Presentation Overview

- **FLOCK CAMERA SYSTEM OVERVIEW**

- **PROGRAM OBJECTIVES**

- **HOW FLOCK CAMERAS IMPACT CRIME**

City of Dallas | SERVICE FIRST, NOW!
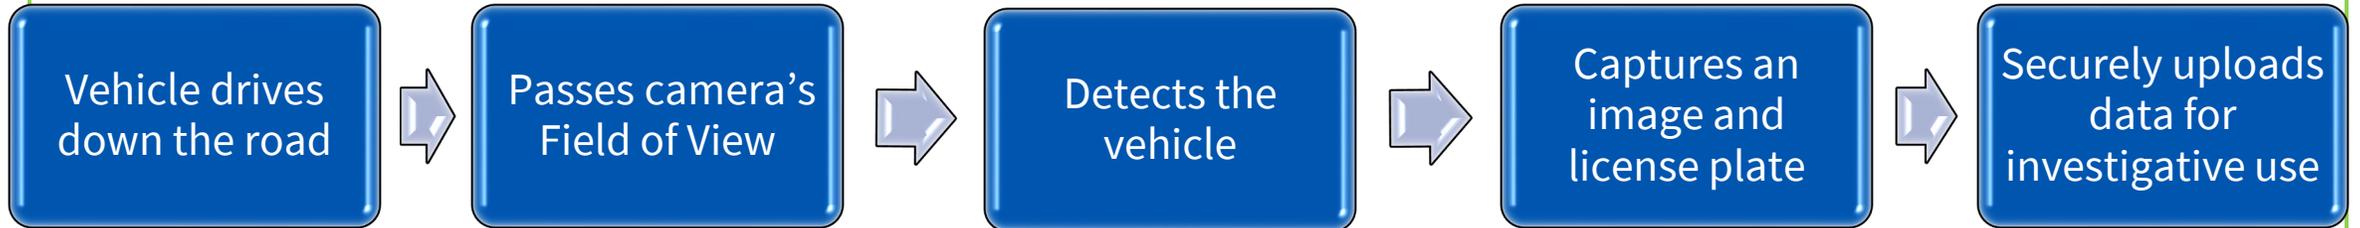

Overview: *Summary of System*

- Captures license plates and vehicle characteristics — not names, faces, or driver images.

- Cameras face only public rights-of-way, never private residences or property.

- Data is automatically purged after the retention period unless associated with an active investigation.

SERVICE
FIRST,
NOW!

City of Dallas

Overview: *Summary of System*

- Locations are based on crime patterns and investigative value

- Priority placement along high-crime corridors and areas with repeat offender activity

- Supports deterrence, investigations, and rapid identification of vehicles tied to criminal activity.

SERVICE FIRST, NOW!

City of Dallas

Overview: *Summary of System*

| Vehicle drives down the road | → | Passes camera's Field of View | → | Detects the vehicle | → | Captures an image and license plate | → | Securely uploads data for investigative use |

City of Dallas
