizes protecting and enhancing existing neighborhoods, fostering new walkable communities, and supporting revitalization where needed.

Neighborhood Mixed-Use areas blend residential, retail, and small-scale commercial uses to meet local needs, typically located at key intersections or along major corridors, emphasizing walkability and compatibility with surrounding neighborhoods, and fostering a strong sense of community. Primary uses include multiplexes, apartments, mixed-use developments, lodging, commercial, and office, with supporting uses such as agricultural, public open space, private open space, single-family detached, single-family attached, civic/public institutional, and utility.

Both placetypes promote vibrant, family-friendly environments. The proposed request aligns with the land uses and intent of these placetypes and is therefore **consistent** with the forwardDallas 2.0 Comprehensive Plan.

The map below illustrates the site's location within the forwardDallas 2.0 placetype

### Land Use

	Zoning	Land Use

<b>East</b>	PD 366 (Subarea 1) w a D-1 Liquor Control Overlay	Restaurant with drive through; retail
<b>Southeast</b>	PD 366 (Subarea 1) w a D-1 Liquor Control Overlay	Various retail

<b>South</b>	R-7.5(A) Single Family District w SUP No. 92 for a cemetery	Cemetery
<b>West</b>	R-7.5(A) Single Family District w SUP No. 92 for a cemetery	Cemetery
<b>Southwest</b>	MU-1 Mixed Use District w a D Liquor Control Overlay; R-7.5(A) Single Family District	Undeveloped; open-enrollment charter school

### **Land Use Compatibility:**

The request property is located within Subarea 7 of Planned Development District No. 366 and is developed with a general merchandise or food store 3,500 square feet or less and a motor vehicle fueling station. Although these land uses are allowed by right under the current zoning classification of the site, because the property is located within a D-1 Liquor Control Overlay, an SUP is required in order to sell alcoholic beverages.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff finds that the use authorized by the SUP (the sale of alcoholic beverages in conjunction with a general merchandise or food store, 3,500 square feet or less) remains compatible with surrounding land uses, and the property is in compliance with the conditions of SUP No. 2160. Therefore, staff supports the applicant's request to renew the Specific Use Permit (SUP), subject to conditions and a site plan.

### **Parking:**

Off-street parking is required following Chapter 51A. As of the code update from May 14, 2025, no parking is required for the Office and Retail and Personal Service Uses. There are currently 13 parking spaces provided according to the site plan.

### **Landscaping:**

Landscaping must be provided in accordance with the landscaping requirements in Article X, as amended.

### **Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is in an “H” MVA area.
