The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006, outlining several goals and policies which serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Land Use:

	Zoning	Land Use
Site	PD No. 366 Subarea 1, D-1	Retail, office
North	PD No. 366 Subarea 1, D-1	Retail, office
East	PD No. 366 Subarea 1, D-1	Retail, office
South	PD No. 366 Subarea 1A, D-1, with SUP No. 1941	Retail, office
West	CR Community Retail District, D-1	undeveloped

Land Use Compatibility:

The property is developed as a portion of a larger property that is developed with a shopping center. The request site is a multi-tenant building, and one suite is occupied with a restaurant use. This Specific Use Permit request is to allow for the restaurant to sell alcohol in a D-1 Liquor Control Overlay. The underlying zoning is PDD No. 366 Subarea 1.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request because the use is not foreseen to be detrimental to surrounding properties. Staff finds the proposed time limit of five years with eligibility for automatic renewal for additional five-year periods inappropriate for this site and

recommends a two-year period with no autorenewal as it reflects and is consistent with other similar recent SUP requests in the immediate surrounding area.

Landscaping:

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

Pursuant to the Dallas Development Code, the off-street parking requirement for a restaurant without drive-in or drive-through service is one space per 100 square feet of floor area. The 2,500-square-foot restaurant space will require a minimum of 25 parking spaces. Per the proposed site plan, the site provides 25 parking spaces.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is not currently within an MVA cluster. To the West are "E" MVA clusters. To the Southwest are both "E" and "F" MVA clusters. To the South, Southeast and East are "F" MVA clusters.
