**THURSDAY, SEPTEMBER 18, 2025**

**Planner: Teaseia Blue, B. Arch, MBA**

**FILE NUMBER:** Z245-151(TB)/Z-25-000054    **DATE FILED:** January 15, 2025

**LOCATION:** Between La Prada Dr and Shiloh Road, south of Blyth Dr.

**COUNCIL DISTRICT:** 7

**SIZE OF REQUEST:** Approx. 11.603 acres    **CENSUS TRACT:** 48113012302

**REPRESENTATIVE:** Rob Baldwin, Baldwin Associates

**OWNER/APPLICANT:** Nexus Recovery Center Foundation

**REQUEST:** An application for an amendment to Planned Development District 166.

**SUMMARY:** The purpose of the request is to amend the PD ordinance and development plan to allow for additional buildings on the site for an existing establishment for the care of alcoholic, narcotic, or psychiatric patients.

**STAFF**

**RECOMMENDATION:** **No action; case requires renotification.**

**Planned Development District No 166:**

<https://dallascityhall.com/departments/city-attorney/pages/articles-data.aspx?pd=166>

## **BACKGROUND INFORMATION:**

- The property is currently developed as an establishment for the care of alcoholic, narcotic, or psychiatric patients. This use is limited exclusively to resident or outpatient treatment of alcoholic or narcotic patients.
- Current buildings on site consist of the: childcare building, office buildings, and dormitories.
- The purpose of this request is to allow for additional buildings that will house dormitories and offices on the site.
- The applicant is proposing to amend the ordinance to remove Area 2 and to modify the boundaries of Area 1. This amendment will reconfigure the legal description of the overall PD and remove the designation of Area 1 and 2 out of the PD.
- The request will remove Area 2 conceptual plan and requirements for Area 2 development plan from the PD.
- This amendment will increase the allowable square footage for an establishment for the care of alcoholic, narcotic, or psychiatric patients from 89,785 to 155,000 sf .
- The development plan for this use is being amended to show the location of the new PD boundaries and the additional dormitories and offices on the site.
- This request will amend and replace the existing Exhibit 166A Area 1 development plan/Area 2 conceptual plan with just a development plan for the overall site.
- The area of request is geographically located in the southwest of the downtown area, 18 miles.
- This lot has frontage along La Prada Drive and Shiloh Road.
- After notification, staff became aware of the omission of a “to district” for the area to be removed from the PD in the original notification. As such, the case must be renotified at a later date with information regarding the proposed district for the area to be removed from the PD.

## **Zoning History:**

There have been zero zoning cases in the area of notification in the last five years.

## **Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing/Proposed ROW
La Prada Drive	Major Arterial	80' ROW

Shiloh Road	Minor Arterial	
-------------	----------------	--

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply with city standards.

**Transit Access:**

The following transit services are located within ½ mile of the site:

DART Route 18

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The ForwardDallas 2.0 Comprehensive Plan was adopted by the City Council in September 2024. ForwardDallas 2.0 is a refreshed guide that takes into account how our City has evolved over the last two decades and how we should plan for what is on the horizon - from our continued economic growth to our long-term social vibrancy. ForwardDallas 2.0 is a guidance plan, it is not a zoning document. This Comprehensive Plan outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

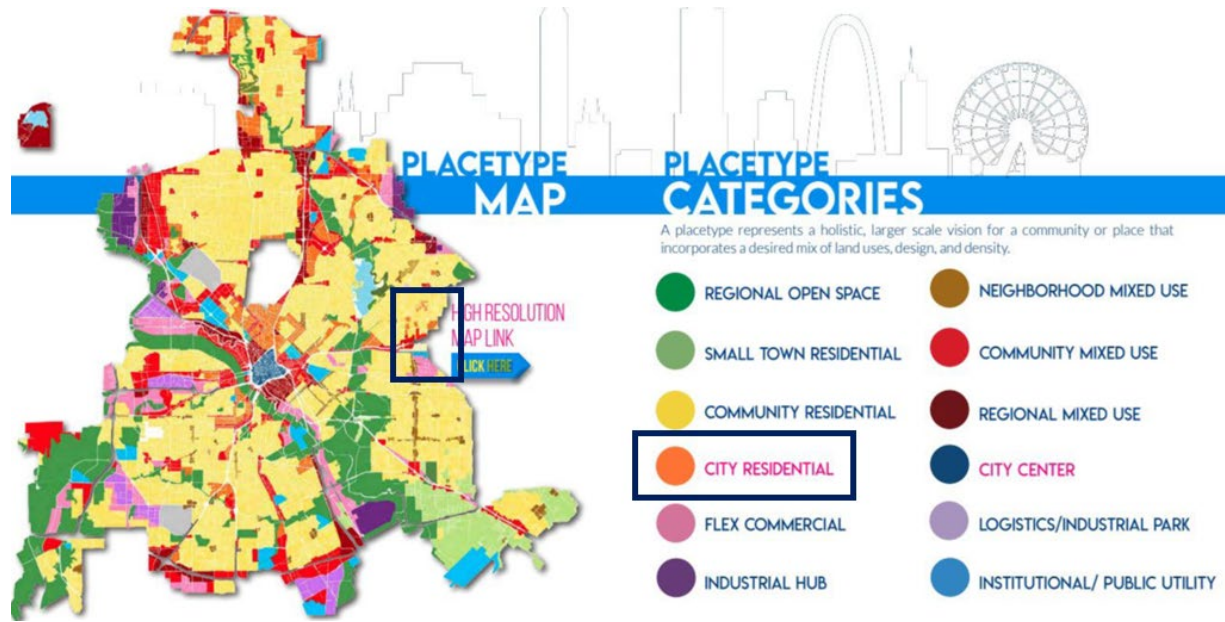

The request would comply with the following placetype and primary/supporting land uses of the ForwardDallas 2.0 Comprehensive Plan:

The area of request is located in the **City Residential Placetype**. This placetype allows for primary land uses like: Multiplex, Apartments, Mixed-Use in conjunction with supporting land uses that includes: Agricultural, Public Open Space, Private Open Space, Single Family Detached, Single Family Attached, Lodging, Commercial, Office, Civic/Public Institutional, Utility

The City Residential Placetype delivers diverse housing options, including high-rise apartments, mid-rise multifamily units, and townhomes. Located in urban and suburban settings, they focus on connectivity, affordability, and access to transit. Mixed-use development and proximity to job centers make these neighborhoods ideal for urban living.

The existing use of an establishment for the care of alcoholic, narcotic, or psychiatric patients is in alignment with the purpose and character of the City Residential Placetype. The uniqueness of this institutional supporting use in this placetype will offer temporary housing option for patients during inpatient treatment. This institutional use is surrounded by single family and multifamily. The proximity to Draft's bus routes will allow patients access to and from the site for outpatient treatment.

The area highlighted below shows the location of the area of request within the ForwardDallas 2.0 Placetype map.

### Land Use:

	Zoning	Land Use
<b>Site</b>	PD 166	Establishment for the care of alcoholic, narcotic, or psychiatric patients
<b>North</b>	R-7.5(A) Single Family District	Single Family
<b>East</b>	City of Mesquite	
<b>South</b>	MF-2(A) Multifamily District SUP 2287 R-7.5(A) Single Family District	Multifamily Seminary and a Convent or Monastery
<b>West</b>	MF-2(A) Multifamily District	Multifamily

### Land Use Compatibility:

The approximately 11.603 acres area of request is currently located on developed with an establishment for the care of alcoholic, narcotic, or psychiatric patients. The purpose of the request is to amend the PD ordinance and development plan to allow for additional buildings that will house dormitories and offices on the site. The property is currently located in Planned Development District 166. Surrounding properties consist of R-7.5(A) Single Family District to the north, City of Mesquite to the east, MF-2(A) Multifamily

District and R-7.5(A) Single Family District to the south and MF-2(A) Multifamily District to the west.

Planned Development District 166 was established on December 7, 1983. The development for an Establishment for the care of alcoholic, narcotic, or psychiatric patients was always intended to allow for dormitories to serve resident treatment of alcoholic or narcotic patients. The proposed amendment of the ordinance to allow for an additional 65,215 square feet (from 89,785 to 155,000 sf) will allow this development to achieve that goal. The revision to the PD unifies the two subdistricts and simplifies the text.

Designating the portion being removed from the PD is most appropriate district for that site, which would be similar in entitlements, which permits multifamily, and would be consistent with districts to the west and south.

Staff recommends approval of this request to allow for additional dormitories and offices on the site, subject to amended conditions and an amended development plan.

**Landscaping:**

Landscaping on the Property must meet the requirements for an office district adjacent to an R-7.5 district contained in Article X per SEC. 51P-166.111.

**Parking:**

A minimum of 133 off street parking spaces must be provided in the location shown on the development plan per SEC. 51P-166.108.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is in an “G” MVA area. The site is surrounded by the “G” MVA area in all directions immediately adjacent to the site.
