| <b>CH VII, SEC. 2. ASSISTANTS AND EMPLOYEES.</b><br><br>Remove or amend “and all assistant city attorneys” from the line “The city attorney and all assistant city attorneys shall devote their entire time to the service of the city.” |                                            |                                 |
| <b>Rationale:</b><br><br>The purpose would be to allow assistant city attorneys the ability to practice law outside of the time that they devote to city affairs.                                                                        |                                            |                                 |
