

**FILE NUMBER:** Z-26-000028

**DATE FILED:** February 25, 2026

**LOCATION:** Bounded by University Boulevard, Inwood Road, Wateka Drive, and Robin Road, and on the northwest corner of University Boulevard and Inwood Road

**COUNCIL DISTRICT:** 2

**SIZE OF REQUEST:** Approx. 2.6 acres

**CENSUS TRACT:** 48113007102

**REPRESENTATIVE:** Jennifer Hiromoto / Buzz Urban Planning

**OWNER/APPLICANT:** David Harden / Albertsons

**REQUEST:** An application for an amendment to Tract 1 and 2 within Planned Development District 814.

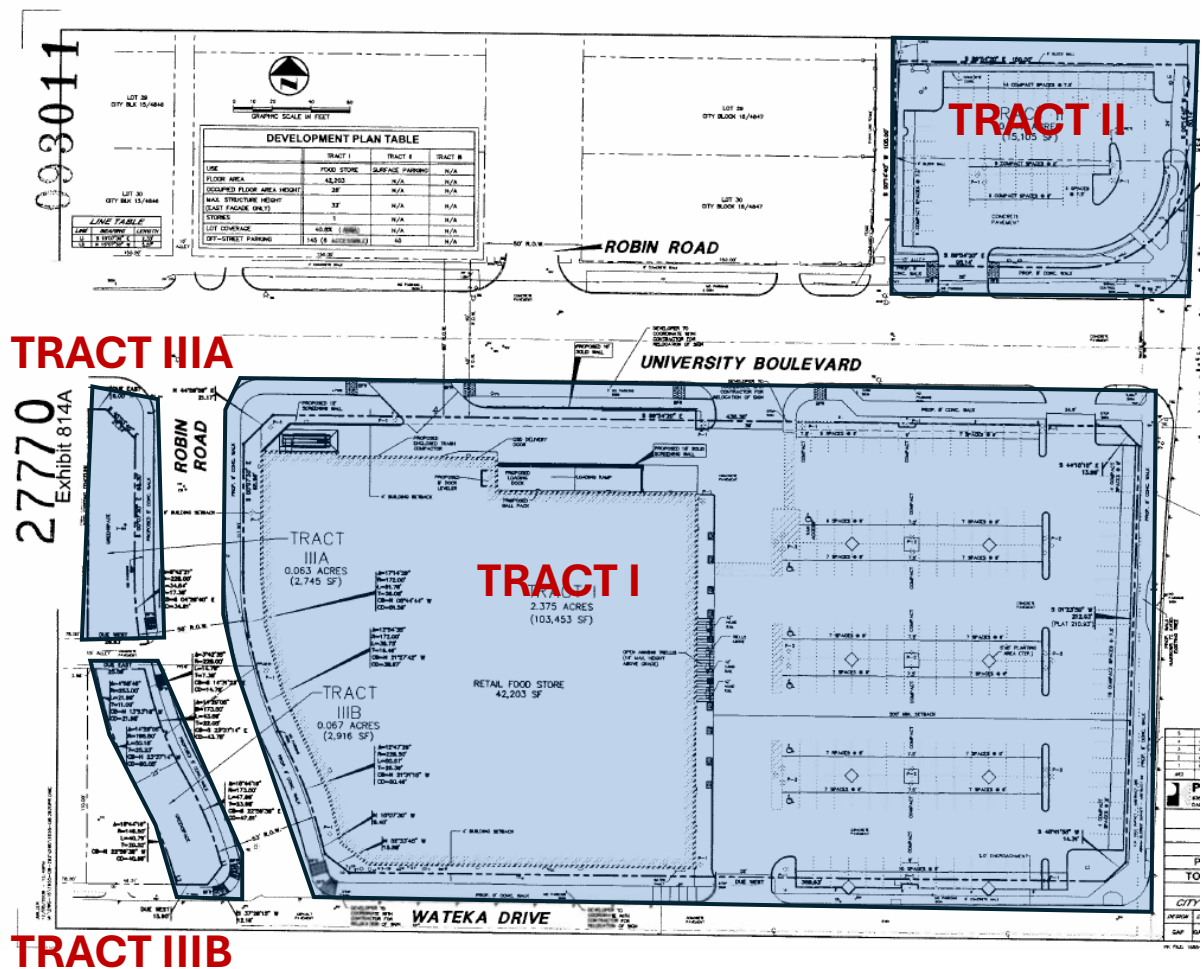

**SUMMARY:** The purpose of the request is to amend the PD conditions to allow upgrades to parking lot lighting and to add a new Exhibit establishing lighting standards.

**STAFF RECOMMENDATION:** **Approval**, subject to amended lighting exhibit and amended conditions.

**PD 814:** <https://dallascityhall.com/departments/city-attorney/pages/articles-data.aspx?pd=814>

**BACKGROUND INFORMATION:**

- Planned Development District 814 was established on December 9, 2009, and consists of four tracts: Tract I permits general merchandise or food store uses greater than 3,500 square feet, along with a temporary pharmacy and a financial institution without a drive-in window; Tract II permits surface parking; and Tracts IIIA and IIIB permit R-7.5(A) Single Family District uses.
- The request proposes amendments to the regulations for Tracts I and II.
- Tract I is developed with a general merchandise or food store uses greater than 3,500 square feet (Tom Thumb), constructed in 2010 per DCAD records (2.37 acres), while Tract II is currently used for surface parking (15,105 square feet).
- The purpose of the request is to amend the PD conditions to allow upgrades to parking lot lighting for Tract I (general merchandise or food store uses greater than 3,500 square feet) and Tract II (surface parking), and to add a new exhibit establishing lighting standards.

**Zoning History:**

There have not been any zoning cases in the area within the last five years.

**Thoroughfares/Streets:**

<b>Thoroughfare/Street</b>	<b>Type</b>	<b>Proposed ROW</b>
University Boulevard	Community Collector	60'
Inwood Road	Principal Arterial	100'
Wateka Drive	Local Street	-
Robin Road	Local Street	-

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not have a significant impact on the surrounding roadway system. Staff will continue reviewing engineering plans at permitting to ensure compliance with city standards.

**Transit Access:**

The following transit services are located within ½ mile of the site:

None.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The forwardDallas 2.0! Comprehensive Plan was adopted by the City Council in September 2024. ForwardDallas 2.0 is a refreshed guide that takes into account how our City has evolved over the last two decades and how we should plan for what is on the horizon - from our continued economic growth to our long-term social vibrancy. ForwardDallas is a guidance plan; it is not a zoning document. This Comprehensive Plan outlines several goals and policies that can serve as a framework for assisting in evaluating the applicant's request.

The subject site is located within the Community Residential Placetype:

Community Residential areas primarily accommodate single-family detached and single-family attached housing, supported by uses such as agriculture, public and private open space, multiplexes, apartments, mixed-use, commercial, office, civic/institutional, and utility facilities. These neighborhoods form the backbone of Dallas' housing landscape, integrating parks, schools, and community services. The plan emphasizes protecting and

East	R-7.5(A), CD-10	Single family
------	-----------------	---------------

**Land Use Compatibility:**

The subject site is located within Planned Development District 814, Tracts I and II, and is currently developed with a general merchandise or food store use greater than 3,500 square feet and associated surface parking.

The surrounding area is primarily characterized by a mix of single-family, duplex, and multifamily residential uses. Properties to the north are zoned PD 67, Tract 4, TH-3(A), and MF-2(A) and include single-family, duplex, and multifamily residential uses. Properties to the west are zoned PD 67, Tract 4 and are developed with single-family uses. To the south, properties are zoned TH-2(A) and R-10(A) and include duplex and single-family uses. To the east, properties are zoned R-7.5(A) and CD-10 and are developed with single-family uses.

The request is limited to amendments to development standards related to parking lot lighting for Tracts I and II and does not propose changes to permitted uses, building intensity, or site layout. As such, the existing use of the site as a neighborhood-serving commercial development with associated parking will remain unchanged, and the request is not expected to alter its compatibility with the surrounding residential development pattern.

However, the proposed increase in lighting pole heights may raise potential concerns regarding light spillover into adjacent residential properties. As such, the proposed lighting standards should be carefully evaluated to ensure that impacts to nearby residential uses are minimized and that appropriate measures, such as shielding or downward-directed lighting, are incorporated to maintain compatibility.

**Development Standards:**

The request does not propose any changes to the underlying development standards or permitted land uses for the site. The property will continue to be developed and regulated as a general merchandise or food store use greater than 3,500 square feet, and those standards are already established and considered appropriate for the surrounding context. As such, development intensity, height, setbacks, and land use compatibility are effectively settled and are not a focus of this amendment, which is limited solely to modifications to the light regulations.

**Parking:**

Pursuant to the standards of Planned Development District 814, off-street parking and loading requirements are governed by Section 51P-814.109. For a general merchandise or food store greater than 3,500 square feet, a minimum of 185 off-street parking spaces

must be provided as shown on the development plan. For purposes of this section, Tracts I and II are considered one lot. For uses not specifically addressed, the off-street parking and loading requirements of Division 51A-4.200 of the Dallas Development Code apply.

The request does not propose any changes to the existing parking requirements, ratios, or layout. The proposed amendments are limited to modifications to development standards related to parking lot lighting, therefore, the existing parking provisions remain unchanged.

**Lighting:**

The purpose of the request is to amend the lighting standards in Planned Development District 814 to allow upgrades to parking lot lighting for Tract I and Tract II, and to establish revised lighting standards through a new exhibit.

Under the existing standards, lighting is generally limited to lower pole heights across the site. The proposed amendments differentiate between perimeter and interior lighting conditions and introduce increased flexibility for interior parking areas. Specifically, perimeter and Tract II lighting would be limited to a maximum pole height of 16 feet, while interior parking lot lighting within Tract I would be permitted to increase up to 20 feet in height, as shown on the site lighting exhibit B.

In addition, the revised standards require that all light fixtures be directed downward in accordance with the Dallas Development Code to minimize light spillover and maintain compatibility with surrounding residential uses.

**Landscaping:**

The amendment does not propose any changes to the existing landscaping regulations. Landscaping will continue to be governed by the established standards of PD 814.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is in an “B” MVA area.

Proposed Site Lighting Illustration, Exhibit 814 B

**Proposed PD Conditions  
ARTICLE 814.**

**PD 814.**

**SEC. 51P-814.101. LEGISLATIVE HISTORY.**

PD 814 was established by Ordinance No. 27770, passed by the Dallas City Council on December 9, 2009. (Ord. 27770)

**SEC. 51P-814.102. PROPERTY LOCATION AND SIZE.**

PD 814 is established on property generally bounded by University Boulevard, Inwood Road, Wateka Drive, and both sides of Robin Road. The size of PD 814 is approximately 2.91 acres. (Ord. 27770)

**SEC. 51P-814.103. DEFINITIONS AND INTERPRETATIONS.**

(a) Unless otherwise stated, the definitions and interpretations in Chapter 51A apply to this article. In this article TEMPORARY PHARMACY means a retail use that sells prescription and over-the-counter medication and related items while a general merchandise or food store greater than 3,500 square feet is under construction.

(b) Unless otherwise stated, all references to articles, divisions, or sections in this article are to articles, divisions, or sections in Chapter 51A.

(c) Tracts I and II are considered to be nonresidential zoning districts. Tracts IIIA and IIIB are considered to be residential zoning districts. (Ord. 27770)

**SEC. 51P-814.104. EXHIBITS.**

The following exhibits are incorporated into this article:

- (1) Exhibit 814A: development plan.
- (2) Exhibit 814B: site lighting illustration.
- (3) Exhibit 814C: landscape plan. (Ord. 27770)

**SEC. 51P-814.105. DEVELOPMENT PLAN.**

(a) Except as provided in this section, development and use of the Property must comply with the development plan (Exhibit 814A). If there is a conflict between the text of this article and the development plan, the text of this article controls.

(b) For a temporary pharmacy use, no development plan is required, and the provisions of Section 51A-4.702 regarding submission of or amendments to a development plan, site analysis plan, conceptual plan, development schedule, and landscape plan do not apply. (Ord. 27770)

**SEC. 51P-814.106. MAIN USES PERMITTED.**

The following uses are the only main uses permitted:

(1) Tract I.

- General merchandise or food store greater than 3,500 square feet. *[Limited to a food store].*
- Temporary pharmacy. *[Must be removed from the Property prior to a general merchandise or food store greater than 3,500 square feet opening for business.]*
- Financial institution without drive-in window. *[Must be located in a building housing a general merchandise or food store greater than 3,500 square feet. Cannot have a separate external entrance or exit from the general merchandise or food store greater than 3,500 square feet.]*

(2) Tract II.

- Surface parking.

(3) Tracts IIIA and IIIB. The only main uses permitted are those main uses permitted in the R-7.5(A) Single Family District, subject to the same conditions applicable in the R-7.5(A) Single Family District, as set out in Chapter 51A. For example, a use permitted in the R-7.5(A) Single Family District only by specific use permit (SUP) is permitted in this district only by SUP; a use subject to development impact review (DIR) in the R-7.5(A) Single Family District is subject to DIR in this district; etc. (Ord. 27770)

**SEC. 51P-814.107. ACCESSORY USES.**

(a) Except as provided in this section, accessory uses are not permitted.

- (b) Drug sales are permitted as an accessory use to the main use on Tract I. (Ord. 27770)

**SEC. 51P-814.108. YARD, LOT, AND SPACE REGULATIONS.**

(Note: The yard, lot, and space regulations in this section must be read together with the yard, lot, and space regulations in Division 51A-4.400. If there is a conflict between this section and Division 51A-4.400, this section controls.)

(a) In general. Except as provided in this section, the yard, lot and space regulations for the R-7.5(A) Single Family District apply.

(b) Front yard.

(1) Except as provided in this subsection, in Tract I, minimum front yard on University Boulevard is four feet.

(2) Except as provided in this subsection, in Tract I, minimum front yard on Inwood Road is 200 feet.

(3) Except as provided in this subsection, in Tract I, minimum front yard on Wateka Drive is four feet.

(4) Except as provided in this subsection, in Tract I, minimum front yard on Robin Road is nine feet.

(5) For a temporary pharmacy in Tract I, minimum front yard on University Boulevard is 30 feet.

(6) For a temporary pharmacy in Tract I, minimum front yard on Inwood Road is five feet.

(c) Floor area.

(1) In Tract I, maximum floor area is 42,203 square feet, of which a maximum 600 square feet is permitted for a financial institution without drive-in window.

(2) In Tract I, maximum floor area for a temporary pharmacy is 1,500 square feet.

(d) Height. In Tract I, maximum structure height is 28 feet, except that a parapet wall architectural feature along the eastern facade may extend to a maximum structure height of 32

feet.

(e) Lot coverage. In Tract I, maximum lot coverage is 41 percent. Aboveground parking structures are included in lot coverage calculations; surface parking lots and underground parking structures are not.

(f) Lot size. No minimum lot size.

(g) Stories. In Tract I, maximum number of stories above grade is one. (Ord. 27770)

**SEC. 51P-814.109. OFF-STREET PARKING AND LOADING.**

(a) Except as provided in this section, consult the use regulations in Division 51A-4.200 for the specific off-street parking and loading requirements for each use.

(b) For a general merchandise or food store greater than 3,500 square feet, 185 off-street parking spaces must be provided as shown on the development plan.

(c) For purposes of this section, Tracts I and II are considered one lot.

(d) Seven-and-one-half-foot-wide stalls may constitute more than 35 percent of the required parking and must be provided in the locations shown on the development plan. (Ord. 27770)

**SEC. 51P-814.110. LIGHTING.**

(a) Perimeter and Tract 2 light standards may not exceed a maximum pole height of 12 16 feet and maximum height to the bottom of the fixture of 10 feet, as shown on the site lighting illustration (Exhibit 814B).

(b) Interior Tract 1 parking lot light standards, located between the front façade and Inwood Road may not exceed a maximum pole height of 15 20feet and a maximum height to the bottom of the fixture of 13 feet, as shown on the site lighting illustration.

(c) Light standards must be erected in the locations shown on the development lighting plan (Exhibit 814B). Light fixtures must be pointed downward in addition to the requirements of 51A-4.301(e)(2)(C).

**SEC. 51P-814.111. ENVIRONMENTAL PERFORMANCE STANDARDS.**

See Article VI. (Ord. 27770)

**SEC. 51P-814.112. LANDSCAPING.**

(a) In general. Except as provided in this section, landscaping must be provided in accordance with Article X.

(b) General merchandise or food store greater than 3,500 square feet. Prior to the issuance of a certificate of occupancy for a general merchandise or food store greater than 3,500 square feet, landscaping must be provided as shown on the landscape plan (Exhibit 814C). If there is a conflict between the text of this article and the landscape plan, the text of this article controls.

(c) Temporary pharmacy. For a temporary pharmacy use, no landscape plan is required.

(d) Maintenance. Plant materials must be maintained in a healthy, growing condition.

(e) Private license granted.

(1) The city council hereby grants a revocable, non-exclusive license to the owners or tenants (with the written consent of the owner) of all property in this district for the exclusive purpose of authorizing compliance with the parkway landscaping requirements of this article. "Parkway" means the portion of a street right-of-way between the street curb and the lot line. An owner or tenant is not required to pay an initial or annual fee for this license, although a fee may be charged for issuance of a parkway landscape permit. This private license will not terminate at the end of any specific period, however, the city council reserves the right to terminate this license at will, by resolution passed by the city council, any time such termination becomes necessary. The determination by the city council of the need for termination is final and binding. The city shall become entitled to possession of the licensed area without giving any notice and without the necessity of legal proceedings to obtain possession when, in its judgment, the purpose or use of the license is inconsistent with the public use of the right-of-way or when the purpose or use of the license is likely to become a nuisance or a threat to public safety. Upon termination of the license by the city council, each owner or tenant shall remove all improvements and installations in the public rights-of-way to the satisfaction of the director of public works and transportation.

(2) An owner or tenant is not required to comply with any landscaping requirement to the extent that compliance is made impossible due to the city council's revocation of the private license granted by this subsection.

(3) Upon the installation of landscaping and related amenities, such as irrigation systems, in the public rights-of-way, the owner or tenant shall procure, pay for, and keep in full force and effect commercial general liability insurance coverage with an insurance company authorized to do business in the State of Texas and otherwise acceptable to the city, covering, but not limited to, the liability assumed under the private license granted under this subsection, with combined single limits of liability for bodily injury and property damage of not less than \$1,000,000 for each occurrence, and \$2,000,000 annual aggregate. Coverage under this liability policy must be on an occurrence basis and the city shall be named as additional insured. Proof of such insurance must be sent to: Office of Risk Management, City of Dallas, 1500 Marilla, Dallas, Texas 75201, and the policy must provide for 30 days prior written notice to the Office of Risk Management of cancellation, expiration, non-renewal or material change in coverage. All subrogation rights for loss or damage against the city are hereby waived to the extent that they are covered by this liability insurance policy.

(4) Each owner or tenant is responsible for maintaining the landscaping in a healthy, growing condition, for keeping related amenities in good repair and condition, and for keeping the premises safe and from deteriorating in value or condition, at no expense to the city. The city is absolutely exempt from any requirements to make repairs or to maintain the landscaping, related amenities, or the premises. The granting of a license for landscaping and related amenities under this subsection does not release the owner or tenant from liability for the installation or maintenance of trees, landscaping, and related amenities in the public right-of-way.

(f) Parkway landscape permit.

(1) It is the responsibility of the property owner to apply for and obtain a parkway landscape permit before locating trees, landscaping, or related amenities in the parkway. An application for a parkway landscape permit must be made to the building official. The application must be in writing on a form approved by the building official and accompanied by plans or drawings showing the area of the parkway affected and the planting or other amenities proposed.

(2) Upon receipt of the application and any required fees, the building official shall circulate it to all affected city departments and utilities for review and comment. If, after receiving comments from affected city departments and utilities, the building official determines that the construction, planting, or other amenities proposed will not be inconsistent with and will not unreasonably impair the public use of the right-of-way, the building official shall issue a parkway landscape permit to the property owner; otherwise, the building official shall deny the permit.

(3) A property owner is not required to comply with any parkway landscaping requirement of this article if compliance is made impossible due to the building official's denial of a parkway landscape permit.

(4) A parkway landscape permit issued by the building official is subject to

immediate revocation upon written notice if at any time the building official determines that the use of the parkway authorized by the permit is inconsistent with or unreasonably impairs the public use of the right- of-way. The property owner is not required to comply with any parkway landscaping requirement of this section if compliance is made impossible due to the building official's revocation of a parkway landscape permit.

(5) The issuance of a parkway landscape permit under this subsection does not excuse the property owner, his agents, or employees from liability for the installation or maintenance of trees or other amenities in the public right-of-way. (Ord. 27770)

**SEC. 51P-814.113. SIGNS.**

(a) Except as provided in this section, signs must comply with the provisions for non- business zoning districts in Article VII.

(b) In Tract I, a maximum of five attached signs are permitted on the eastern facade of the main structure. The maximum effective area is:

- (1) One sign with a maximum of 52 square feet of effective area.
- (2) One sign with a maximum of 50 square feet of effective area.
- (3) One sign with a maximum of 250 square feet of effective area.
- (4) One sign with a maximum of 70 square feet of effective area.
- (5) One sign with a maximum of 25 square feet of effective area.

(c) Detached signs are prohibited.

(d) Signage is prohibited on any fenestration. (Ord. 27770)

**SEC. 51P-814.114. ADDITIONAL PROVISIONS.**

(a) The Property must be properly maintained in a state of good repair and neat appearance.

(b) Development and use of the Property must comply with all federal and state laws and regulations, and with all ordinances, rules, and regulations of the city.

(c) Deliveries for the general merchandise or food store greater than 3,500 square feet are only permitted between 6:00 a.m. and 9:00 p.m., Monday through Sunday. (Ord. 27770)

**SEC. 51P-814.115. COMPLIANCE WITH CONDITIONS.**

(a) All paved areas, permanent drives, streets, and drainage structures, if any, must be constructed in accordance with standard city specifications, and completed to the satisfaction of the director of public works and transportation.

(b) The building official shall not issue a building permit to authorize work, or a certificate of occupancy to authorize the operation of a use, until there has been full compliance with this article, the Dallas Development Code, the construction codes, and all other ordinances, rules, and regulations of the city. (Ord. 27770)

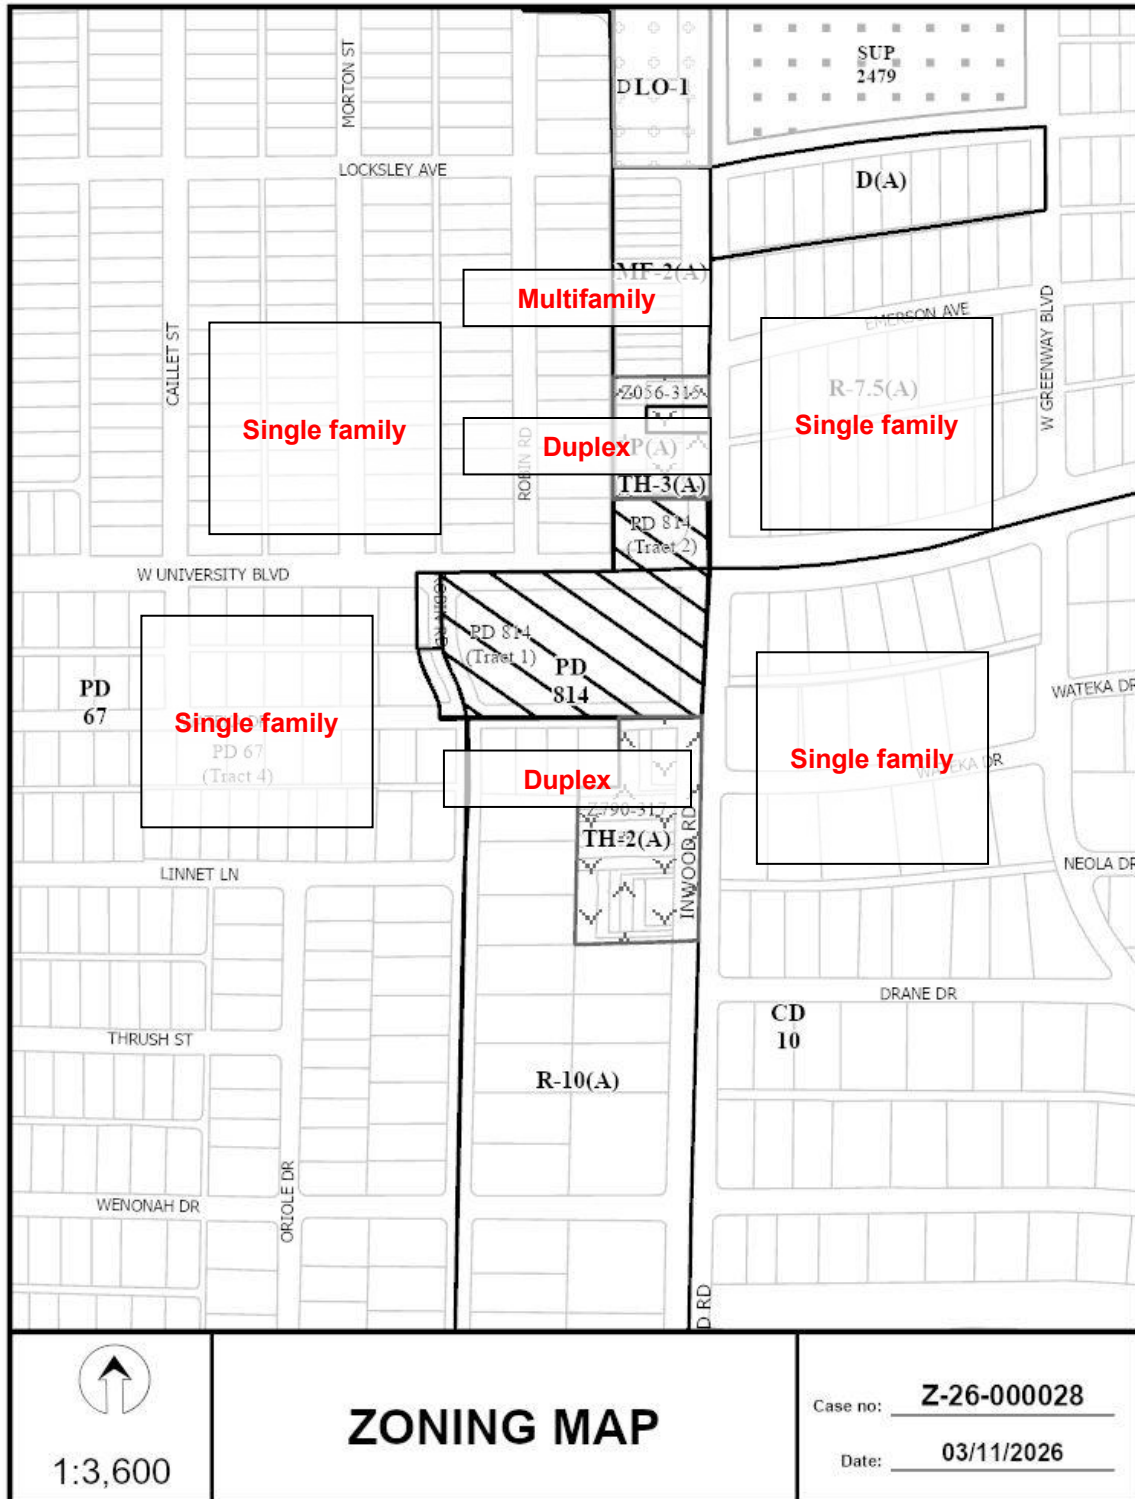

**~~SEC. 51P 814.116. ZONING MAP.~~**

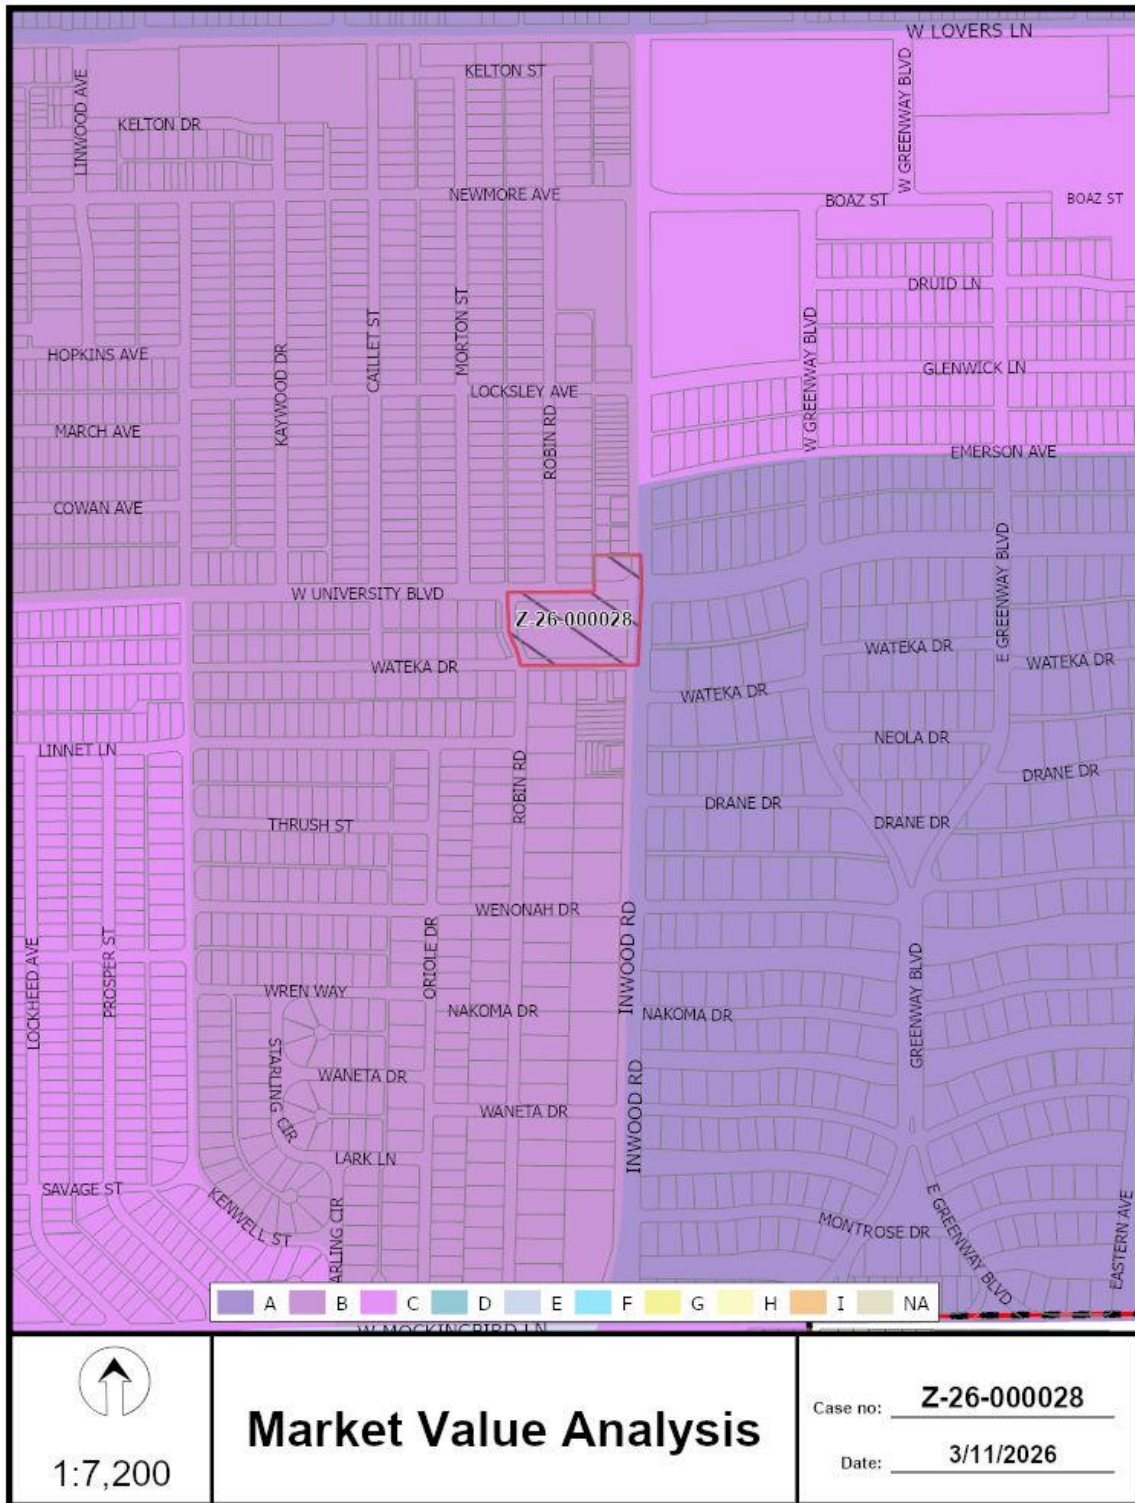

~~PD 814 is located on Zoning Map Nos. G-6 and G-7. (Ord. 27770)~~
